*Return of Body of Unknown American who Lost His Life in the World War ..., Hearings ..., Feb 1, 1921* United States. Congress. House. Committee on Military Affairs, 1921     **The Reception of Plato's 'Phaedrus' from Antiquity to the Renaissance** Sylvain Delcommine, Pieter d'Hoine, Marc-Antoine Gavray, 2020-07-06 This volume explores the tremendous influence of Plato's Phaedrus on the philosophical, religious, scientific, and literary discussions in the West. Ranging from Plato's first readers over the Church Fathers and the Platonic commentators to Byzantine and Renaissance thinkers, the papers collected here introduce the reader to the first two millennia of the dialogue's reception history. Thirteen contributions by both junior and established scholars study the engagement with the Phaedrus by such major figures as Aristotle, Galen, Origen, Clemens of Alexandria, Plotinus, Augustine, Proclus, Psellus, Ficino, Erasmus, and many others. Together they cover the wide range of topics discussed in the dialogue: the value of myth and allegory, religion and theology, love and beauty, the soul and its immortality, teaching and learning, metaphysics and epistemology, rhetoric and dialectic, as well as the role and the limits of writing. By placing the dialogue in this broad perspective, the volume will appeal to readers interested in the Phaedrus itself as well as to classicists, literary theorists, and historians of philosophy, science, and religion concerned with the dialogue's reception history and its main protagonists.     **Return Statements** Gregg Lambert, 2016-08-30 Gregg Lambert examines two facets of the return to religion in the 21st century: the resurgence of overtly religious themes in contemporary philosophy and the global post-secular turn that has been taking place since 9/11. He asks how these two returns to religion can be taking place simultaneously and explores the relationship between them. Lambert reflects on statements of these returns from contemporary philosophers including Alain Badiou, John D. Caputo, Jacques Derrida, and Jean-Luc Nancy. He discovers a unique and forboding sense of the term religion that belongs exclusively to our contemporary perspective.
