

Return To Judaism Religious Renewal In Israel

K Morrison

Return To Judaism Religious Renewal In Israel:

Return to Judaism Janet Aviad, 1983 **Return to Judaism** Janet Aviad, 1985-12-01 *Return to Judaism* Janet O. Aviad, 1983-12-01 *Toward a Jewish Theology of Liberation* Marc H. Ellis, 2004 Turmoil still grips the Middle East and fear now paralyzes post 9 11 America The comforts and challenges of this book are thus as timely as when first published in 1987 With new reflections on the future of Judaism and Israel Ellis underscores the enduring problem of justice Ellis use of liberation theology to make connections between the Holocaust and contemporary communities from the Third World reminds both Jews and oppressed Christians that they share common ground in the experiences of abandonment suffering and death The connections also reveal that Jews and Christians share a common cause in the battle against idolatry represented now by obsessions for personal affluence national security and ethnic survival According to Ellis Jews and Christians must never allow the reality of anti Semitism to become an excuse for evading solidarity with the oppressed peoples be they African Asian Latin American or especially Palestinian Archbishop Desmond Tutu winner of the Nobel Peace Prize and author of *God Has a Dream* **Return to Judaism** Janet O'Dea Aviad, 1983-01-01 **Returning to Tradition** M. Herbert Danzger, 1989-04-26 An outstanding book original well written and incisive It will become the point of departure for all other research in the area William B Helmreich author of *The World of the Yeshiva* Danzger's volume treats a subject that is both fascinating and complex Especially noteworthy is his exploration of an inclusionary strain in Orthodox Jewish life that is often overlooked by sociologists and other contemporary observers Norman Lamm Yeshiva University The issues raised in this book are critical for our times Rabbi Shlomo Riskin Founding Rabbi Lincoln Square Synagogue In a clear and lucid style he examines the reasons for return the schools established by Orthodox Judaism to deal with this return and the values and conflicts thus engendered Library Journal If one were to select the most important of the books on baalei teshuvah returnees to Judaism the choice would clearly be Danzger's *Returning to Tradition* This book goes far beyond the work of Janet Aviad and others It offers the reader a clear unified and comprehensive approach to understanding the world of the baal teshuvah It is based on many years of careful research into that community both in Israel and in the United States The author is intimately familiar with the ins and outs of the group he has chosen to study He knows where they hang out what their problems are and the diversity of backgrounds from which they originate First rate William B Helmreich *American Jewish Histor* **Israeli Judaism** Å elomo A. DeÅien, Charles Seymour Liebman, Moshe Shokeid, 1995-01-01 This is an unusual and extremely timely collective effort It appears at a moment in which Israelis not only must confront their Arab neighbors but must deal with one another as Jews possessing radically different views on the present and future of the Jewish tradition With this seventh volume of the series the Israeli Sociological Society has turned its attention to religion an area that for many years has been of high importance but low profile in Israeli affairs and in the wider Middle Eastern context Chapters and contributors include *Jewish Civilization Approaches to Problems of Israeli Society* by Shmuel N Eisenstadt *Life Tradition and*

Book Tradition in the Development of Ultraorthodox Judaism by Menachem Friedman Religious Kibbutzim Judaism and Modernization by Aryei Fishman The Religion of Elderly Oriental Jewish Women by Susan Sered and Hanukkah and the Myth of the Maccabees in Ideology and in Society by Eliezer Don Yehiya The increasing presence of religious activism in contemporary Israel side by side with subtle changes in the religion of Israeli Sephardim makes the topic of religion essential for an understanding of Israel and much of the Middle East generally Israeli Judaism is a significant work and will be of interest to theologians philosophers sociologists anthropologists and political theorists The Religionization of Israeli Society Yoav Peled, Horit Herman Peled, 2018-07-18 During Israel's military operation in Gaza in the summer of 2014 the commanding officer of the Givati infantry brigade Colonel Ofer Vinter called upon his troops to fight the terrorists who defame the God of Israel This unprecedented call for religious war by a senior IDF commander caused an uproar but it was just one symptom of a profound process of religionization or de secularization that Israeli society has been going through since the turn of the twenty first century This book analyzes and explains for the first time the reasons for the religionization of Israeli society a process known in Hebrew as hadata Jewish religion inseparable from Jewish nationality was embedded in Zionism from its inception in the nineteenth century but was subdued to a certain extent in favor of the national aspect in the interest of building a modern nation state Hadata has its origins in the 1967 war has been accelerating since 2000 and is manifested in a number of key social fields the military the educational system the media of mass communications the teshuvah movement the movement for Jewish renewal and religious feminism A major chapter of the book is devoted to the religionization of the visual fine arts field a topic that has been largely neglected by previous researchers Through careful examination of religionization this book sheds light on a major development in Israeli society which will additionally inform our understanding of the Israeli Palestinian conflict As such it is a key resource for students and scholars of Israel Studies and those interested in the relations between religion culture politics and nationalism secularization and new social movements **Israeli Judaism** M.J. Kister, Shlomo Deshen, 2018-01-16 This is an unusual and extremely timely collective effort It appears at a moment in which Israelis not only must confront their Arab neighbors but must deal with one another as Jews possessing radically different views on the present and future of the Jewish tradition With this seventh volume of the series the Israeli Sociological Society has turned its attention to religion an area that for many years has been of high importance but low profile in Israeli affairs and in the wider Middle Eastern context Chapters and contributors include Jewish Civilization Approaches to Problems of Israeli Society by Shmuel N Eisenstadt Life Tradition and Book Tradition in the Development of Ultraorthodox Judaism by Menachem Friedman Religious Kibbutzim Judaism and Modernization by Aryei Fishman The Religion of Elderly Oriental Jewish Women by Susan Sered and Hanukkah and the Myth of the Maccabees in Ideology and in Society by Eliezer Don Yehiya The increasing presence of religious activism in contemporary Israel side by side with subtle changes in the religion of Israeli Sephardim makes the topic of religion essential for an understanding of

