

# REVOLT OF THE ADMIRALS

The Fight for Naval Aviation, 1945–1950

*Jeffrey G. Barlow*

# Revolt Of The Admirals The Fight For N

**James C. Bradford, John F. Bradford**

## **Revolt Of The Admirals The Fight For N:**

*United States Government Information*, 1994      *Victory On The Potomac* James R. Locher, 2002 War is waged not only on battlefields In the mid 1980s a high stakes political struggle to redesign the relationships among the president secretary of defense Joint Chiefs of Staff chairman of the Joint Chiefs and warfighting commanders in the field resulted in the Goldwater Nichols Act of 1986 Author James R Locher III played a key role in the congressional effort to repair a dysfunctional military whose interservice squabbling had cost American taxpayers billions of dollars and put the lives of thousands of servicemen and women at risk Victory on this front helped make possible the military successes the United States has enjoyed since the passage of the bill and to prepare it for the challenges it must still face Victory on the Potomac provides the first detailed history of how Congress unified the Pentagon and does so with the benefit of an insider's view In a fast paced account that reads like a novel Locher follows the bill through congressional committee to final passage making clear that the process is neither abstract nor automatic His vivid descriptions bring to life the amazing cast of this real life drama from the straight shooting chairman of the Senate Armed Services Committee Barry Goldwater to the peevishly stubborn secretary of defense Casper Weinberger Locher's analysis of political maneuvering and bureaucratic infighting will fascinate anyone who has an interest in how government works and his understanding of the stakes in military reorganization will make clear why this legislative victory meant so much to American military capability James R Locher III a graduate of West Point and Harvard Business School began his career in Washington as an executive trainee in the Office of the Secretary of Defense He has worked in the White House the Pentagon and the Senate During the period covered by this book he was a staff member for the Senate Committee on Armed Services Since then he has served as an assistant secretary of defense in the first Bush and the early Clinton administrations Currently he works as a consultant and lecturer on defense matters      New and Popular Titles, 2001      **Military Affairs Catalog** United States. Superintendent of Documents, 2000      **The Cold War** Spencer C. Tucker, 2020-10-27 This sweeping reference work covers every aspect of the Cold War from its ignition in the ashes of World War II through the Berlin Wall and the Cuban Missile Crisis to the collapse of the Soviet Union in 1991 The Cold War superpower face off between the Soviet Union and the United States dominated international affairs in the second half of the 20th century and still reverberates around the world today This comprehensive and insightful multivolume set provides authoritative entries on all aspects of this world changing event including wars new military technologies diplomatic initiatives espionage activities important individuals and organizations economic developments societal and cultural events and more This expansive coverage provides readers with the necessary context to understand the many facets of this complex conflict The work begins with a preface and introduction and then offers illuminating introductory essays on the origins and course of the Cold War which are followed by some 1 500 entries on key individuals wars battles weapons systems diplomacy politics economics and art and culture Each entry has cross references

and a list of books for further reading The text includes more than 100 key primary source documents a detailed chronology a glossary and a selective bibliography Numerous illustrations and maps are inset throughout to provide additional context to the material

**World War II** Spencer C. Tucker, Priscilla Roberts, 2005-02-23 Designed with the more visual needs of today's student in mind this landmark encyclopedia covers the entire scope of the Second World War from its earliest roots to its continuing impact on global politics and human society Over 1 000 illustrations maps and primary source materials enhance the text and make history come alive for students and faculty alike ABC-CLIO's World War II A Student Encyclopedia captures the monumental sweep of the Big One with accessible scholarship a student friendly image rich design and a variety of tools specifically crafted for the novice researcher For teachers and curriculum specialists it is a thoroughly contemporary and authoritative work with everything they need to enrich their syllabi and meet state and national standards Ranging from the conflict's historic origins to VJ Day and beyond it brings all aspects of the war vividly to life its origins in the rubble of World War I its inevitable outbreak its succession of tumultuous battles and unforgettable personalities Students will understand what the war meant to the leaders the soldiers and everyday families on home fronts around the world Featured essays look at Pearl Harbor the Holocaust the atomic bomb and other crucial events as well as fascinating topics such as signals intelligence and the role of women in war A separate primary source volume provides essential source material for homework test preparation or special projects With a wealth of new information and new ideas about the war's causes course and consequences World War II will be the first place students turn for the who what when where and more importantly the why behind this historic conflict

