Larry Dossey, MD

Reinventing Medicine Beyond Mindbody To A New Era Of Healing:

Reinventing Medicine Larry Dossey, 2009-10-13 Larry Dossey forever changed our understanding of the healing process with his phenomenal New York Times bestseller *Healing Words*. Now the man considered one of the pioneers of mind body medicine provides the scientific and medical proof that the spiritual dimension works in therapeutic treatment, exploding the boundaries of the healing arts with his most powerful book yet. **One Mind** Larry Dossey, MD, 2014-10-07 In *One Mind*, New York Times best-selling author Larry Dossey M.D. proposes an inspiring view of consciousness that may reshape our destiny. Dossey's premise is that all individual minds are part of an infinite collective dimension of consciousness he calls the One Mind. This state, which we can all access, explains phenomena as diverse as epiphanies, creative breakthroughs, premonitions of danger or disaster, near-death experiences, communication with other species and with the dead, reincarnation, the movement of herds, flocks and schools, and remote healing. Dossey presents his theory in easily digestible bite-sized vignettes. Through engaging stories, fascinating research, and brilliant insights from great thinkers throughout history, readers will explore the outer reaches of human consciousness, discover a new way to interpret the great mysteries of our experience, and learn how to develop the empathy necessary to engender more love, peace, and collective awareness. The result is a rich new understanding of what it means to be human and a renewed hope that we can successfully confront the challenges we face at this crossroads in human history. Even before publication, *One Mind* drew praise from the finest minds of our time. It has been heralded as a landmark, a brilliant synthesis, a magnum opus, a feast of ideas, compelling, gripping, and a major shift in our understanding of consciousness. *Science and the Dao* Livia Kohn, 2016 **Theory U** C. Otto Scharmer, 2016-08-15 Access the deepest source of inspiration and vision. We live in a time of massive institutional failure that manifests in the form of three major divides: the ecological, the social, and the spiritual. Addressing these challenges requires a new consciousness and collective leadership capacity. In this groundbreaking book, Otto Scharmer invites us to see the world in new ways and, in so doing, discover a revolutionary approach to learning and leadership. In most large systems today, we collectively create results that no one wants. What keeps us stuck in such patterns of the past? It's our blind spot that is our lack of awareness of the inner place from which our attention and intention originate. By moving through Scharmer's U process, we consciously access the blind spot and learn to connect to our authentic Self, the deepest source of knowledge and inspiration. Theory U offers a rich diversity of compelling stories, examples, exercises, and practices that allow leaders, organizations, and larger systems to co-sense and co-shape the future that is wanting to emerge. This second edition features a new preface in which Scharmer identifies five transformational trends and describes U process case stories around the world. There are also eight color drawings by Kely Bird that capture U journey applications and illustrate the concepts in the book, as well as new resources for applying the principles and practices. **The Handbook of Humanistic Psychology** Kirk J.
