Regions Of The Imagination The Development Of British Rural Fiction:

Regions of the Imagination W. J. Keith, 1988 British Short Fiction in the Early Nineteenth Century Tim

Killick, 2016-05-23 In spite of the importance of the idea of the tale within Romantic era literature short fiction of the period has received little attention from critics Contextualizing British short fiction within the broader framework of early nineteenth century print culture Tim Killick argues that authors and publishers sought to present short fiction in book length volumes as a way of competing with the novel as a legitimate and prestigious genre Beginning with an overview of the development of short fiction through the late eighteenth century and analysis of the publishing conditions for the genre including its appearance in magazines and annuals Killick shows how Washington Irving's hugely popular collections set the stage for British writers Subsequent chapters consider the stories and sketches of writers as diverse as Mary Russell Mitford and James Hogg as well as didactic short fiction by authors such as Hannah More Maria Edgeworth and Amelia Opie His book makes a convincing case for the evolution of short fiction into a self conscious intentionally modern form with its own techniques and imperatives separate from those of the novel **The Cambridge Companion to British Literature of the**

1930s James Smith, 2019-12-19 The 1930s is frequently seen as a unique moment in British literary history a decade where writing was shaped by an intense series of political events aesthetic debates and emerging literary networks Yet what is contained under the rubric of 1930s writing has been the subject of competing claims and therefore this Companion offers the reader an incisive survey covering the decade's literature and its status in critical debates Across the chapters sustained attention is given to writers of growing scholarly interest to pivotal authors of the period such as Auden Orwell and Woolf to the development of key literary forms and themes and to the relationship between this literature and the decade's pressing social and political contexts Through this the reader will gain new insight into 1930s literary history and an understanding of many of the critical debates that have marked the study of this unique literary era **A Companion to the Victorian**

Novel Patrick Brantlinger, William Thesing, 2008-04-15 The Companion to the Victorian Novel provides contextual and critical information about the entire range of British fiction published between 1837 and 1901 Provides contextual and critical information about the entire range of British fiction published during the Victorian period Explains issues such as Victorian religions class structure and Darwinism to those who are unfamiliar with them Comprises original accessible chapters written by renowned and emerging scholars in the field of Victorian studies Ideal for students and researchers seeking up to the minute coverage of contexts and trends or as a starting point for a survey course *The Regional Novel in Britain and Ireland* K. D. M. Snell, 1998-12-10 The Regional Novel In Britain and Ireland 1800 1990 will be of interest to literary and social historians as well as cultural critics **Encyclopedia of British Women's Writing 1900-1950** Ashlie

Sponenberg, 2015-12-23 This study provides a comprehensive and wide ranging resource which includes information on many previously neglected British women writers novelists poets dramatists autobiographers and topics It provides contextualizing

material with concise introductions to related topics including organizations movements genres and publications **The Complete Critical Guide to Thomas Hardy** Geoffrey Harvey,2003 Thomas Hardy was the foremost novelist of his time as well as an established poet This guide provides students with a lucid introduction to Hardy s life and works and the basis for a sound comprehension of his work *A Companion to the Regional Literatures of America* Charles L. Crow,2008-04-15 The Blackwell Companion to American Regional Literature is the most comprehensive resource yet published for study of this popular field The most inclusive survey yet published of American regional literature Represents a wide variety of theoretical and historical approaches Surveys the literature of specific regions from California to New England and from Alaska to Hawaii Discusses authors and groups who have been important in defining regional American literature *The Literary Tourist* N. Watson,2006-10-10 This original witty illustrated study offers the first analytical history of the rise and development of literary tourism in nineteenth century Britain associated with authors from Shakespeare Gray Keats Burns and Scott the Bront sisters and Thomas Hardy Invaluable for the student of travel and literature of the nineteenth century Trial by Ordeal Edward Neill,1999 Trial by Ordeal takes a sharp look at central aspects of the critical reception of Thomas Hardy It demonstrates how critical appropriations of Hardy s work often provide a simplifying conventional or conservative image of the writer which a sophisticated view of his creative intentions by no means confirms Edward Neill discusses the dangers inherent in interpreting Hardy s writings in terms of his life the limitations of criticism that views his work as nostalgic reaction approaches to the poetry and the critical response to Jude the Obscure
