Congress,1995 **100 Years of Nobel Prizes** Baruch Aba Shalev,2002 Winning a Nobel Prize is unquestionably the highest possible recognition of intellectual and personal achievement This book provides a detailed statistical analysis of what is required to win a Nobel why it sometimes takes a long time to collect the award and what the prizes have meant to human progress *Great Sacred Music* Samuel Wells,Andrew Earis,2025-01-16 *Great Sacred Music* a free lunchtime event of spoken word and music for choirs and congregations is a regular feature of the life at witness of St Martin in the Fields Each week a themed programme is offered which combines music with stories of how the pieces came to be written and some reflections on the theme As well as a celebration of music it has proved to be instrumental in the mission of St Martin s attracting many people to the church **This Fight Is Our Fight** Elizabeth Warren,2017-04-18 1 New York Times bestseller The fiery U S Senator from Massachusetts and bestselling author offers a passionate inspiring book about why our

middle class is under siege and how we can win the fight to save it Senator Elizabeth Warren has long been an outspoken champion of America's middle class and by the time the people of Massachusetts elected her in 2012 she had become one of the country's leading progressive voices Now at a perilous moment for our nation she has written a book that is at once an illuminating account of how we built the strongest middle class in history a scathing indictment of those who have spent the past thirty five years undermining working families and a rousing call to action Warren grew up in Oklahoma and she's never forgotten how difficult it was for her mother and father to hold on at the ragged edge of the middle class An educational system that offered opportunities for all made it possible for her to achieve her dream of going to college becoming a teacher and later attending law school But now for many these kinds of opportunities are gone and a government that once looked out for working families is instead captive to the rich and powerful Seventy five years ago President Franklin Roosevelt and his New Deal ushered in an age of widespread prosperity in the 1980s President Ronald Reagan reversed course and sold the country on the disastrous fiction called trickle down economics Now with the election of Donald Trump a con artist who promised to drain the swamp of special interests and then surrounded himself with billionaires and lobbyists the middle class is being pushed ever closer to collapse Written in the candid high spirited voice that is Warren's trademark *This Fight Is Our Fight* tells eye opening stories about her battles in the Senate and vividly describes the experiences of hard working Americans who have too often been given the short end of the stick Elizabeth Warren has had enough of phony promises and a government that no longer serves its people she won't sit down she won't be silenced and she will fight back

Joan of Arc Marina Warner, 2013-03-22 The fame of Joan of Arc began in her lifetime and though it has dipped a little now and then she has never vanished from view Her image acts as a seismograph for the shifts and settlements of personal and political ideals Joan of Arc is the heroine every movement has wanted as their figurehead In France anti semitic xenophobic extreme right parties have claimed her since the Action Francaise in the 19th century By contrast Socialists feminists and liberal Catholics rallied to her as the champion of the dispossessed and the wrongly accused Joan of Arc has also played a crucial role in changing visions of female heroism She has proved an inexhaustible source of inspiration for writers playwrights film makers performers and composers In a single brief life several of the essential mythopoietic characteristics that throughout history have defined the charismatic leader and saint are powerfully and intensely condensed Even while Joan of Arc was still alive but far more so after her death the heroic part of her story sparked narratives of all kinds in pictures ballads plays and also satires This was only heightened in 1841 by the publication of the Inquisition trial which had examined Joan for witchcraft and heresy The transcript of the interrogations gives us the voice of this young woman across the centuries with almost unbearable immediacy her spirit leaps from the page uncompromising in its frankness good sense courage and often breathtaking in its simple effectiveness Joan of Arc into one of the most fully and vividly present personalities in history about whom a great more is known in her own words and at first hand than is for example about Shakespeare However this has not

stopped the flow of fictions and fantasies about her Marina Warner analyses the symbolism of the Maid in her own time and in her rich afterlife in popular culture The cultural expressions are part of an ongoing historical struggle to own the symbol you could say the brand In a new preface to her study Marina Warner takes stock of the continuing contention in politics and culture for this powerful symbol of virtue Joan of Arc s multiple resurrections and transformations show how vigorous the need for figures like her remains and how crucial it is to meet that need with thoughtfulness She argues that abandoning the search to identify heroes and define them out of a kind of high minded distaste for propaganda lets dangerous political factions manipulate them to their own ends When Marine Le Pen calls on Joan of Arc s name she needs to be confronted about her bad faith and her abuse of history

**Resilient America** Michael Nelson,2017-06-26 To look at the partisan polarization that paralyzes Washington today is to see what first took shape with the presidential election of 1968 This book explains why Urban riots and the Tet Offensive the assassinations of Martin Luther King Jr and Robert F Kennedy the politics of outrage and race all pointed to a reordering of party coalitions of groups and regions a hardening and widening of an ideological divide and to the historical importance of the 1968 election as a watershed event Resilient America captures this extraordinary time in all its drama the personalities the politics the parties the events and the circumstances from the shadow of 1964 through the primaries to the general election that pitted Richard Nixon against Hubert Humphrey with George Wallace and Eugene McCarthy as the interlopers Where most accounts of this pivotal year and the decade that followed emphasize the coming apart of the nation this book focuses on the fact that because of measures taken after the election the country actually held together An esteemed scholar of the American presidency Michael Nelson turns our attention to how in spite of increasing and increasingly vehement differences the parties of the time managed to make divided government work Conventional political processes peaceful demonstrations congressional legislation executive initiatives Supreme Court decisions party reforms and presidential politics were flexible enough to absorb most of the dissent that tore America deeply in 1968 and might otherwise have torn it apart This fraught time as Nelson s work clearly demonstrates produced unity as well as results well worth noting in our current predicament
