Reviewing Current Practice In Drugsubstitution Treatment In The European Union:

Reviewing Current Practice in Drug-substitution Treatment in the European Union European Monitoring Centre for Drugs and Drug Addiction, 2000 The aim of the European Monitoring Centre for Drugs and Drug Addiction is to provide objective reliable and comparable information about drugs and drug addiction in Europe This study looks at the use of substitution treatments It concludes that there has been a steady increase in the use of such treatments but that a successful strategy requires a multiple approach that combines drug substitution with drug free treatments As well as an overview of the subject this book provides reports on the situation in each of the EU countries

Reviewing Current Practice in Drug-substitution Treatment in the European Union, 2001 This volume is the result of an EMCDDA commissioned study carried out in 1998 and 1999 into one of the most widely discussed drug related topics in Europe today substitution treatment The study was prompted by the lively debate on the issue in the mid 1990s when Switzerland launched its first heroin trial France began buprenorphine treatment and methadone programmes expanded rapidly throughout Europe These initiatives led to an increased focus on substitution treatment and to the trajectories it was to follow in the future The volume opens with a historical overview of substitution treatment the development of methadone maintenance and other substitution services and a section on monitoring and evaluation It closes with a series of country profiles for each of the then 15 EU Member States all containing an introduction to substitution treatment in the country concerned

Development and Improvement of Substitution Programmes Council of Europe, Co-operation Group to Combat Drug Abuse and Illicit Trafficking in Drugs (Pompidou Group), 2001-01-01 The seminar pooled experience of substitution treatment in European countries reported on evaluations that have been made of existing programmes and took stock of developments resulting from changes in routes of administration and in the drug market

Prisons, Drugs and Society Co-operation Group to Combat Drug Abuse and Illicit Trafficking in Drugs (Pompidou Group), World Health Organization. Health in Prisons Project, Council of Europe, 2002-01-01 The Conference on Prisons Drugs and Society was held in Bern from 20 to 22 September 2000 The conference proceedings include 8 papers presented to the conference by delegates from different countries including Vivian Stern from the UK and Alexander Gunchenko from the Ukraine The report concludes with a consensus statement agreed by the conference on principles policy and practice

Addiction Mechanisms, Phenomenology and Treatment W.W. Fleischhacker, D.J. Brooks, 2011-06-27 Substance related disorders pose an increasing challenge not only to the field of psychiatry but also to public health The rapid development of our society has also changed the face of substance use and abuse both quantitatively and qualitatively In this volume international experts present reviews of the latest research covering many areas ranging from neurobiology to psychological management as well as different drugs from alcohol to ecstasy

HIV/AIDS in Europe World Health Organization. Regional Office for Europe, 2006 Tells the story of HIV AIDS in Europe from a broad variety of perspectives bio medical social cultural economic

and political The authors are leading experts from across the region and include both the infected and the affected be they doctors or former drug users United Nations employees or gay men public health researchers or community activists They describe how from the first documented cases in 1981 to the present era of antiretroviral management controlling the human immunodeficiency virus in Europe has provided elusive Methadone Matters John Strang, Gillian Tober, 2003-04-03

Methadone heals but methadone kills Methadone is a life saving treatment but methadone is also a life threatening poison The challenge is how to confer the benefit without incurring the harm And that is what this book is all about Methadone is by far the most widely prescribed drug in the treatment of heroin addiction and yet all too often we are clumsy in our use of this powerful drug So how much of the observed benefit is to do with methadone itself Does dose matter How important is the psychosocial component of care How can problems of poor compliance be addressed Is supervised consumption feasible and if so is it justifiable and beneficial And what is injectable methadone all about When is it ever prescribed and for whom and how And what about the dangers Methadone itself can be the actual drug of overdose How successful have efforts been made to re structure methadone treatment to prevent overdose deaths and how can the problems of diversion to the illicit market be kept to a minimum This multi authored book comprising chapters from the best of clinicians researchers and policymakers is the essential guide to increasing the relevance and effectiveness of methadone treatment Like it or loathe it Methadone Matters **The Drug Dilemma** Jason Stone, Andrea Stone, 2003 The anthology is designed as a starting point for academic debate about illegal drugs The 25 reprinted articles cover reducing harm and reduction law enforcement supply reduction the European Union s drug policies and terrorism and drugs Each appends suggested topics for debate They are not i

Drug Misuse and Community Pharmacy Janie Sheridan, John Strang, 2002-11-14 Drug misuse is a major challenge for health professionals in the 21st century and community pharmacy holds a key place in the management of prescribed medication the provision of health education and promotion messages to drug users Two decades ago there would have been no need for a book to describe such the role of community pharmacy however *A Review of Recent Advances in Knowledge about Methadone Maintenance Treatment* Ineke Beusekom, Martin Y. Iguchi, 2001 This report which provides a knowledge base for the development of methadone maintenance treatment clinical guidelines in Switzerland reviews the world wide literature on such treatment and existing guidelines Governing the Heroin Trade Melissa Bull, 2016-04-22

Examining the historical economic and political context for the current prohibition of particular drugs this study investigates the problem of drug control and provides a systematic analysis of the development of the international system of regulation It identifies the political rationalities that provided the basis of that system and positions these moral justifications for exercising power in relation to the practical programmes that put them into practice The work not only catalogues the techniques and strategies employed in the process of governing illicit drugs it also notes the failures unintended consequences and other difficulties associated with getting such programmes to work It will be of key interest to students
