*The Vocation of Anglicanism* Paul Avis, 2016-08-11 Paul Avis charts a pathway of theological integrity through the serious challenges facing the Anglican Communion in the first quarter of the 21st century He asks whether there is a special calling for Anglicanism as an expression of the Christian Church and expounds the Anglican theological tradition to shed light on current controversies He argues in conclusion that Anglicanism is called like all the churches to reflect the nature of the Church that we confess in the Creed to be one holy catholic and apostolic The book provides a clear view of the way that the Anglican tradition holds together aspects of the church that in other traditions are sometimes allowed to drift apart as the Anglican understanding of the Church reveals itself to be catholic and reformed episcopal and synodical universal and local biblical and reasonable traditional and open to fresh insight Avis combines accessible scholarly analysis with constructive arguments that will bring fresh hope and vision to Anglicans around the world      **Democracy in the Christian Church**, 2012-04-12 A survey of historical theological and philosophical arguments for a democratization of the Christian church

**Communion Ecclesiology and Social Transformation in African Catholicism** Idara Otu, 2020-05-15 In this book Idara Otu one of the new theological voices from Africa rethinks ecclesiology in the changing context of a wounded and broken world What does the Catholic Church in Africa look like post Vatican II This book creatively illuminates the intrinsic connections between ecclesial communion and social mission in the changing face of the church in Africa The multiple levels of dialogue in African Catholicism especially in the reception and contextualization of conciliar teachings is redefining world Christianity The author explores how dialogue synodality inculturation leadership human security social issues and social transformation are shaping the identity and mission of the church in Africa This book also engages recent magisterial teachings and diverse theological voices in developing the praxis for the emergence of particular churches in Africa that are defined by the joys and sorrows of God's people The book calls for a Triple C church revitalized through Conversion Communion and Conversation as well as fostering integral and sustainable social transformation in Africa's contested march toward modernity      The Christian Advocate, 1906      A Commentary on the Holy Scriptures Johann Peter

Lange, 1874      *The Publishers' Trade List Annual*, 1883      **A Commentary on The Baptist Faith and Message 2000** T. J. Milam, 2008      **Paul Unbound** Mark D. updated the bibliography to take into account scholarship produced in the decade since the publication of the first edition  
 The collection provides essential background and sets out new directions for study useful to students of the New Testament and Paul's letters     **The American Bookseller** ,1884     *Books Published by James Nisbet and Co* Nisbet, James & C.,1874     *North-western Christian Advocate* ,1898     **Papers on Maritime Legislation** Wendt,1871     Making Heretics  
 Michael P. Winship,2009-02-09 Making Heretics is a major new narrative of the famous Massachusetts disputes of the late 1630s misleadingly labeled the antinomian controversy by later historians Drawing on an unprecedented range of sources Michael Winship fundamentally recasts these interlocked religious and political struggles as a complex ongoing interaction of personalities and personal agendas and as a succession of short term events with cumulative results Previously neglected figures like Sir Henry Vane and John Wheelwright assume leading roles in the processes that nearly ended Massachusetts while more familiar hot Protestants like John Cotton and Anne Hutchinson are relocated in larger frameworks The book features a striking portrayal of the minister Thomas Shepard as an angry heresy hunting militant helping to set the volatile terms on which the disputes were conducted and keeping the flames of contention stoked even as he ostensibly attempted to quell them The first book length treatment in forty years Making Heretics locates its story in rich contexts ranging from ministerial quarrels and negotiations over fine but bitterly contested theological points to the shadowy worlds of orthodox and unorthodox lay piety and from the transatlantic struggles over the Massachusetts Bay Company's charter to the fraught apocalyptic geopolitics of the Reformation itself An object study in the ways that puritanism generated managed and failed to manage diversity Making Heretics carries its account on into England in the 1640s and 1650s and helps explain the differing fortunes of puritanism in the Old and New Worlds     **Christian Faith** Peter Crafts Hodgson,2001-01-01 Addresses three issues including the struggle for justice cultural and religious pluralism and ecological and cosmological awareness arguing for the necessity of revising Christian faith in order to handle changing circumstances Original     **American Catholicism Transformed** Joseph P. Chinnici,2021 Situating the church within the context of post World War II globalization and the Cold War American Catholicism Transformed draws on previously untapped archival sources to provide deep background to developments within the American Catholic Church in relationship to American society at large and Vatican Council II During this time the Catholic community entered a transitional stage in which those on the right and those on the left battled for control of the Church's vision This convergence of international and national forces of renewal and resistance to them will continue to shape the American Catholic community's global identity in the twenty first century     The Christian Witness and Advocate of Bible Holiness ,1899     **The Publishers Weekly** ,2006     Our Day ,1900
