Review of the Work of Mr. John Stuart Mill George Grote,2018-04-26 Life of John Stuart Mill William Leonard Courtney,1889 **John Stuart Mill and the Religion of Humanity** Linda C. Raeder,2002 John Stuart Mill and the Religion of Humanity introduces material that requires significant reevaluation of John Stuart Mill s contribution to the development of the liberal tradition John Stuart Mill and the Religion of Humanity examines the religious thought and

aspirations of the philosopher and shows that contrary to the conventional view of Mill as the prototypical secular liberal religious preoccupations dominated his thought and structured his endeavors throughout his life For a proper appreciation of Mill's thought and legacy the depth of his animus toward traditional transcendent religion must be recognized along with the seriousness of his intent to found a nontheological religion to serve as its replacement Book Jacket **John Stuart Mill on**

Liberty and Control Joseph Hamburger,2001-06-18 John Stuart Mill is one of the hallowed figures of the liberal tradition revered for his defense of liberal principles and expansive personal liberty By examining Mill's arguments in *On Liberty* in light of his other writings however Joseph Hamburger reveals a Mill very different from the saint of rationalism so central to liberal thought He shows that Mill far from being an advocate of a maximum degree of liberty was an advocate of liberty and control indeed a degree of control ultimately incompatible with liberal ideals Hamburger offers this powerful challenge to conventional scholarship by presenting Mill's views on liberty in the context of his ideas about in particular religion and historical development The book draws on the whole range of Mill's philosophical writings and on his correspondence with among others Harriet Taylor Mill Auguste Comte and Alexander Bain to show that Mill's underlying goal was to replace the traditional religious basis of society with a form of secular religion that would rest on moral authority individual restraint and social control Hamburger argues that Mill was not self contradictory in thus championing both control and liberty Rather liberty and control worked together in Mill's thought as part of a balanced coherent program of social and moral reform that was neither liberal nor authoritarian Based on a lifetime's study of nineteenth century political thought this clearly written and forcefully argued book is a major reinterpretation of Mill's ideas and intellectual legacy **Review of the Work of Mr.**
