Reviewing Leadership A Christian Evaluation Of Current Approaches:

Reviewing Leadership (Engaging Culture) Robert J. Banks, Bernice M. Ledbetter, David C. Greenhalgh, 2016-06-21
Evaluating Current Approaches to Leadership This book offers a comprehensive evaluation of current approaches to leadership from a discerning Christian perspective Combining expertise in leadership theology and ministry the authors take a historical look at leadership and how it is viewed and used in today's context The book is informed by both biblical and leadership studies scholarship and interacts with a number of popular marketplace writings on leadership It also evaluates exemplary role models of Christian leadership The second edition has been updated and revised throughout *The Three Tasks of Leadership* Eric O. Jacobsen, 2009-02-05 This book unpacks business leader Max De Pree's famous definition of leadership originally given for the business world and applies it to the church Eighteen theologians and pastors here offer essays echoing that definition The Three Tasks of Leadership is refreshingly free of jargon full of practical and inspirational advice and perfect for both pastors in the field and pastors in formation Contributors David Augsburger Robert Banks James E Bradley Mark Lau Branson Sherwood Lingenfelter Richard J Mouw Nancy Ortburg Richard Peace Charles J Scalise Wilbert R Shenk Marguerite Shuster Siang Yang Tan Dennis N Voskuil Linda Wagener Howard Wilson and Walt Wright

Evaluating Leadership J. Keith McKinley, 2024-02-21 Leadership is vital but how do you know which leadership theory or practice is right for you How should you go about assessing the quality of a leadership practice How can you evaluate leadership ideas to ensure that they line up with Scripture How can you assess a leadership model and know it will work in your ministry setting Evaluating Leadership provides a solution to these problems It introduces the Leadership Assessment Matrix which helps you assess whether a leadership theory principle or practice is suitable for your team and your specific context Drawing on extensive experience and research Evaluating Leadership delves deep into the problem explains the model and demonstrates how it can be applied If you have ever had questions about how to evaluate leadership ideas or practices this book is the book for you The Dark Side of Leadership Dr Tessie Herbst, 2014-03-28 This book highlights the fact that leaders do indeed affect the performance of organizations or the well being of society for better or worse to cast either a shadow or light by the exercise of their leadership Modern psychology with its theories of human behavior which does not acknowledge the existence of the spiritual realm cannot explain the carnage and evil often associated with the dark side of leadership This book focuses on the dark side of leadership in a multidimensional manner and provides a psychospiritual approach toward understanding personality disorders and leader derailment It highlights an area that has not been widely studied by leadership researchers to date the dynamic relationship between the psychological and spiritual domains in shaping the dark side which lead to leadership failure and derailment This book calls for a more interdisciplinary approach and holistic understanding of the dark side of leadership inseparably relating body soul and spirit as they function individually and relationally It highlights the fact that the restoration of personality will require sustained dialogue between

theologians and the medical and psychological professions Such a theoretical perspective would help us better understand how personality disorders develop not only emotionally and psychologically but spiritually *Ecclesial Leadership as Friendship* Chloe Lynch,2019-03-01 When it comes to talking about the activity of directing the church the language of leadership and leaders is increasingly popular Yet what is leadership and how might theological narratives better resource the discourse and practice of leadership in ecclesial contexts In identifying and critiquing managerialism as a dominant narrative of leadership in the Western church this book calls for an alternative approach founded on the concept of friendship Engaging with the wider field of leadership studies the book establishes an understanding of leadership activity and brings it into conversation with an incarnational ecclesiology The result is a prophetic reimagining of ecclesial leadership in terms of a relational kenotic praxis This praxis of mutuality and love is framed here in the rich language of Christian friendship The book also wrestles deeply with the embodiment of such a praxis making explicit the power behaviours typical of friendship leadership and offering constructive guidance for practitioners in the task of implementation within a complex and fractured world This book offers a new vision of the centrality of friendship to leadership of a healthy church community As such it will be of great use to scholars of practical theology ecclesiology and leadership as well as practitioners in church ministry

