Preventive Care For Elderly People:

Preventive Care for Elderly People David C. Kennie,1993-10-28 This book examines the concepts of preventive care and health promotion specifically in the context of the elderly It adopts a broad concept of health and defines a number of goals around this theme Thereafter it provides a succinct up to the minute critique of the worth risks and costs of preventive care and health promotional strategies for older people A broad range of such strategies are considered including cancer prevention the prevention of non cancer health problems and strategies aimed at enhancing functional status and strengthening the social support network Principles for tailoring these strategies to the varied needs and wishes of elderly people are outlined Likewise practical measures are discussed for integrating these preventive strategies into the existing health care system In particular the role of screening case finding and targeting strategies in primary care are reviewed in detail The book concludes with a wider look at the cost implications of preventive care for the purchasers of health and health care services
