

Reign Of Charles Ii

Kenneth Harold Dobson Haley

Reign Of Charles II:

England in the Reign of Charles II David Ogg, 1955 The Reigns of Charles II and James VII & II Lionel K.J.

Glasse, 1997-03-10 British history in the period from the restoration of 1660 to the revolution of 1688 no less than in other periods has been subject to revisionism This volume examines and analyses some of the challenging new theories relating to politics society religion and culture that have attracted attention in recent years It provides both a wide ranging survey of the principal themes of the post restoration era and a series of insights derived from the detailed research of individual contributors

Restoration England John Miller, 1985

Charles the Second, King of England, Scotland, and Ireland

Ronald Hutton, 1989 In Charles II Ronald Hutton Britain's foremost historian of the English Restoration offers a comprehensive biography of the king who returned to England in triumph after the death of Cromwell re-establishing the monarchy that continues to reign to this day Hutton reveals the excitement and tragedy of Charles's youth as the realm erupted into savage civil war leading to the execution of his father King Charles I at the hands of the rebellious Parliament He offers a vivid account of Charles's long desperate struggle to claim his crown which included the catastrophic invasion of Cromwell's England that ended in a lonely flight as he hid in orchards ditches and the famous Boscombe Oak Yet Charles persevered and was finally recalled from exile by an exhausted nation in 1660 Charles emerges in this narrative as a monarch in a masquerade a charming duplicitous and astonishingly lucky king who spent less time governing than he did at play when he wasn't hunting racing or sailing he was with one of a series of mistresses he acknowledged seventeen bastards during his lifetime His reign endured catastrophe and unrest from the plague and the Great Fire of London to defeat at the hands of the Dutch to Protestant hysteria about a Catholic plot to seize the throne to the disastrous results of his own secret diplomacy But Charles in his good fortune survived it all and this lively eminently readable book presents an unmatched account of the private life and dramatic public career of a fascinating and enduring king while capturing the politics and personalities of a momentous era

Politics in the Reign of Charles II Kenneth Harold Dobson Haley, 1985-01-01

Charles II Jacob Abbott, 2017-05-17 KING CHARLES THE SECOND was the son and successor of King Charles the First These two are the only kings of the name of Charles that have appeared thus far in the line of English sovereigns Nor is it very probable that there will soon be another The reigns of both these monarchs were stained and tarnished with many vices and crimes and darkened by national disasters of every kind and the name is thus connected with so many painful associations in the minds of men that it seems to have been dropped by common consent in all branches of the royal family The reign of Charles the First as will be seen by the history of his life in this series was characterized by a long and obstinate contest between the king and the people which brought on at last a civil war in which the king was defeated and taken prisoner and in the end beheaded on a block before one of his own palaces During the last stages of this terrible contest and before Charles was himself taken prisoner he was as it were a fugitive and an outlaw in his own dominions His wife and

family were scattered in various foreign lands his cities and castles were in the hands of his enemies and his oldest son the prince Charles was the object of special hostility The prince incurred therefore a great many dangers and suffered many heavy calamities in his early years He lived to see these calamities pass away and after they were gone he enjoyed so far as his own personal safety and welfare were concerned a tranquil and prosperous life The storm however of trial and suffering which enveloped the evening of his father s days darkened the morning of his own The life of Charles the First was a river rising gently from quiet springs in a scene of verdure and sunshine and flowing gradually into rugged and gloomy regions where at last it falls into a terrific abyss enveloped in darkness and storms That of Charles the Second on the other hand rising in the wild and rugged mountains where the parent stream was engulfed commences its course by leaping frightfully from precipice to precipice with turbid and foaming waters but emerges at last into a smooth and smiling land and flows through it prosperously to the sea

The Secret History of the Court and Reign of Charles II. Charles MacCormick,1792 **The Standard History of the World** Israel Smith Clare,1928 Calendar of State Papers Great Britain. Public Record Office,1899 **After the Civil Wars** John Miller,2000 It is often argued that the political and religious fissures created by the wars divided English society irrevocably as demonstrated by the later bitter conflict between the Whig and Tory parties In this first study of Restoration England from the point of view of both rulers and the ruled John Miller argues that although there was political conflict Charles II s reign was not a continuation of the divisions of the civil wars

This Enthralling World of E-book Books: A Thorough Guide Revealing the Pros of E-book Books: A World of Convenience and Flexibility E-book books, with their inherent mobility and ease of access, have liberated readers from the limitations of physical books.