America, Sea Power, and the World James C. Bradford, John F. Bradford, 2022-11-29 The gold standard in college level American naval history texts edited by the foremost scholar in the field In the newly revised second edition of America Sea Power and the World a team of distinguished researchers delivers an extensive and authoritative survey of American naval history the place of the United States in world affairs and the role of that country's naval forces during peacetime and wartime Each chapter contains a comprehensive analysis of its subject as well as brief sidebars describing a key weapon or technological development of the era and a short biographical sketch of an influential leader or representative of the navy from that era The book offers extensive illustration and maps and a throughgoing emphasis on naval policy strategy roles and missions with careful attention paid to naval operations These factors given greater focus than the descriptions of battle tactics found in other texts Readers will also find A thorough introduction to sea power and the modern state system as well as the American War for Independence at sea Comprehensive explorations of the genesis of the United States Navy from 1785 to 1806 Practical discussions of the Naval War of 1812 and the Confirmation of Independence from 1807 to 1815 and the Squadron Navy as an agent of the commercial empire until 1890 Fulsome treatments of the Second World War in the Atlantic Mediterranean and the Pacific including defensive actions in the Pacific from 1937 to 1943 and offensive actions from 1943 to 1944 New chapters exclusive to the 2nd edition focused on the history

of African Americans and women in the US Navy the development of joint operations and unified command and the naval history of the last two decades Perfect for undergraduate students taking courses on the naval history of the United States America Sea Power and the World Second Edition will also earn a place in the libraries of members of the general public interested in naval and military history *The State and the Soldier* Kori Schake,2025-07-21 America s Founding Fathers feared that a standing army would be a permanent political danger yet the U S military has in the 250 years since become a bulwark of democracy Kori Schake explains why in this compelling history of civil military relations from independence to the challenges of the present The book begins with General Washington s vital foundational example of subordination to elected leaders during the Revolutionary War Schake recounts numerous instances in the following century when charismatic military leaders tried to challenge political leaders and explains the emergence of restrictions on uses of the military for domestic law enforcement She explores the crucial struggle between President Andrew Johnson and Congress after Lincoln s assassination when Ulysses Grant had to choose whether to obey the Commander in Chief or the law and chose to obey the law And she shows how the professionalization of the military in the twentieth century inculcated norms of civilian control The U S military is historically anomalous for maintaining its strength and popularity while never becoming a threat to democracy Schake concludes by asking if its admirable record can be sustained when the public is pulling the military into the political divisions of our time **The Long War** Andrew J. Bacevich,2009-06-22 Essays by a diverse and distinguished group of historians political scientists and sociologists examine the alarms emergencies controversies and confusions that have characterized America s Cold War the post Cold War interval of the 1990s and today s Global War on Terror The developments of this Long War have left their imprint on virtually every aspect of American life and by considering the period as a whole this volume is the first to take a truly comprehensive look at America s response to the national security crisis touched off by the events of World War II Contributors consider topics ranging from grand strategy and strategic bombing to ideology and economics and assess the changing American way of war as the twentieth century progressed They evaluate the evolution of the national security apparatus and the role of dissenters who viewed the activities of that apparatus with dismay and they take a fresh look at the Long War s civic implications and its impact on civil military relations More than a military history The Long War examines the ideas policies and institutions that have taken shape since the United States claimed the role of global superpower In breaking down the old and artificial boundaries that have traditionally divided the postwar period into neat historical units this volume offers fresh perspectives on the current state of American national security

Admiral Nimitz Brayton Harris,2012-01-03 A superbly written biography of the legendary Admiral who commanded the Allied Pacific Fleet during WWII Carlo D Este author of Eisenhower and Patton Chester Nimitz was an admiral s Admiral considered by many to be the greatest naval leader of the last century After the attack on Pearl Harbor Nimitz assembled the forces selected the leaders and as commander of all US and Allied air land and sea forces in the Pacific Ocean led the charge

one island at a time one battle at a time toward victory A brilliant strategist Nimitz achieved remarkable victories against fantastic odds outpacing more flamboyant luminaries like General Douglas MacArthur and Admiral Bull Halsey And he was there to accept on behalf of the United States the surrender of the Japanese aboard the battleship USS Missouri in August 1945 In meticulously researched immensely informative and laudably balanced biography Brayton Harris uses long overlooked files and recently declassified documents to bring to life one of America s greatest wartime heroes Alan Axelrod author of *A Savage Empire*      **Pushing the Limits** Carl P Lavo,2013-12-15 Vice Admiral Allan Rockwell McCann left no reminiscences that might reveal a deeper sense of his extraordinary service but naval historian Carl LaVO has filled that void by writing this revealing and often inspiring biography Among McCann s many accomplishments Served as liaison officer for the modification of the antiquated O 12 submarine into the privately leased Nautilus that made the first attempt to sail beneath the Arctic ice shelf in 1931 pioneered the McCann Submarine Rescue Chamber directed fire from the sub tender Pelias at Japanese aircraft attacking Pearl Harbor commanded the battleship Iowa during the Battle of Leyte Gulf was Chief of Staff of the Navy s 10th Fleet that stymied a last ditch effort to attack North America via U boats headed the Navy task force that transported President Truman to the Potsdam conference and as ComSubPac was aboard the first submarine to navigate under the polar ice in 1947 This book is an overdue appreciation of a significant admiral who has been all but ignored in naval history      **Winged Shield, Winged Sword 1950-1997** Bernard C. Nalty,2003-11 Describes and analyzes in the context of national policy and international rivalries the evolution of land based air power since the United States Army in 1907 established an Aeronautical Division Provides a clearer understanding of the central role of the Air Force in current American defense policy      *Winged Shield, Winged Sword: 1950-1997* Bernard C. Nalty,1997 This is the milestone official comprehensive history of the United States Air Force with compelling stories about America s airmen and their aircraft This document Volume II picks up the narrative at the Korean War takes it through the War in Southeast Asia the Gulf War to the drawdown following the end of the Cold War barnesandnoble com      **Winged Shield, Winged Sword: 1907-1950** Bernard C. Nalty,1997 This is the milestone official comprehensive history of the United States Air Force with compelling stories about America s airmen and their aircraft This document Volume I contains the first 12 chapters and begins with balloons and the earliest heavier than air machines It carries the story through World War II to the establishment of the United States Air Force as a service separate from but equal to the Army and the Navy barnesandnoble com      **Winged Shield, Winged Sword 1907-1950** Bernard C. Nalty,2003-11 Describes and analyzes in the context of national policy and international rivalries the evolution of land based air power since the United States Army in 1907 established an Aeronautical Division Provides a clearer understanding of the central role of the Air Force in current American defense policy      Technology and Naval Combat in the Twentieth Century and Beyond Phillips Payson O'Brien,2013-01-11 This work examines how the navies of Great Britain the USA Germany Japan the Soviet Union France and Italy confronted the various technological changes

