Gerdtts,Patricia Trenton,2003-11-10 Presenting interpreting and celebrating the world renowned and the lesser known California artists who have uniquely defined and redefined the still life this volume offers an exploration of the sensual pleasures the aesthetic challenges and the intellectual and perceptual associations of a century of art through the prism of a single genre BOOK JACKET **Picasso in the Metropolitan Museum of Art** Metropolitan Museum of Art (New York, N.Y.),Pablo Picasso,Magdalena Dabrowski,Christel Hollevoet,2010 This publication presents a comprehensive catalogue of the works by Pablo Picasso in the Metropolitan Museum Comprising 34 paintings 59 drawings 12 sculptures and ceramics and more than 400 prints the collection reflects the full breadth of the artist s multi sided genius as it asserted itself over the course of his long career **Light for a Cold Land** Peter Larisey,1993-01-10 Lawren Stewart Harris artistic career began in the first decade of our century Well known for the nationalist inspired landscapes that he painted between 1908 and 1932 Harris turned resolutely in 1934 to the painting of abstractions He continued to create works that reflected his own modernist and mystical developments until the end of his life Canadians praise Harris landscapes and admire him as a planner of innovative and heroic sounding sketching trips into the North He is also recognized as the chief organizer of the Group of Seven A long list of younger artists he considered creative greatly benefited from Harris encouragement and often generous practical help many of them have been interviewed for this book In the lives of some Canadians harris still functions as a gurulike guide a role he was quite content to take on during his own lifetime because of the spiritual content of his art and aesthetic writings and the example of his optimistic vigorous and apparently untroubled life But Harris was not an untroubled life and *Light for a Cold Land* examines his personal crises and difficulties some of which caused important changes in his art The book also uncovers the painting styles artistic tensions and cultural dynamics of the German milieu in which Harris received his only formal art education His student years in Berlin profoundly influenced not only his art but also his artistic politics and his philosophy It is ironic that in the art of this most articulate of Canadian nationalist painters there are extensive German influences *Light for a Cold Land* is the first art historical study of Lawren Harris that attempts to explore his life and all aspects of his career It is based on extensive work in archives libraries public art galleries and private collections in Canada as well as research in Germany and interviews with members of Harris family and many of his friends acquaintances colleagues and critics **The Athenaeum** ,1905 *Art Digest Newsletter* ,1969 **A.Y.
