is the contemporary body of legislation and regulation based on the 1964 Civil Rights Act which laid the foundation for a conscious and comprehensive racial and ethnic policy intended to aid disadvantaged minorities One of the major outcomes of the 1964 act was the implementation of affirmative action programs mandated by the federal government for its own agencies for federally funded institutions and for private enterprise Implementation depended on data collection based on federally developed racial and ethnic categories Because European ethnics were not included as an identifiable category many discovered Dr Lescott Leszczynski felt that preferential treatment for certain other ethnic groups operated to their disadvantage ethnic tension inevitably resulted Through a systematic review of laws executive orders federal agency directives and related jurisprudence Dr Lescott Leszczynski conveys the extent to which social change has been effected by ethnic policies and explores the ways in which ethnic policy develops how it is expressed how it is implemented and how it is challenged

Minchin, 2013-01-01 In the 1960s and 1970s the textile industry's workforce underwent a dramatic transformation as African Americans entered the South's largest industry in growing numbers Only 3.3 percent of textile workers were black in 1960 by 1978 this number had risen to 25 percent Using previously untapped legal records and oral history interviews Timothy Minchin crafts a compelling account of the integration of the mills Minchin argues that the role of a labor shortage in spurring black hiring has been overemphasized pointing instead to the federal government's influence in pressing the textile industry to integrate He also highlights the critical part played by African American activists Encouraged by passage of the 1964 Civil Rights Act black workers filed antidiscrimination lawsuits against nearly all of the major textile companies Still Minchin notes even after the integration of the mills African American workers encountered considerable resistance black women faced continued hiring discrimination while black men found themselves shunted into low paying jobs with little hope of promotion
