Parenting in the Pew Robbie F. Castleman,2012-11-14 In this upbeat book Robbie Castleman shows parents how to guide their toddlers and teenagers to participate more fully in the worship of the church This significantly revised and updated edition includes a new preface and new appendices with ideas for children's sermons and intergenerational community Grandparents Returning to Parenthood Tabitha Sage,2020-03-19 In this Inspirational story the author gives the reader an inside look into the many years of misery she experienced by her daughter's drug addictions Through it all she was able to find peace and reveals how she was able to recover Recovery from pain to peace She was not only dealing with her own grief and emotions there was also the safety and well being of her three grandchildren at risk She gives us a glimpse into what she calls her roller coaster My rollercoaster was filled with shame fear anger betrayal and disappointments

Her life was truly turned upside down and it caused a lot of pain to a lot of people including her three very young grandchildren who the author eventually adopted. Suffering was controlling her life and she couldn't live with the pain anymore. She refers to this point as hitting her rock bottom much like she hoped for her daughter to reach in order for healing to begin. Reaching her rock bottom opened her up to different forms of healing and transformation. She shares three tools that have contributed to her healing success and how these tools can be valuable to use with children as well. By implementing changes shifts in acceptance forgiveness mind set and her perception on addiction took place within her leading her to peace and happiness. The book is chock full of resources encouraging one's own self discovery. My vision is to create inspiration in others to find themselves again and find peace in this unplanned journey. Through her daughter's addictions raising her grandchildren who are now her children and her own grief she shares a heartfelt and inspiring journey of a grandmother finding herself and how she did it.

All Joy and No Fun Jennifer Senior, 2014-01-28
Thousands of books have examined the effects of parents on their children. In All Joy and No Fun award winning journalist Jennifer Senior now asks what are the effects of children on their parents. In All Joy and No Fun award winning journalist Jennifer Senior tries to tackle this question isolating and analyzing the many ways in which children reshape their parents' lives whether it's their marriages their jobs their habits their hobbies their friendships or their internal senses of self. She argues that changes in the last half century have radically altered the roles of today's mothers and fathers making their mandates at once more complex and far less clear. Recruiting from a wide variety of sources in history sociology economics psychology philosophy and anthropology she dissects both the timeless strains of parenting and the ones that are brand new and then brings her research to life in the homes of ordinary parents around the country. The result is an unforgettable series of family portraits starting with parents of young children and progressing to parents of teens. Through lively and accessible storytelling Senior follows these mothers and fathers as they wrestle with some of parenthood's deepest vexations and luxuriate in some of its finest rewards. Meticulously researched yet imbued with emotional intelligence All Joy and No Fun makes us reconsider some of our culture's most basic beliefs about parenthood all while illuminating the profound ways children deepen and add purpose to our lives. By focusing on parenthood rather than parenting the book is original and

essential reading for mothers and fathers of today and tomorrow **Perspectives on Midwifery and Parenthood** Rita Borg Xuereb, Julie Jomeen, 2023-01-01 The book *Perspectives on Midwifery and Parenthood* explores contemporary issues relating to parenthood and midwifery. This book bridges a gap in the literature where it highlights the close and unique relationships that midwives, nurses, doctors, other health care professionals and students enjoy with women and men during their transition to parenthood. Midwives work in close contact with and address the diverse needs of women and men during one of the most critical life's transitions: preconception, pregnancy, childbirth and early parenting and its long-term implications on the psychosocial, emotional, physical and spiritual wellbeing of parents and infants. The chapters cover the transition and preparation for parenthood, midwives and parental fetal tie in pregnancy, perinatal mental health, maternal wellbeing, infertility, repeated loss and surrogacy, supporting early parenting following preterm birth, adolescent pregnancy and early parenthood, social challenges and parenthood including drug and alcohol use in pregnancy, intimate partners violence, migrants and transition to parenthood, fathers' transition to parenthood, diversity of family formation, LGBTQ parents, breastfeeding, the role of spirituality during pregnancy and midwifery and parenthood. Each person is unique and so is the response to parenthood as the mother, father and family embark on this new lifeworld, a lifelong commitment. The book is a compendium of contemporary research depicting the strengths, opportunities and recommendations on how midwives and other health care professionals can nurture optimal, compassionate, respectful person and family-centred care during pregnancy and early parenting, the transition to parenthood.

I Live, No Longer I Laura Reece Hogan, 2017-01-19 How do the dark moments of suffering which we all encounter at some point in our lives connect with the divine? The words of Paul the Apostle offer an answer to this universal question in the vibrant figure and pattern of Jesus Christ so eloquently expressed in the Philippians Christ Hymn. It is in moments of loss, moments of experience of creation and community and moments of transformative unity with God that we discover our deep connectedness to God and one another. Laura Hogan weaves the truth of these three facets of divine human relationship together with Paul's undivided trust in divine effectiveness that is that the paradox of the cross reveals that God, no matter how dire the circumstance, is supremely effective to accomplish his will. Paul's words encourage us to express the pattern of Jesus Christ in our words, actions and very lives: a singular articulation of Christ in our time, place, identity and circumstances. This daily living of the Christ pattern, which this book explores in lives past and present, gives rise to a true joy in God as we become increasingly aware of our relationship with the divine in all moments, from the darkest to the brightest.
