*How Humans Relate* John Birtchnell, 1996 In this book John Birtchnell offers a new theory as the basis for a science of relating While links can be made between it and classical interpersonal theory it has many new and original features The theory states that the relating of humans must have evolved out of and be in continuity with the relating of all other animals The fundamental relating objective of both humans and animals can most easily be defined Identifying That Basic Framework Of Motives Which Is Common To Both Birtchnell proposes that such a framework is best constructed around two major axes a horizontal one concerning the degree to which we need to become involved with or separated from others and a vertical one concerning the degree to which we choose to exercise power over others or permit others to exercise their power over us We differ from other animals in the horizontal axis in the extent to which we have

expanded our proclivity for close involvement and on the vertical axis in the extent to which we have become prepared to utilize such forms of power as we have or have acquired for the benefit of others As a consequence of our greater involvement we are capable of being concerned about and respectful of the needs of others and trusting of those who are prepared to utilize their power for our benefit though we remain capable of being disrespectful and non trusting The four objectives derived from the proposed framework are called closeness distance upperness and lowerness and a large part of the book is devoted to describing their characteristics The book also explores the use of the framework as a means of classifying personality disorders and mental illness This book should be of interest to professionals and students interested in human relationships including psychiatrists clinical and social psychologists and psychotherapists Growing in Prayer Mike Bickle, 2014 Prayer is a high calling and an amazing privilege and being a person of prayer is one of the most important callings in your life Just think about this for a moment We can talk with the God of the universe And we can know that not only does He listen attentively and with great affection but also He responds by revealing His heart giving us direction blessing our circumstances releasing justice and much more A God-Shaped World Steve Langford, 2017-09-29 The kingdom of God was the central theme of Jesus's preaching Yet in spite of the centrality of the kingdom in Jesus's ministry the kingdom of God is far from a dominant theme in most mainline Protestant pulpits and churches Preaching and teaching about the kingdom have been supplanted by such great themes as personal salvation heaven and hell faith sin the church missions and evangelism justice issues stewardship and moral living So where is the kingdom In A God Shaped World author and pastor Steve Langford shows how the kingdom of God grows out of and is an expression of the character of God The kingdom of God is the realm in which the divine character shapes the way we live so that we do the will of God in every dimension of our lives A God Shaped World identifies the four central characteristics of the kingdom of God how out of step the ways of the kingdom are to the fear based self serving ways inherent to the human condition and the implications of the kingdom for followers of Jesus today The Lord's Prayer teaches us that the kingdom of God is inseparably tied to God's character and will The kingdom of God is where life is patterned after the merciful gracious character of God where the ways of God are lived and where the will of God is done here on the earth Keys to Powerful Prayer Stormie Omartian, 2020-03-03 A Practical Way to Use Your Time Wisely for Greater Results in Prayer Bestselling author Stormie Omartian provides you with simple but effective areas of prayer focus intended to ignite your prayer life Each can take only a minute or it can be the subject of a longer more in depth time of communication with God Your life and the people and situations around you need as much prayer as you can give In Keys to Powerful Prayer Stormie will help you pray more effectively She answers the question How can I maximize the time I have in prayer in order to see greater results Start small and let these powerful insights on prayer have a life changing impact on all of your prayer times