Israel and much of the Middle East generally Israeli Judaism is a significant work and will be of interest to theologians philosophers sociologists anthropologists and political theorists Doubting the Devout Nora L Rubel,2009-12-28 Before 1985 depictions of ultra Orthodox Jews in popular American culture were rare and if they did appear in films such as *Fiddler on the Roof* or within the novels of Chaim Potok they evoked a nostalgic vision of Old World tradition Yet the ordination of women into positions of religious leadership and other controversial issues have sparked an increasingly visible and voluble culture war between America's ultra Orthodox and non Orthodox Jews one that has found a particularly creative voice in literature media and film Unpacking the work of Allegra Goodman Tova Mirvis Pearl Abraham Erich Segal Anne Roiphe and others as well as television shows and films such as *A Price Above Rubies* Nora L Rubel investigates the choices non haredi Jews have made as they represent the character and characters of ultra Orthodox Jews In these artistic and aesthetic acts Rubel recasts the war over gender and family and the anxieties over acculturation Americanization and continuity More than just a study of Jewishness and Jewish self consciousness *Doubting the Devout* will speak to any reader who has struggled to balance religion family and culture *Settling Hebron* Tamara Neuman,2018-05-02 The city of Hebron is important to Jewish Islamic and Christian traditions as home to the Tomb of the Patriarchs the burial site of three biblical couples Abraham and Sarah Isaac and Rebecca and Jacob and Leah Today Hebron is one of the epicenters of the Israel Palestine conflict consisting of two unequal populations a traditional Palestinian majority without citizenship and a fundamentalist Jewish settler minority with full legal rights Contemporary Jewish settler practices and sensibilities legal gray zones and ruling complicities have remade Hebron into a divided Palestinian city surrounded by a landscape of fragmented militarized strongholds In *Settling Hebron* Tamara Neuman examines how religion functions as ideology in Hebron with a focus on Jewish settler expansion and its close but ambivalent relationship to the Israeli state Neuman presents the first critical ethnography of the Jewish settler populations in Kiryat Arba and the adjacent Jewish Quarter in the Old City of Hebron considered by many Israelis as the most ideological of settlements Through extensive fieldwork interviews with settlers soldiers displaced Palestinian urban residents and farmers as well as archival research Neuman challenges dismissive portraits of settlers as rigid fanatical adherents of an anachronistic worldview At the same time she reveals the extent of disconnection between these settler communities and mainstream Modern Orthodox Judaism both of which interpret written sources on the sacredness of land biblical texts rabbinic commentary and mystical traditions in radically different ways Neuman also traces the violent results of a settler formation Palestinian responses to settler encroachment and the connection between ideological settlement and economic processes *Settling Hebron* explores the complexity of Hebron's Jewish settler community in its own right through its routine practices and rituals its most extreme instances of fundamentalist revision and violence and its strategic relationships with successive Israeli governments **The Judaic Nature of Israeli Theatre** Dan Urian,2013-12-19 Theatre has since the time of the Jewish Enlightenment served the secular

