Return To Pagany 1929 1932 The History:

Harold Rosenberg Debra Bricker Balken, 2021-10-06 The biography recounts Rosenberg's full story for the first time. Art critic for *The New Yorker* from 1962 until 1978, Rosenberg together with Clement Greenberg radically reshaped the interpretation of art in the post World War II period by promoting and examining abstract expression. But Rosenberg was also a social and literary critic; writing about art was just one aspect of his work. *Harold Rosenberg: A Critic's Life* weaves together Rosenberg's life and literary production cast against the dynamic intellectual and social ferment of his time. Rosenberg's mid-century linking of the New York School with the art establishment together with his observations on the commodification of the artwork and the evisceration of the self in favor of celebrity especially in his often cited essay *The Herd of Independent Minds* make this book especially topical.

The Oxford Critical and Cultural History of Modernist Magazines Peter Brooker, Andrew Thacker, 2009 This volume contains 44 original essays on the role of periodicals in the United States and Canada. Over 120 magazines are discussed by expert contributors completely reshaping our understanding of the construction and emergence of modernism.

Transatlantic Avant-Gardes Eric B White, 2013-03-01 Provides an alternative account of the modernist transatlantic. *Transatlantic Avant Gardes* offers a revisionary account of the evolution of twentieth-century modernism. Complimenting recent studies of modernist expatriates, Eric White explores new points of contact between European and American avant gardes to place located figures such as William Carlos Williams, Marianne Moore, Wallace Stevens, Jean Toomer, and Alfred Kreymborg back into the global design of literary modernism. Focusing on artist-run little magazines including *Others*, *Contact*, *The Little Review*, *Blast*, *The Dial*, *Fire*, and *Pagany* and selected fine press publications and mainstream periodicals, White also reconsiders the boundaries that traditionally divide modernist literature into exile and localist or regionalist and cosmopolitan factions. Thus the book proposes a version of localist modernism that prioritises issues of geographic and textual location to deliver a networked approach to American modernism in the transatlantic context. Combining literary, historical, textual, and cultural criticism, *Transatlantic Avant Gardes* provides a new reading of the specialised literary networks that interrogated the relationship between geographic place, textual space, and national identity in the modernist transatlantic.

The Collected Letters of Robinson Jeffers, with Selected Letters of Una Jeffers Robinson Jeffers, Una Jeffers, 2009 v 1 1890-1930 2009

Readings in the Cantos Richard Parker, 2018 This volume offers clear readings of 28 Cantos from *The Cantos* of Ezra Pound in 23 essays written by eminent Poundians with careful explanation of sources balanced with critical analysis of Pound's project.

Little Magazines & Modernism Adam McKible, 2016-12-05 Little magazines made modernism happen. These pioneering enterprises were typically founded by individuals or small groups intent on publishing the experimental works or radical opinions of untried, unpopular, or underrepresented writers. Recently, little magazines have re-emerged as an important critical tool for examining the local and material conditions that shaped modernism. This volume reflects the diversity of Anglo-American modernism with essays on

avant garde literary political regional and African American little magazines It also presents a diversity of approaches to these magazines discussions of material practices and relations analyses of the relationship between little magazines and popular or elite audiences examinations of correspondences between texts and images feminist modifications of the traditional canon or histories and reflections on the emerging field of periodical studies All emphasize the primacy and materiality of little magazines With a preface by Mark Morrisson an afterword by Robert Scholes and an extensive bibliography of little magazine resources the collection serves both as an introduction to little magazines and a reconsideration of their integral role in the development of modernism