Adoptive Youth Ministry (Youth, Family, and Culture) Chap Clark,2016-01-26 Kids desperately need healthy committed adults who can help them thrive in their faith and become active participants in the life of the church This requires the efforts of the whole faith community Chap Clark one of the leading voices in youth ministry today brings together twenty four experts from a variety of denominations and traditions to offer a comprehensive introduction to adoptive youth ministry a theologically driven academically grounded and practical youth ministry model The book shows readers how to integrate emerging generations into the family of faith helping young adults become active participants in God s redemptive community *The Kenotic Organization* Brian E. Ruffner,2023-01-25 Although organizations frequently proclaim the desire for change renewal and transformation few ever fully embrace those ideas failing to rise above more than mere mediocrity and never realizing even a fraction of their true potential Certainly many pontificate on the nature of organizations as they live and breathe so to speak yet few question how the organization ought to be This ought belies the existential and ethical dimensions of organizing and as such points to a discipline not often associated with the organizational realm theology To this end the concept of the kenotic organization offers a much needed antidote to the syndrome described above Drawing on the divine Trinitarian kenosis observed in the creation event and witnessed in the Incarnation the simultaneous actions of self limiting and pouring out inform the organizational cause and expose a deeply entangled organizational mesh enveloping the entire cosmos which can serve as a catalyst to excite preferred organizational behaviors It is in fact the humility of Trinitarian kenosis the willingness to withdraw but also at once pour out the individual essence that generates the thrust necessary to escape the gravitational pull of convention which typical inhibits organizational

flourishing **Leadership Ethics & Spirituality** J. Thomas Whetstone, 2013-07-02 A practical guide for anyone called to be a good leader Leadership Ethics Spirituality explains why and how you can be both effective and ethical as a successful leader while walking by faith From a biblical worldview it draws upon leadership research and ethics theory to explain what practices and character qualities you need to be a good leader and how you can develop and apply them successfully to the challenges faced in twenty first century organization effectively ethically and with spiritual mindedness Although written primarily to Christian leaders it offers useful insights for those from other spiritual traditions and perspectives as well

Servants and Fools Arthur Boers, 2015-10-20 Leadership is a much discussed topic What does it actually mean for us as Christians Does Christian leadership have its own distinctive shape and character In Servants and Fools A Biblical Theology of Leadership Arthur Boers examines Jesus s pattern of leadership Boers shows how this pattern is rooted in service and sacrifice is cautious about power and hierarchies and prioritizes the vulnerable In other words it often reverses what we expect of leadership and is different from what we read in most leadership literature Servants and Fools is a unique resource for students and practitioners across denominations It offers a foundational perspective on leadership and guidance for practical application in the reader s daily life and ministry Arthur Boers has at last written the book we have sorely needed a book that is destined to become the main text in my seminary courses in church leadership a book that is sure to be enthusiastically received by thousands of contemporary Christian leaders Boers energetically underscores the joyful peculiarity of specifically Christian leadership His book is unique a biblically based Christologically grounded defense of leadership in the name of Christ Will Willimon Professor of the Practice of Christian Ministry Duke Divinity School United Methodist Bishop retired and author of Pastor The Theology and Practice of Ordained Leadership Servants and Fools is a brilliant and essential contribution to any serious study of leadership Robust faithful insightful biblical teaching A judicious knowledgeable harvest of the best contributions from leadership theorists and practitioners Plus humor in the trenches experiences and practical applications I cannot imagine ever teaching another class on leadership without assigning and discussing Arthur Boers s book David W Gill Mockler Phillips Professor of Workplace Theology Ethics Gordon Conwell Theological Seminary In Servants and Fools A Biblical Theology of Leadership Arthur Boers deconstructs the contemporary cult of leadership and serves up a refreshingly Biblical alternative It is a great cautionary tale for today s churches seminaries and Christian non profits At the same time it offers great insight for secular organizations and leaders as well John Suk author former editor of The Banner and pastor of Lawrence Park Community Church Toronto Canada One of Hearts Minds Bookstore s BEST BOOKS OF 2015 Shepherding God's People Siang-Yang Tan, 2019-07-16 This comprehensive textbook on pastoral ministry for pastors church leaders and students articulates a biblical model for shepherding God s people Written by a leading psychologist and seminary professor who has served as a pastor for more than two decades the book covers twelve major areas of pastoral ministry highlights the essential work of the Holy Spirit and focuses on the

