Prey Into Hunter The Politics Of Religious Experience:

Prey Into Hunter Maurice Bloch,1992 In this book Maurice Bloch synthesises a radical theory of religion **Ritual and Religious Experience in Early Christianities** David John McCollough,2022-09-19 In this volume David John McCollough challenges the common assumptions that Paul thought the Spirit was communicated through water baptism that justification was non experiential and unrelated to ritual that Luke was incoherent or a poor editor and that water baptism was the cardinal initiation rite among early Christianities [Encyclopedia of Global Religion](#) Mark Juergensmeyer,Wade Clark Roof,2012 Presents entries A to L of a two volume encyclopedia discussing religion around the globe including biographies concepts and theories places social issues movements texts and traditions **Meeting Jesus at University** Edward Dutton,2016-12-05 How does university turn students into who they become Why are student evangelicals such a significant and controversial force at so many universities In many countries university has become the main Rite of Passage between the child and adult worlds University can be enjoyable and fascinating but also life changing and traumatic And at the exact time when a student s identity is the most challenged and uncertain student evangelical groups are highly organised on many university campuses to offer students a powerful identity so that the world makes sense once again For some these groups will protect them from the university s assault on their faith For others they will challenge and even change who they are **Meeting Jesus at University** explores universities in six countries Drawing upon detailed fieldwork it examines the largest student evangelical group at each university in order to understand in depth the relationship between the student evangelical group and the university which it aims to convert **Meeting Jesus at University** offers an original contribution to the discussion of Rites of Passage examining what is experienced at university and how university breaks down and remoulds young people It explores why student evangelicals are so active particularly at Britain and America s most prestigious and identity challenging institutions meaning that students at these places are the most likely to find themselves meeting Jesus at university **Living with Separation in China** Charles Stafford,2003-09-02 First Published in 2004 Routledge is an imprint of Taylor Francis an informa company [Indian Asceticism](#) Carl Olson,2015-03-03 Using religio philosophical discourses and narratives from epic puranic and hagiographical literature **Indian Asceticism** focuses on the powers exhibited by ascetics of India from ancient to modern time [Tantra, Ritual Performance, and Politics in Nepal and Kerala](#) Matthew Martin,2020-08-10 In previous studies of South Asian Tantric ritual scholars tend to focus on one region or context For the first time **Tantra Ritual Performance and Politics in Nepal and Kerala** Embodying the Goddess clan offers a comparative approach to Tantric mediumship as observed in two locales Navadurg rituals in Bhaktapur Nepal and Teyy am in North Kerala In this book Matthew Martin advances a new theory of ritual which spotlights the way dancer mediums embody medieval goddess clans and ancestor deities through offerings of food and sacrifice that synchronize their denizens with the land in spiralling web like ritual networks Uniquely interdisciplinary in style this study synthesizes cultural history

ethnography and theory to explore the continuities historical societal and political that characterize these ritual traditions across the subcontinent **Hunting and the Politics of Violence Before the English Civil War** Daniel C.

Beaver,2008-04-24 This book is a study of English forests and hunting in early modern England **Art, Aesthetics and International Justice** Marina Aksenova,2025-03-31 This book demonstrates that art is implicit in the process of administration of international justice The diverse nature of recent global threats as well as an overwhelming pull towards isolationism and nationalism challenge the dominant deterrence paradigm of international governance created in the aftermath of the Second World War An alternative model is to focus on cooperation and not deterrence as a guiding operational principle This volume focuses on the theoretical component linking justice with aesthetics as well as on the practical manifestation of such connection evident inter alia in the rhetoric of international courts their architectural design and their commemorative practices expressed by the practice of symbolic reparations adopted by some of the courts The underlying premise of the book is that international justice requires new vocabulary and new approaches which can be derived from the study of aesthetics It is held that exploring the aesthetical dimension of international justice contributes to the discussion on the foundations of its authority and the grounds for compliance with it The work engages deeply with the theory of aesthetics developed by Immanuel Kant and Abhinavagupta a Kashmiri critic philosopher and scholar writing in the early eleventh century The book will be of interest to academics and researchers working in the areas of Legal Philosophy International Criminal Justice and International Law and International Relations **Questions of Anthropology** Rita Astuti,Jonathan Parry,Charles Stafford,2020-06-08 Anthropology today seems to shy away from the big comparative questions that ordinary people in many societies find compelling Questions of Anthropology brings these issues back to the centre of anthropological concerns Individual essays explore birth death and sexuality puzzles about the relationship between science and religion questions about the nature of ritual work political leadership and genocide and our personal fears and desires from the quest to control the future and to find one s true identity to the fear of being alone Each essay starts with a question posed by individual ethnographic experience and then goes on to frame this question in a broader comparative context Written in an engaging and accessible style Questions of Anthropology presents an exciting introduction to the purpose and value of Anthropology today
