The Luciferian Lullaby Youssef Zemhoute,2022-11-11 Who was Jesus Christ Why is he still the most important figure today Why are more and more people talking about his return and what is transhumanism Are we going to step up the ladder of Evolution from monkey business to orang utan corporations It s amazing to look at this elitist philosophy and more over realize that we are still bound by the shackles of white thinking What it is and how we are trying to let it go makes the content of this book

Leadership Levers Diana Jones,2021-11-03 There s an epidemic of leadership failure whether something as small as a meeting or as large as implementing enterprise wide change Leaders know that sinking feeling when a gap emerges between themselves and the groups they most need to engage with Leaders and business schools are looking in the wrong places for the cause What holds most leaders back as if their foot is always on the brake is their failure to engage and gain alignment This book shows the reasons why Leaders rarely recognise that Shaping group behavior is describable as a process which they can learn Instead they unconsciously fall into relationship patterns influenced by early family experiences Informal relationship patterns have a dramatic effect on results which is why birds in flight manage to alter course without bumping into each other Leadership and collaboration are primarily a matter of principles and process and not personality and content alone If leaders master the process they achieve consistent results

This book reveals the leadership levers to release the power of relationships for exceptional participation alignment and results in organizations. It enables leaders to mine the brilliance that often lies dormant and untapped within their organizations. Readers will have the principles and tools to go beyond the agenda, truly engage with those around them and release untapped capacities within their organizations. These qualities and skills will inspire associates and employees.

The Neglected Voter David Paul Kuhn, 2024-09-04 In the 1960s the Republican Party began to win over a crucial demographic: white male voters. Presidential politics was transformed for a generation. David Paul Kuhn explains this fundamental fact behind the rise of the Republicans and the decline of the Democrats and reminds the political left that midterm victories in 1986 and 2006 do not always equal sustainable success. In revealing lucid prose, Kuhn explains how America's conservative party came to win a majority of workingmen and the White House. Grounded in practical politics, *The Neglected Voter* presciently reconfigures the American political landscape. Equipped with unprecedented research, data reporting and exclusive interviews with such figures as Jimmy Carter, Norman Mailer, Mark Warner and Pat Robertson, Kuhn examines the role of gender and racial identity in presidential politics through the social changes that have defined the last half century.
