Reinterpreting Rahner A Critical Study Of His Major Themes:

Reinterpreting Rahner Patrick Burke, 2002 Probably no theologian has exercised so profound an influence on Catholic theology during the last half century as Karl Rahner Patrick Burke examines the structure of dialectical analogy as it appears in each of the major themes of Rahner's theology as an indispensable key to the correct interpretation of his thought He also exposes a tension within the system that needs to be addressed if the complex balance of Rahner's vision is to be fully understood

The Cambridge Companion to Karl Rahner Declan Marmion, Mary E. Hines, 2005-06-16 Karl Rahner 1904-84 was one of the most significant theological voices of the twentieth century For many his theology has come to symbolise the Catholic Church's entry into modernity Part of his enduring appeal lies in his ability to reflect on a whole variety of issues in theology and spirituality and concentrate this plurality into a few basic convictions This Cambridge Companion provides an accessible introduction to the main themes of Rahner's work Written by an international array of experts it will be of interest to both students and scholars alike Each chapter serves as a guide to its topic and recommends further reading for additional study The contributors also assess Rahner's significance for contemporary theology by bringing his thought into dialogue with many current concerns including religious pluralism spirituality postmodernism ecumenism ethics and developments in political and feminist theologies

Divine Freedom and the Doctrine of the Immanent Trinity Paul D. Molnar, 2017-02-23 Divine Freedom and the Doctrine of the Immanent Trinity is widely acclaimed by scholars in the field of Christian systematic theology Molnar's quest to place the doctrine of the immanent Trinity on the agenda of the Christian doctrine of God has proven to be a signal contribution to the debate in contemporary Christian theology The material in this second edition has been thoroughly updated it contains a new preface and a new introduction as well as a revised bibliography The book includes a brand new chapter titled Divine Freedom Revisited which addresses those questions that have arisen in connection with Molnar's original presentation of the divine freedom Molnar revisits here his discussion of the Logos Asarkos the theologies of Karl Rahner and Wolfhart Pannenberg He sheds new light on Rahner's and Torrance's discussions of the Resurrection and incorporates modern discussions by contemporary theologians to offer new insights into Eberhard Jüngel's thinking

Juvenescence Robert Pogue Harrison, 2014-11-21 A meditation on the human condition in an age when the old aspire to be young from the author of *Forests The Shadow of Civilization Children's Literature* How old are you The more thought you bring to bear on the question the harder it is to answer For we age simultaneously in different ways biologically psychologically socially And we age within the larger framework of a culture in the midst of a history that predates us and will outlast us Looked at through that lens many aspects of late modernity would suggest that we are older than ever but Robert Pogue Harrison argues that we are also getting startlingly younger in looks mentality and behavior We live he says in an age of juvenescence Like all of Robert Pogue Harrison's books *Juvenescence* ranges brilliantly across cultures and history tracing the ways that the spirits of youth and age have inflected each other from antiquity to the present

Drawing on the scientific concept of neotony or the retention of juvenile characteristics through adulthood and extending it into the cultural realm Harrison argues that youth is essential for culture's innovative drive and flashes of genius. At the same time, however, youth which Harrison sees as more protracted than ever is a luxury that requires the stability and wisdom of our elders and the institutions. A heady, deeply learned excursion rich with ideas and insights. Juvenescence could only have been written by Robert Pogue Harrison. No reader who has wondered at our culture's obsession with youth should miss it. Harrison explores our culture's understanding of age, youth, and aging; his book will provide mature wisdom indeed. Baptism of Salvation and Christian Salvation Anthony R. Lusvardi, 2024-01-05. Belief in the necessity of baptism for salvation is rooted in the New Testament and was forcefully affirmed by the Church Fathers; yet today this belief is treated with unease if not ignored altogether. Over the course of centuries, Catholic theology has wrestled with a doctrine of baptism of desire that both preserves this fundamental principle and allows for salvation in hard cases, such as catechumens dying unexpectedly. *Baptism of Desire and Christian Salvation* traces this doctrine's varied history from its genesis in a fourth-century funeral oration given by Ambrose of Milan to its uneasy position in the Anonymous Christianity of Karl Rahner. More than a history, however, this book raises questions about the nature of religious ritual and the sacraments, the mission of the Church, and the essence of salvation. Arguing that theologians of the past two centuries have tended to downplay the role of the sacraments when discussing salvation, Lusvardi suggests that baptism should remain our theological starting point. Engaging with the theological tradition and at times challenging the conventional wisdom, *Baptism of Desire and Christian Salvation* shows how such a sacramental approach can offer credible and sometimes surprising responses to questions related to the salvation of non-Christians, the fate of unbaptized infants, and the relevance of the Church's mission today.