personal and family life of the pastor It includes cross cultural perspectives of special interest in our diverse world and a foreword by John Ortberg **UnCorinthian Leadership** David Ian Starling,2014-07-15 Amid the torrent of books on leadership that flood the marketplace of contemporary Christianity UnCorinthian Leadership takes a fresh challenging and biblical approach David Starling examines the teaching and leadership practices of Paul in 1 Corinthians and finds both a sharp critique of the Corinthianized practices that are endemic in much modern Western Christianity and a positive compelling theological vision for how leadership ought to function among the people of Christ The account of Christian leadership that emerges is grounded in careful contextual study of 1 Corinthians and thoughtfully applied to the circumstances and cultural pressures of our own times Paying close attention to the situation Paul addresses and the shape of his arguments Starling highlights the vivid relevance and enduring power of the letter Students of 1 Corinthians will find an illuminating guide to the contemporary application of the letter Christian leaders and students of leadership will find a refreshingly biblical account of what makes Christian leadership Christian Sacred Sustainability, Polyhedral Christianity and Cosmic Challenges Jojo M. Fung,2025-03-31 This book explores the concept of Polyhedral Christianity that has the capacity to embrace the inter multicultural religious complexities of our contemporary world taking inspiration from Pope Francis use of the image of a polyhedron The author suggests that Polyhedral Christianity calls for an Enspirited Leadership This spirit driven leadership is grounded in creational pneumatology and cosmicism to promote resilient religiocultural communities that enjoy a more relational harmony of all life forms on Earth conscious of an interdependent interconnected oneness in the sacred web of life in the cosmos creation The chapters engage with indigenous notions of sacred sustainability from the primal as well as the Buddhist Hindu and Islamic religious traditions This innovative corpus will be of particular interest to the scholars of theology theologians of the world Christianity and interreligious relations *Transforming Daily Work into a Divine Vocation* Robert Banks,2022-12-12 During the last few decades there has been an increasing interest in the connection between our faith and our work along with the growth of resources and organizations to bring the two into dialogue Despite this most Christians continue to feel that their daily work is less valuable than that of pastors missionaries or full time workers in a religious organization In a fresh and practical way this book sets out the biblical historical and theological grounds for challenging this commonly felt view It includes a range of engaging personal case studies that demonstrate the profound effect integrating one's work up into one's faith can have relationally institutionally and societally as well as evangelistically pastorally and missionally Attention is also given to the increasingly addictive fragmented and precarious nature of work today and to how we can spiritually find our way to discerning and expressing our unique God given vocation The final section of the book considers whether any of our work has eternal value and retells a compelling parable of what this might look like *Rooted Leadership* John Johnson,2022-06-14 Behind many of the challenges facing us today is a failure of leadership This is not a new problem Yearning for wise guidance and effective authority is a perennial

human longing We need leaders who are credible competent and committed But many leaders seem to be caught up even consumed with their own power and agendas Some see the leadership crisis as an intellectual problem believing we lack a clear theory of leadership Others view the breakdown of leadership as a result of increasing deficiency in moral character Most leadership books today revolve around the concepts of motivation inspiration empowerment and teamwork Helpful as these themes might be they miss something more fundamental Leadership needs a theological foundation that will be useful for shaping the undergirding principles and evaluating current leadership theories and practices We need to view leadership from the vantage point of God In *Rooted Leadership* John E Johnson explores how Christian theology provides an overarching leadership framework and applies that theory to leadership practices Spiritual reflection guided by scripture points us to the very center of leadership God and the purpose of leadership that we might display his glory All the best forms of leading take their cues from who God is his purposes and his ways of working with people that he has progressively revealed Building on three decades of research study and experience as a global leader Johnson surveys the landscape of contemporary leadership theory unpacks the assumptions and beliefs that underly current trends and responds by offering a robust approach to leadership founded on the character work and words of God

