

Regional Integration

Regional integration initiatives, according to Van Langenhove, should fulfil at least eight important functions:

- the strengthening of trade integration in the region
- the creation of an appropriate enabling environment for private sector development
- the development of infrastructure programmes in support of economic growth and regional integration
- the development of strong public sector institutions and good governance;
- the reduction of social exclusion and the development of an inclusive civil society
- contribution to peace and security in the region
- the building of environment programmes at the regional level
- the strengthening of the region's interaction with other regions of the world

Regional Integration And Development:

Regional Integration and Development Maurice W. Schiff, L. Alan Winters, 2003 This text examines regionalism from the perspective of developing countries It presents a comprehensive account of existing theory and empirical results and incorporates the findings of formal analyses of the politics and dynamics of regionalism

Regional Integration Among Developing Countries Rolf J. Langhammer, Ulrich Hiemenz, 1990 Regional Integration and Developing Countries Robert Christopher York, Organisation for Economic Co-operation and Development, 1993

Governing Regional Integration for Development Antoni Estevadeordal, 2016-04-22 Developing countries have joined the rapidly growing global system of regional trade agreements RTAs over the past years The drive towards regional integration has advanced with the formation of new markets and groups in Latin America Africa Asia the Middle East and Oceania with few developing countries remaining outside these regional schemes This volume looks at how getting governance right is a central element for successful RTA implementation taking stock of the quality and effectiveness of the monitoring of development country RTAs around the world Organized by the main world regions and primarily focusing on developing country RTAs the book also includes two case studies focused on monitoring in developed country regional agreements by way of comparison The contributors operationalize governance in the context of RTA implementation with a more narrow and technical term of monitoring and provide eight important lessons for assessing monitoring around the world

Economic Integration and Development Mordechai Elihu Kreinin, Michael G. Plummer, 2002 Questions related to the economics of regionalism became increasingly important beginning in the late 1980s when regional groupings started to become very popular as a tool of commercial policy The goal of this book is to address the question of whether or not regionalism in developed countries has truly benefited developing countries and to what degree regionalism among developing countries and between developed and developing countries will improve economic development prospects Mordechai Kreinin and Michael Plummer consider the implications of the emerging global trend of economic regionalism for developing countries The analysis focuses on the trade and investment effects of integration in developed countries on developing countries as well as the ramifications of regional integration in the latter After an extensive review of the theoretical and empirical literature pertinent to the economics of regionalism the book considers the ex post trade and direct foreign investment effects of the Single Market Program in Europe and NAFTA followed by chapters on ASEAN and economic integration in Latin America primarily MERCOSUR The study suggests three salient conclusions First in designing preferential trading arrangements developed countries should recognize and attempt to minimize the possible discriminating effect on developing countries Second the developing countries have an abiding interest in the success of WTO negotiations that would minimize the discrimination against them of regional groupings in Europe and North America And third any customs unions or free trade areas among the developing countries themselves should be outward looking if they are to enhance the welfare of developing countries

Economists and policy scholars as well as readers interested in regionalism and economic development will find this book a great resource

Regional Integration and Economic Development N. Saavedra-Rivano, A. Hosono, B. Stallings, 2001-09-06 Regional integration seems to be thriving everywhere as the examples of the Association of South East Asian Nations ASEAN the North Atlantic Free Trade Area NAFTA and the Southern Common Market will illustrate More ambitious schemes such as Asian Pacific Economic Cooperation APEC and those for Western hemispheric integration are also underway How do these trends for integration relate to national development strategies The contributors to this volume provide new insights into these developments as well as assessing the prospects for further integration

Regional Integration, Economic Development and Global Governance Ulrich Volz, 2011 This book explores a central issue of the world economy today the role of regional integration for economic development and global governance The importance of this issue comes from the fact that the globalisation process that we have been experiencing in recent decades is also a process of open regionalism To what extent does this process contribute to development The reader will find many interesting answers to this question in the book which is an outstanding contribution to this debate I welcome its publication and look forward to its influence on global debates on the relations between regional integration development and global governance From the foreword by Jos Antonio Ocampo Columbia University US The contributors expertly provide a comparative perspective on regional integration in different regions of the world while at the same time analysing the various facets of integration relating to trade FDI finance and monetary policies They provide a comprehensive treatment of the subject and offer new perspectives on the potential developmental effects of regional integration and the implications of regional integration for global economic governance Whilst highlighting and illustrating the potential benefits deriving from regional economic integration the book also stresses the problems and challenges regional integration processes are usually confronted with

Regional Integration Among Developing Countries, Revisited András Inotai, 1991 The formation of new powerful economic and trading blocs and the transition to market economies in Central and perhaps Eastern Europe has fostered a trend toward new regionalism in the world economy which the virtual failure of the GATT negotiations may speed up To minimize economic losses and avoid marginalization regional groups of developing countries must increasingly work out common positions and join one of the influential groups

Regional Integration Altaf Gauhar, 1985

Competition Policy and Regional Integration in Developing Countries Josef Drexler, 2012-01-01 This wonderful volume offers a timely and important look at competition policy where it is changing the most developing countries pursuing regional agreements It provides superb analytical discussions of the impact of regional competition policy integration why developing states have pursued this strategy and the extent to which it is meeting their needs the editors have assembled a superb roster of experts so it is not a surprise that the book recommendations are insightful and deserving of attention from policy makers Andrew Guzman Berkeley Law School US This book presents a detailed study of the interface between regional integration and

competition policies of selected regional trade agreements RTAs and the potential of regional competition laws to help developing countries achieve their development goals the book provides insights on the regional integration experiences in developing countries their potential for development and the role of competition law and policy in the process Moreover the book emphasizes the development dimension both of regional competition policies and of competition law This timely book delivers concrete proposals that will help to unleash the potential of regional integration and regional competition policies and also help developing countries to fully enjoy the benefits deriving from a regional market Bringing together analysis from well known scholars in the developed world with practical insight from scholars in countries hoping to exploit the potential of competition law this book will appeal to academics working in the field of competition law practitioners policy makers and officials from developing countries as well as those in development organizations such as UNCTAD
