Regions Of Memory Uncollected Prose 1949 82:

Regions of Memory William Stanley Merwin, Ed Folsom, 1987 **Reading W.S. Merwin in a New Century** Cheri Colby Langdell, 2023-01-01 This edited collection explores the work of highly awarded and twice American Poet Laureate W S Merwin Spanning Merwin s early career his mid career success his Hawaiian epic his eco poetry his lesser known later poetry and the influence of Buddhism on his work the volume offers new perspectives on Merwin as a major poet Exploring his works across the twentieth and twenty first century this collection presents Merwin as a necessary and contemporary poet It emphasizes contemporary readings of Merwin as an environmental advocate showing how his poetry seeks to help each reader re establish an intimate relationship with the natural world It also highlights how Merwin s work presents our place in history as a pivotal moment of transition into a new era of international cooperation This volume both celebrates his life and writing and takes scholarship on his work forward into the new century Zoopoetics Aaron M. Moe, 2013-12-19 Zoopoetics assumes Aristotle was right The general origin of poetry resides in part in the instinct to imitate But it is an innovative imitation An exploration of the oeuvres of Walt Whitman E E Cummings W S Merwin and Brenda Hillman reveals the many places where an imitation of another species poiesis Greek makings contributes to breakthroughs in poetic form However humans are not the only imitators in the animal kingdom Other species too achieve breakthroughs in their makings through an attentiveness to the ways of being of other animals For this reason mimic octopi elephants beluga whales and many other species join the exploration of what zoopoetics encompasses Zoopoetics provides further traction for people interested in the possibilities when and where species meet Gestures are paramount to zoopoetics Through the interplay of gestures the human animal textual spheres merge making it possible to recognize how actual biological animals impact the material makings of poetry Moreover as many species are makers zoopoetics expands the poetic tradition to include nonhuman poiesis **Understanding W.S. Merwin** H. L. Hix, 1997 Elucidates the unique voice of a Pulitzer Prize winning poet *Modernism's Other Work* Lisa Siraganian, 2015 Modernism s Other Work challenges our view of relationships between aesthetic autonomy and the world of daily life a conjuncture that Lisa Siraganian demonstrates has often been misunderstood in critical studies of modernism Connecting poetry to the visual arts and politics the author provides new ways to think about modernist art s relationship **Cary Nelson and the Struggle for the University** Michael Rothberg, Peter K. Garrett, 2009-01-08 Scholars engage the ideas and legacy of Cary Nelson in conversations about the corporate university teaching poetry and activism **A Study Guide for W. S. Merwin's "Leviathan"** Gale, Cengage Learning, 2015-03-13 A Study Guide for W S Merwin s Leviathan excerpted from Gale s acclaimed Poetry for Students This concise study guide includes plot summary character analysis author biography study questions historical context suggestions for further reading and much more For any literature project trust Poetry for Students for all of your research needs *Conversations with W. S. Merwin* Michael Wutz, Hal Crimmel, 2015-05-21 Conversations with W S Merwin is the

first collection of interviews with former United States Poet Laureate W S Merwin b 1927 Spanning almost six decades of conversations the collection touches on such topics as Merwin s early influences Robert Graves and Ezra Pound his location within the twin poles of Walt Whitman and Henry David Thoreau and his extraordinary work as a translator as well as his decades long interest in environmental conservation Anticipating the current sustainability movement and the debates surrounding major and minor literatures Merwin was and still is a visionary He is among the most distinguished poets translators and thinkers in the United States A major link between the period of literary modernism and its contemporary extensions Merwin has been a force in American letters for many decades and his translations from the Spanish French Italian Japanese and other languages have earned him unanimous praise and admiration Merwin also wrote at the forefront of literature s environmental advocacy and early on articulated concerns about ecology and sustainability Conversations with W S Merwin offers insight into the various dimensions of Merwin s thought by treating his interviews as a self standing category in his oeuvre More than casual narratives that interpret the occasional poem or relay an occasional experience they afford literary and cultural historians a view into the larger throughlines of Merwin s thinking

W. S. Merwin Cary Nelson, Ed Folsom, 1987 Ecocriticism and the Poiesis of Form Aaron Moe, 2019-02-14 Ecocriticism and the Poiesis of Form Holding on to Proteus demonstrates how a fractal imagination helps one hold the form of a poem within the reaches of Deep Time and it explores the kinship between the hazy liminal moment when Sound becomes Syllable and the hazy liminal moment when the sage energy of the Atom made a leap toward the gaze of the first cell to echo Merwin Moe distills his methodology as follows My work I point asserted the aphorism That s what I do To point the project integrates a wide range of interdisciplinary ideas including biosemiotics fractals phi trauma theory the Mandelbrot Set hyperobjects meditative chants Goethe s morphology Ramanujan s summation a spiderweb s sonic properties and Thoreau s sense of the plant like burgeoning force of an Atom in order to open up multiple trajectories In this context the volume foregrounds the insights of poets storytellers including Hillman Snyder Anzald a EEC okpik Whitman Dickinson Gladding Melville Morrison and Toomer for they are most attentive to that liminal moment when the vibratory hum in language and in the cosmos turns kinetic As this volume draws on a wide range of writers from many backgrounds it allows the myriad voices to engage with one another across differences in race gender and ethnicity These writers show us how to echo Dickinson the Freight Of a delivered Syllable can split and how the energy unleashed came from and points us back toward the energy un making the forms of Gaia The starting point for discussing the energy of a poem can no longer begin with the human rather Holding on explores how the poem s energy is but a sliver of a hyperobject massively distributed throughout the cosmos a sage energy that brings forth form
