A. Hoskins, 1921-01-01 In the 21st Century America's first president seems as frozen in time as his marble busts What was it that made George Washington first in the hearts of his contemporaries Here in the diaries from the last years of his life you get a glimpse at Washington the man He was a plantation owner a slave holder a national hero that everyone wanted to meet a traveler a host and a man always concerned with finances You see all of that here in his own words written for himself For the first time this long out of print volume is available as an affordable well formatted book for e readers tablets and smartphones Be sure to LOOK INSIDE by clicking the cover above or download a sample **The World Almanac and Book of Facts**, 1914 Lists news events population figures and miscellaneous data of an historic economic scientific and social nature **The World Almanac and Encyclopedia**, 1902 **World Almanac and Encyclopedia**, 1895 **Professional Pathways to the Presidency** T. Marchant-Shapiro, 2015-12-05 Presidential hopefuls frequently claim they are qualified because their job experience is the same as a great president However they ignore the failed presidents who shared the same pathway This book evaluates all the presidents systematically to determine how prior professional experience influences presidential performance [Presidential Sheet Music](#) Danny O. Crew, 2001-01-01 Political historians have traditionally interpreted the people and events of each presidential era by studying books periodicals letters diaries and speeches One source of printed material that has not received much scholarly attention is published music much of which has been all but lost in the archives of libraries and museums These two volumes of Presidential Sheet Music present an exhaustive listing of presidential related music in all printed forms with information on each piece **Congressional Record** United States. Congress, 1973 **Presidents of the United States** James Sayler, 2002 While America's presidents hold great sway and command much attention during their terms of office the measure of their historical impact often comes from what they write The papers produced by each commander in chief helps to determine how history will remember him since the writings provide first hand accounts of the presidency Mirroring the personality of the president these writings vary from the pedestrian to the prolific Little of note remains from the tenure of Zachary Taylor

while the products of the Nixon era continue to spark national debate This book gives a listing of the major pieces of literature produced by each president as well as an overview of researching presidential records In providing an introductory bibliography the book becomes an excellent starting point for anyone researching the presidency in general or a president in particular **Washington Public Documents** Washington (State),1916