Transforming Vocation David Benson, Kara Martin, Andrew Sloane, 2021-05-12 There has been an explosion of publishing in the faith work movement in the last twenty years Work is increasingly seen as the new frontier for Christian mission However the church and theological colleges have failed to keep up with the interest among and needs of workplace Christians This book is the urgent corrective that is needed moving past *Theology of Work 101* to much deeper encounters with God's word as it relates to daily work These twelve academic papers look at work through three different lenses the workplace the church and theological education It is prefaced by Mark Greene from the London Institute for Contemporary Christianity reflecting on what work church and theological education would look like if there was no sacred secular divide In the concluding remarks the editors imagine a future where each domain is transformed by the gospel working dynamically together for the life of the world While academic in terms of depth of thinking quality of research and referencing of crucial sources for further exploration this book is never dry Rather it's life giving and provocative for every vocation asking fundamental questions of the reader What is the work that God is calling you to do How can the gospel transform your work And how well positioned are churches and colleges to be at the forefront of transforming vocation With contributions from Mark Greene James Pietsch Peter White Peter Docherty Gordon Preece Keith Mitchell David Fagg Ian Hussey Colin Noble Andrew Matthews Sarah Bacaller Samuel Curkpatrick Maggie Kappelhoff

The Tortoise Usually Wins Brian Harris, 2013-04-05 *The Tortoise Usually Wins* is a delightful exploration of the theory of quiet leadership Written for reluctant leaders it interacts with three key biblical images of leadership the leader as servant shepherd and steward and links them with some of the key virtues of quiet leadership modesty restraint tenacity interdependence and other centeredness Exploding the myth that the good is the enemy of the best it argues that the reverse

is more often true with images of unattainable perfection crippling competent people from getting on with the task of doing genuinely good things The book strips leadership of some of its mystique arguing that the bulk of leadership is about helping groups decide the right things to do and then getting on and doing them in an atmosphere that brings the best out of others Brian Harris is the principal of a highly regarded theological seminary and also pastors a thriving local church so the book carries the wisdom of both professor and pastor satisfying the reader both intellectually and practically These insights are supplemented by interviews with significant quiet leaders from around the world ensuring a rich feast for prospective and current reluctant leaders Books on leadership are today two a penny Just occasionally however one of these books might stand head and shoulders above most of the others and to my delight *The Tortoise Usually Wins* falls into that category Furthermore so many books on leadership are written for natural leaders whereas as the author makes clear most churches are led by quiet leaders who know they are not great but nonetheless are tenacious and committed to the task and willing to work co operatively with others to achieve it I can see many church leaders benefitting from this book I warmly commend this unusual book Paul Beasley Murray Senior Minister Central Baptist Church Chelmsford Chair of Ministry Today UK