Touched by Christ: The Sacramental Economy Lawrence Feingold, 2021-05-07. The sacramental economy was instituted by Christ and entrusted to His Church in order to build up the Body of Christ in a twofold communion binding the members together with God and one another. *Touched by Christ: The Sacramental Economy* is an introductory course on Sacramental Theology suitable for all who seek a deeper understanding of how the Church's sacraments constitute channels of grace, nurture supernatural life, and heal us from our sins. Lawrence Feingold expertly describes the nature of the sacraments, their purpose, fittingness, and relationship with Christ and the New Covenant, their relationship with the Old Covenant, rites that prefigured them, the character and grace that they communicate, and the nature of their causality. *Touched by Christ* shows that the sacraments of the New Covenant should be understood as instruments of Christ's humanity that are used as words of power to communicate the sanctification that they signify, infuse grace, communicate the Holy Spirit, and build up ecclesial communion in those who receive them with the right dispositions. Karl Rahner's Theological Aesthetics Peter Joseph Fritz, 2014. Rahner's aesthetics: Rahner's sublime, Rahner and the spirit of the age, Rahner refounding theological language, Rahner's apocalypse. **Francis A. Sullivan, S.J. and Ecclesiological Hermeneutics** Michael M.

Canaris,2016-09-27 In Francis A Sullivan S J and Ecclesiological Hermeneutics Canaris traces the significant contributions that Francis A Sullivan S J has made to Catholic ecclesiology paying particular attention to the method and application of his hermeneutical approach to the writings of the magisterium Though highly esteemed by professional theologians in both Catholic and ecumenical circles Sullivan is less well known among general audiences than many of his peers The author addresses this lacuna by arguing that Sullivan s work when viewed through an interpretive lens can aid the faithful to engage seriously with magisterial texts of various genres and levels of authority find meaning within them and encourage an active reception process whereby contemporary understanding of the teaching and learning role of the entire church becomes possible

Signs of the Holy One Uwe Michael Lang,2015-08-11 Catholic liturgy is far more than its texts It is a synthesis that also includes several other elements gesture music art and architecture which are aspects of the non verbal language of the sacred and are what make the liturgy beautiful Father Lang s consideration of the beauty of the liturgy addresses the modern notion that beauty is in the eye of the beholder that the experience of beauty is entirely subjective This idea makes it difficult to articulate criteria for what is beautiful yet sacred liturgy does indeed have objective measures for evaluating its principal elements Reflecting upon these and quoting from authoritative Church documents Father Lang discusses sacred music art and architecture and demonstrates how the beauty of these elements makes present the sacred Pope Benedict XVI said The greatness of the liturgy depends we shall have to repeat this frequently on its non spontaneity Continuous liturgical experimentation is unable to induce a sense of meaning or peace writes Father Lang because novelty does not satisfy the yearning for the Transcendent within the human psyche which is rarely far from the surface

Fullness Received and Returned Seng-Kong Tan,2014-01-01 Seng Kong Tan argues that human participation in the divine a classical theological axiom most notably associated with the Eastern Orthodox tradition is a central theme in the theology of Jonathan Edwards This notion Tan contends is a defining motif for the entire systematic sweep of Edwards s theology and it serves to focus and determine the contours of Edwards s thought Fullness Received and Returned situates Edwards s theology within the folds of the classical theological tradition while arguing that Edwards s is a unique and creative form of Reformed theology
