- In 1948, the U.S. and most countries in Latin America formed the **Organization of American States (OAS)**. The goal of OAS is mutual defense and the peaceful settlement disputes among member countries.
- **NATO (North Atlantic Treaty Organization)** is perhaps the most important security alliance formed by the U.S. and its allies. In 1949, they wanted to establish a united front against aggression by the Soviet Union and its communist allies. Now countries aid the organization in military expenses and peacekeeping operations

Ramcharan, 2015-01-27 This book has emerged out of the author's experience as Director of an innovative peacemaking peacekeeping and humanitarian initiative the International Conference on the Former Yugoslavia between 1992 and 1996 What was striking about this conference was the experiment of two full time Co Chairmen one from the United Nations and one from the European Union who laboured tirelessly for peace in different parts of the former Yugoslavia for three and a half years The strategies and organization of the conference had to be pieced together from the start by the Co Chairmen and their colleagues only in retrospect could the question whether there might have been experiences of international peace conferences that might have been useful at the beginning of this process be reviewed This research is contained in Part One of this book which offers a review of the role of international peace conferences in history Part Two contains a case study of
