Cooney, Richard Jasnow, 2015-08-25 An international group of scholars have contributed to Joyful in Thebes a Festschrift for the distinguished Egyptologist Betsy M Bryan The forty two articles deal with topics of art history archaeology history and philology representing virtually the entire span of ancient Egyptian civilization These diverse studies which often present unpublished material or new interpretations of specific issues in Egyptian history literature and art history well reflect the broad research interests of the honoree Abundantly illustrated with photographs and line drawings the volume also includes a comprehensive bibliography of Bryan s publications through 2015 [The Materiality of Texts from Ancient Egypt](#) , 2018-10-08 The volume *The Materiality of Texts from Ancient Egypt* contains nine contributions from well known papyrologists Egyptologists archaeologists and technical specialists They discuss the materiality of ancient writing and writing supports in various ways through methodological considerations and through practical case studies from the early Pharaonic to the Late Antique periods in Egypt including Greek and Egyptian papyri and ostraca inscriptions and graffiti The articles in this volume present new approaches to the study of textual material and scribal practice especially in the light of the ongoing development of digital techniques that uncover new information from ancient writing materials The aim of the book is to encourage researchers of ancient texts to consider the benefits of using these new methods and technological resources [The Late New Kingdom in Egypt \(c. 1300-664 BC\)](#) M. L. Bierbrier, 2024-07-15 The period of Egypt s Ramesside empire is best known for its foreign wars and monumental buildings but the chronological history of many of its rulers and pre eminent priests and their genealogies was poorly understood While it was not possible to fix the chronology exactly a combination of known dates or date ranges such as for the accession of Ramesses II and the determination of family trees that extended over a large period enabled Bierbrier to present a much closer definition of the span of individual dynasties and their key figures than had been possible previously That volume is reissued here in facsimile An important source of information is the genealogical references on funerary statues and tomb paintings though vocabulary used is limited and often ambiguous There are also several types of statuary set up by individuals for different purposes most frequently by sons or descendants to cause the name of the deceased to live on many of which may have been created before the death of the individual commemorated Taking into account these and other difficulties Bierbrier s painstaking research proved groundbreaking in elucidating the chronology sequences of events and family connections of the period from the official families of the XIXth Dynasty through those of the XXVth **The Cambridge Ancient History** , 1970 **The Reign of Ramesses IV** A. J. Peden, 1994 Peden draws on a range of sources including inscriptions monuments and ostraca to present a compact and comprehensive history of the reign of Ramesses IV who ruled Egypt at a point of transition between the last days of the her greatness under Ramesses III and her political and

economic decline under Ramesses IV's successors Includes translations of selected texts The Oxford Handbook of the Valley of the Kings Richard H. Wilkinson, Kent R. Weeks, 2016 This Handbook offers an invaluable and up to date resource on this critical and fascinating World Heritage site **Sea Peoples of the Bronze Age Mediterranean c.1400 BC-1000 BC** Raffaele D'Amato, Andrea Salimbeti, 2015-02-20 This title features the latest historical and archaeological research into the mysterious and powerful confederations of raiders who troubled the Eastern Mediterranean in the last half of the Bronze Age Research into the origins of the so called Shardana Shekelesh Danuna Lukka Peleset and other peoples is a detective work in progress However it is known that they both provided the Egyptian pharaohs with mercenaries and were listed among Egypt's enemies and invaders They contributed to the collapse of several civilizations through their dreaded piracy and raids and their waves of attacks were followed by major migrations that changed the face of this region from modern Libya and Cyprus to the Aegean mainland Greece Lebanon and Anatolian Turkey Drawing on carved inscriptions and papyrus documents mainly from Egypt dating from the 15th 11th centuries BC as well as carved reliefs of the Medinet Habu this title reconstructs the formidable appearance and even the tactics of the famous Sea Peoples
