Masculinity in Contemporary New York Fiction Peter Ferry, 2014-08-21 Masculinity in Contemporary New York Fiction is an interdisciplinary study that presents masculinity as a key thematic concern in contemporary New York fiction This study argues that New York authors do not simply depict masculinity as a social and historical construction but seek to challenge the archetypal ideals of masculinity by writing counter hegemonic narratives Gendering canonical New York writers namely Paul Auster Bret Easton Ellis and Don DeLillo illustrates how explorations of masculinity are tied into the principal themes that have defined the American novel from its very beginning The themes that feature in this study include the role of the novel in American society the individual and urban society the journey from innocence to awareness of masculinity the archetypal image of the absent and or patriarchal father the impact of homosocial relations on the everyday performance of masculinity male sexuality and the male individual and globalization What connects these contemporary New York writers is their employment of the one of the great figures in the history of literature the fl neur These authors take the fl neur from the shadows of the Manhattan streets and elevate this figure to the role of self reflexive agent of male subjectivity through which they write counter hegemonic narratives of masculinity This book is an essential reference for those with an interest in gender studies and contemporary American fiction *Julian Barnes* Sebastian Groes, Peter Childs, 2011-06-30 Julian Barnes is one of the most refined British writers and distinguished intellectuals of his generation whose rich body of work has been awarded many literary prizes both in the UK and abroad This critical guide provides a wide range of current critical perspectives on Barnes work **Literary Memory, Consciousness, and the Group Oulipo** Peter Consenstein, 2021-11-08 The question of memory intrigues us more and more as industrialized societies move further and further away from the written word In the past the role of memory was integral to literary history precise mnemonics served

as the support systems for erudition and Mnemosyne was mother of the Muses The group Oulipo born in reaction to the Surrealists proposes invents and applies novel literary constraints Using memory and best of all conscious memory as a theoretical starting point the implications of writing under constraint are analyzed First writing under constraint is viewed as a new mnemonics second the spiritual component of such a practice is shown to redefine a notion of inspiration third constraints and their relationship with games and society is highlighted finally the manner in which they build a literary consciousness is studied through the lenspiece of contemporary neurobiological research For the first time the work of the group Oulipo and the member s emphasis on the function of literature is placed in historical cultural and philosophical context

Paul Auster Mark Brown, 2013-07-19 Paul Auster provides the first extended analysis of Auster s essays poetry fiction films and collaborative projects It explores his key themes of identity language and writing metropolitan living and community and storytelling and illusion By tracing how Auster s representations of New York and city life have matured from a position of urban nihilism to qualified optimism the book shows how the variety of forms he works in influences the treatment of his central concerns The chapters are organised around gradually extending spaces to reflect the way in which Auster s work broadens its focus beginning with the poet s room and finishing with the global metropolis of New York his home city and often his muse The book uses Auster s

Discrepant Solace David James, 2019 Consolation has always played an uncomfortable part in the literary history of loss But in recent decades its affective meanings and ethical implications have been recast by narratives that appear at first sight to foil solace altogether Illuminating this striking archive Discrepant Solace considers writers who engage with consolation not as an aesthetic salve but as an enduring problematic one that unravels at the centre of emotionally challenging works of late twentieth and twenty first century fiction and life writing The book understands solace as a generative yet conflicted aspect of style where microelements of diction rhythm and syntax capture consolation's alternating desirability and contestation With a wide angle lens on the contemporary scene David James examines writers who are rarely considered in conversation including Sonali Deraniyagala Colson Whitehead Cormac McCarthy W G Sebald Doris Lessing Joan Didion J M Coetzee Marilynne Robinson Julian Barnes Helen Macdonald Ian McEwan Colm Toibin Kazuo Ishiguro Denise Riley and David Grossman These figures overturn critical suppositions about consolation's kinship with ideological complaisance

superficial mitigation or dubious distraction producing unsettling perceptions of solace that shape the formal and political contours of their writing Through intimate readings of novels and memoirs that explore seemingly indescribable experiences of grief trauma remorse and dread James demonstrates how they turn consolation into a condition of expressional possibility without ever promising us relief He also supplies vital traction to current conversations about the stakes of thinking with contemporary writing to scrutinize affirmative structures of feeling revealing unexpected common ground between the operations of literary consolation and the urgencies of cultural critique *Discrepant Solace* makes the close reading of emotion crucial to understanding the work literature does in our precarious present **Late Modernism and the Avant-garde**

British Novel Julia Jordan, 2020 A study of the experimental novel of the postwar period in Britain that rethinks the resurgence of the literary avant garde that occurred in these decades and explains its implications for the history of the novel and late modernism more broadly Encyclopedia of Feminist Literature Mary Ellen Snodgrass, 2014-05-14 An accessible