community in its conflict with the religious This book surveys the secular religious rift and then describes the enhanced concern of the secular community in Israel for its own Jewishness and its expression in the theatre especially following the 1967 War It then moves on to a specific study of the play *Bruira* and finally reviews the phenomenon of the return to Orthodox Judaism by secular individuals *Beyond Innocence & Redemption* Marc H. Ellis, 2016-04-25 After the Gulf War and amidst the ongoing peace process this timely book speaks to the need to address the deeper issues of Israel and Palestine issues that concerned Jews Arabs and Christians must face if the legitimate rights of the Palestinians and the moral integrity of the State of Israel are to survive the rush to a new world order in the Middle East *Ritual and Religious Belief* Graham Harvey, 2017-07-28 The study of ritual and how it relates to beliefs and ideas is of central importance in our understanding of the world Rituals can become divorced from beliefs and religious believers regarded as simply going through the motions *Ritual and Religious Belief* A Reader presents the full range of scholarly thinking on ritual and ritualizing as they relate to belief It questions the assumption that belief should take precedence over outward behaviour and engages with questions such as how are rituals related to performance are politics ritualized and is there a difference between rituals and etiquette This comprehensive volume brings together material by eminent scholars from across the centuries ranging from Martin Luther's sacramental dialogues to the life and routine patterns of Zen Buddhist Temples and the relationship between magic religion and science It will be of interest to all those engaged in the study of the dynamics between ritual and belief **Israel and Palestine - Out of the Ashes** Marc H. Ellis, 2002-10-20 As the world watches with horror the unfolding events in Palestine and Israel Marc Ellis a Jewish American scholar examines what he sees as a crisis point in Jewish identity In this book Ellis offers a vision of Judaism that testifies to an ethical life in our era based on the principles of justice and community upon which the Jewish faith was founded Only by addressing the way in which those original principles are being squandered by a militarised state of Israel and a complicit Jewish establishment in America he argues can there be hope for peace in the future *Israel and Palestine Out of the Ashes* is a deeply personal philosophical account of contemporary Jewish identity Looking beyond the legacy of the Holocaust and beyond the portrayal of Jews as either victims or persecutors Ellis forges a new vision of what it means to be Jewish today **Coca-Cola, Black Panthers, and Phantom Jets** Oz Frankel, 2024-07-23 In the late 1960s Israel became more closely entwined with the United States not just as a strategic ally but also through its intensifying intimacy with American culture society and technology *Coca Cola Black Panthers and Phantom Jets* shows how transatlantic exchanges shaped national sentiments and private experiences in a time of great transition forming a consumerist order accentuating social cleavages and transforming Jewish identities Nevertheless there remained lingering ambivalence about and resistance to American influences Rather than growing profoundly Americanized Israelis forged unique paths into the American orbit As supporters and immigrants American Jews assumed an ambiguous role expediting but also complicating the Israeli American exchange Taking an expansive view of

Israeli American encounters historian Oz Frankel reveals their often unexpected consequences including the ripple effects that the rise of Black Power had on both extremes of Israeli politics the adoption of American technology that fed the budding Israeli military industrial complex the consumerist ideologies that ensnared even IDF soldiers and Palestinians in the newly occupied territories and the cultural performances that lured Israelis to embrace previously shunned diasporic culture What made the racial strife in the US and the tensions between Ashkenazi and Mizrahi Jews in Israel commensurable How did an American military jet emerge as a national fixation Why was the US considered a paragon of both spectacular consumption and restrained rational consumerism In ten topical chapters this book demonstrates that the American presence in Israel back then as it is today was multifaceted and contradictory

Judaism and Hebrew Prayer Stefan C. Reif, 1995-03-23 A scholarly but readable guide to the history of Jewish prayer from biblical times to the modern period

The Elections in Israel 1992 Asher Arian, Alan Arian, Michal Shamir, Professor Michal Shamir, 1995-01-01 Social scientist from Israel and American universities and research Institutes address questions discussed in the 1992 elections

For the Land and the Lord Ian Lustick, 1988

Migrants from the Promised Land Zvi Sobel, In December 1983 Israeli radio and television blitzed the nation with programming on yerida emigration from Israel So much attention has been given to emigration that the casual observer might think it is the central threat to Israeli society Demographics show that it is not but emotions continue to run high on the subject In *Migrants from the Promised Land* Zvi Sobel explores the reasons for emigration from contemporary Israel within the context of a far ranging critical assessment of Israeli society and the Zionist enterprise He asks why in light of near devastating challenges to the survival of Israel does emigration assume such overwhelming importance among both elites and masses His analysis is based on intensive interviews with hundreds of people preparing to leave Israel and a thorough examination of all relevant demographics