posed during different periods in the 20th century      Reorganizing the Joint Chiefs of Staff Gordon Lederman,1999-11-30 The Goldwater Nichols Department of Defense Reorganization Act of 1986 is the most important legislation to affecting U S national defense in the last 50 years This act resulted from frustration in Congress and among certain military officers concerning what they believed to be the poor quality of military advice available to civilian decision makers It also derived from the U S military s perceived inability to conduct successful joint or multi service operations The act passes after four years of legislative debate designated the Chairman of the Joint Chiefs of Staff as the principal military advisor to the President and sought to foster greater cooperation among the military services Goldwater Nichols marks the latest attempt to balance competing tendencies within the Department of Defense namely centralization versus decentralization and geographic versus functional distributions of power As a result of the Goldwater Nichols Act the Chairman of the Joint Chiefs has achieved prominence but his assignment is somewhat contradictory the spokesman and thus the advocate for the Commander in Chief while simultaneously the provider of objective advice to the President While the act did succeed in strengthening the CINCs authority and in contributing to the dramatic U S achievements in the Gulf War the air and ground campaigns revealed weaknesses in the CINCs capability to plan joint operations In addition the increased role of the military in ad hoc peacekeeping operations has challenged the U S military s current organizational structure for the quick deployment of troops from the various services Rapid technological advances and post Cold War strategic uncertainty also complicate the U S military s organizational structure      **Downfall** Richard B. Frank,2001-05-01 In a riveting narrative that includes information from newly declassified documents acclaimed historian Richard B Frank gives a scrupulously detailed explanation of the critical months leading up to the dropping of the atomic bomb Frank explains how American leaders learned in the summer of 1945 that their alternate strategy to end the war by invasion had been shattered by the massive Japanese buildup on Kyushu and that intercepted diplomatic documents also revealed the dismal prospects of negotiation Here also for the first time is a comprehensive account of how Japan s leaders were willing to risk complete annihilation to preserve the nation s existing order Frank s comprehensive account demolishes long standing myths with the stark realities of this great historical controversy      **Arguing Over the American Lake** Hal M. Friedman,2009 Hal M Friedman analyzes the major issues concerning the Pacific Basin that confronted the executive branch departments between 1945 and 1947

The Sea and the Second World War Marcus Faulkner,Alessio Patalano,2019-12-10 The sea shaped the course and conduct of World War II from the first moments of the German invasion of Poland on September 1 1939 to the Japanese surrender on September 2 1945 The impact could be felt far beyond the shoreline as the arms and armies carried across the oceans were ultimately destined to wage war ashore Populations and industries depended on the raw materials and supplies in a war that increasingly became a contest of national will and economic might Ultimately it was the war at sea that linked numerous regional conflicts and theaters of operation into a global war As the war grew in complexity and covered an

increasingly larger geographical area the organization of the maritime effort and the impact it had on the formulation of national strategy also evolved This volume illustrates the impact of naval operations on the Second World War by highlighting topics previously neglected in the scholarship In doing so it provides new insights into political strategic administrative and operational aspects of the maritime dimension of the war

## Decoding **Revolt Of The Admirals The Fight For N**: Revealing the Captivating Potential of Verbal Expression

In an era characterized by interconnectedness and an insatiable thirst for knowledge, the captivating potential of verbal expression has emerged as a formidable force. Its ability to evoke sentiments, stimulate introspection, and incite profound transformations is genuinely awe-inspiring.