HEALING A WOUNDED LEADER Wendell J. Davis Sr., 2013-05-16 Effective leadership is required in the twenty first century churches as these churches are facing numerous issues due to ineffective leadership In order to lead churches wounds of leaders must be healed up in the Christian ministry Today the churches of America are facing leadership issues because their leaders wounds are not treated and healed up This results in critical crippling and catastrophic effect on the Christian Ministry Those life threatening wounds must be identified The healing of the wounded leader is essential to the Spirit well being of the people The purpose of the study is to investigate the wounds face by church leaders The study also investigates that how these wounds affect church leadership This study also identifies methods of healing of wounded leader and interventions used from transforming wounded leaders into an active and effective leader Many churches are facing numerous leadership issues due to leaders wounds Identification of this issue is important for the development and implementation of churches in America This study helps in investigating the wounds among leaders and their relationship with leadership ineffectiveness The study helps in identifying the meaning of wounds This study helps in studying impact of wounds on church leaders in detail This study classifies wounds as divorces childhood traumatic experiences such as rape molestation and physical abuse through domestic violence emotional abuse through verbal altercations and mental abuse from a sibling parent spouse authority figure or partner in a relationship For this study mixed method was done Survey interview questions and observational research were done According to the participants many of the transformational leadership concepts are transferrable into the church context however including idealized influence which espouses the leader as a role model with high moral standards and ethical conduct and as one who considers the needs of others before his or her own According to the participants Old Testament suggested there are numerous examples of leadership

development in the Old Testament the short space available in this review will dictate a focus on one of the most obvious and well known leadership examples According to the respondents personality is becoming more and more associated with leadership style and ability This is particularly true when one is discussing the concept of transformational leadership Due to leadership issues in American churches Christian community is reluctant to visit their nearby churches regularly The results depicted that due to past wounds or inner wounds the church leaders are not able to have Holy spirits The wounds must be healed up for attaining pure Holy spirits If their wounds are properly healed up then they can more firmly believe as the apostle on the super natural healings signs and miracles The unhealed wounds of the church leaders hinders in the way of the leaders for praying for the humanity or for those who are suffering from hardships regularly The lack of pastoral visitations of the members is due to the wounded souls of the leaders For increasing the pastoral visitations of the members the church leaders wounds must be healed up by using various methods Ineffective leadership is practicing in the churches these leaders are not conducting the different counseling sessions for the Christian communities The Christian communities are not interested in visiting churches because of the ineffective leadership The ineffective leadership does not encourage Christian communities towards practicing God preaching at church The church leadership is not effective to spiritually inspire Christian communities the church leadership is not effective to initiate programs which are helpful for attracting and retaining Christian communities missionary programs are not being implemented by many American churches because of lack of effective church leadership

Succeeding at Succession Peter Bunton, 2023-06-09 By providing case studies of Christian organizations and networks which have recently undergone succession and drawing upon perspectives from leadership theory psychology organizational development and theology this work shows multiple overlapping aspects of succession These facets include plans processes gender implications theologies of leadership successor origins relationship between outgoing and incoming leaders selection methods and organizational beliefs manifested in succession ceremonies An analysis of the various successions studied reveals the need for the organization or network to reflect on its own understandings and theologies of leadership without so doing organizational succession could be impaired While exploring the complexities of leadership succession particularly founder succession this book provides clear lessons and guidance for those navigating such transitions in leadership

Global Mindset Robert French, 2018-10-19 Think globally act locally is a phrase many of us grew up hearing What we weren't told however is how hard it is to accomplish This work mines the well researched field of global mindset by exploring the ways global knowledge allows organizations of any size or tenure to become more effective on the global scene It draws on a case study of an international religious community to show how global partnerships can be improved and how organizational members can grow professionally and personally from a global mindset even if they never step foot on a plane

Leading Cross-Culturally Sherwood G. Lingenfelter, 2008-12-01 As the US becomes more diverse cross cultural ministry is increasingly important for nearly all pastors and church leaders Of particular concern is the issue of

leadership a difficult task made even more challenging in multicultural settings Sherwood Lingenfelter helps the reader understand his or her own leadership culture and its blind spots examine it critically in light of Scripture and become an effective learner of other cultural perspectives on leadership He also confronts the issues of power inherent in any leadership situation Lingenfelter carefully defines cross cultural leadership and unpacks that definition throughout the book with an emphasis on building communities of vision trust and empowerment through leadership based on biblical principles In the end he argues that leaders must inhabit the gospel story to be effective cross culturally
