Elephants in the Church George Bloomer, 2014-07-01 Where Are the Truth Tellers Our world is facing serious problems that pose genuine threats to our safety our economy our health and our very survival Sadly partisanship and allegiances to special interests are preventing our nation from taking the needed action on such matters And where is the church at this perilous time in history Instead of proclaiming God's wisdom on the issues of our day many of us are either too blinded by political affiliations or too afraid to let our voices be heard While resisting the predictable labels of Democrat and Republican Bishop George Bloomer holds both sides accountable by boldly examining some of the most polarizing yet important issues of our time Abortion Poverty and income inequality Gay marriage Racial relations War and the military industrial complex Gun control Christians will never succeed in impacting the culture if they remain emasculated by political correctness and afraid to speak the truth Change is possible only when brave and audacious men and women are willing to confront evil and injustice through their words and their actions

Thm a Memoir David McCallie, 2011-06-22 Thomas Hooke McCallie wrote a memoir in 1902 reporting for the benefit of his children what he knew of his family's immigration to the New World of his education at Union Theological Seminary in New York City of his courtship and marriage and in more detail the trials and tribulations that befell him his family and his church during the tumultuous years of the Civil War THM as the editor calls him throughout the book opposed secession by his home state of Tennessee and refused to support the Confederacy either as a soldier or as a minister And with equal vigor he opposed the Federal government's resolve to preserve the Union by force of arms His determination not to support either side of the conflict was the perfect formula for being harassed by both sides Much of the memoir turns on the troubled existence resulting for THM his family and his church because of his fixed view of right and wrong at this catastrophic moment in our nation's history In spite of the detailed reporting of pain and privation suffered during the war the editor feels the real theme of the story is the way THM and his wife face every new crisis with prayer prayer and faith that their prayers would be heard Early in the war THM preached to Confederate soldiers who found their way to his church and later in the war after the Union Army occupied Chattanooga to Union soldiers never changing the message because of the color of the uniform The message That every man whether dressed in blue or gray must know the saving Grace of Jesus Christ

Taking On Goliath Barbara J Yoder, 2012-10-08 We live in a spiritual war zone and we need to become a godly warrior generation that can confront the forces attempting to thwart the purposes of God for His people today Only an encounter with God will bring revolution and a supernatural faith that will apprehend the impossible Taking on Goliath inspires the believer to arise as a warrior and go into all the world and change it
