Revolution In Iran The Politics Of Countermobilization:

Revolution in Iran Jerrold D. Green, 1982 *Islam and Revolution in the Middle East* Henry Munson, 1988-01-01 Analyzes the role of Islam in Middle Eastern society and politics addresses the differences between the Sunni and Shi'i sects and discusses why an Islamic revolution occurred only in Iran **Politics of Confrontation** Babak Ganji, 2006-04-28 Did the United States know more than it acknowledges about growing unrest under the Shah in mid 1970s Iran Have historians of American Iranian relations focused too narrowly on prevailing historical theory and personal recollection In a period of escalating tension between the United States and Iran what can the two nations history of conflict tell us about their diplomatic future Covering Carter's policy from the end of the Shah's reign to the revolution under Ayatollah Khomeini Babak Ganji explores the nature of their perpetually antagonistic relations and the mistrust and misunderstanding that fuels it **Politics of Confrontation** is a penetrating critique of international relations theory within the historical framework of US Iranian relations as well as a thorough examination of American policy towards Iran It is the first in depth look at documents seized by revolutionary students from the American Embassy during the infamous hostage crisis and debunks the myth that US officials were unaware of the nature of opposition to the Shah or of Soviet influence on senior clerics These findings are an essential addition to the discourse of foreign policy theorists and invaluable for historians of the US Iran and the Cold War

Revolution in Iran Mehran Kamrava, 2016-11-10 Observers of Iran have often ascribed the main cause of the revolution to economic problems under the Shah's regime This book first published in 1990 on the other hand focuses on the political and social factors which contributed of the Pahlavi dynasty Mehran Kamrava looks at the revolution in detail as a political phenomenon making use of extensive interviews with former revolutionary leaders cabinet ministers and diplomats to show the central role of the political collapse of the regime in bringing about the revolution He concentrates on the internal and the international developments leading to this collapse and the social environment in which the revolution's leaders emerged

Revolution Rosemary H. T. O'Kane, 2000 All of the major work on the subject of revolutions is collected in this useful set Including work from seminal figures such as Hatto and Gottschalk in the 1940s as well as the most important literature all the way through 1998 the articles reprinted here consider the concept theory and causes of revolution revolutionary state building and the outcomes of revolutions case studies of great revolutions and much more *A Century of Revolution* John Foran, 1994 This volume offers a much needed look into the historical social and political developments leading up to the Iranian revolution Bringing together a group of scholars historians and social scientists most of them Iranian in origin the book documents an extraordinary revolutionary heritage that predates this century *The Iranian Revolution Then And Now* Dariush Zahedi, 2018-02-13 In *The Iranian Revolution Then and Now* Dariush Zahedi assesses the Islamic Republic's potential for revolution through an in depth theoretically informed comparative analysis of the present with 1979 pre Revolutionary Iran Zahedi discusses how the potential for a revolutionary coup is based on two things the inherent defects

and vulnerabilities in the regime and the coordinated actions of the social groups and individuals opposed to the regime He also identifies two ideal typical forms of revolutionary change In *The Iranian Revolution Then and Now* Dariush Zahedi assesses the Islamic Republic's potential for revolution through an in depth theoretically informed comparative analysis of the present with 1979 pre Revolutionary Iran Zahedi discusses how the potential for a revolutionary coup is based on two things the inherent defects and vulnerabilities in the regime and the coordinated actions of the social groups and individuals opposed to the regime He also identifies two ideal typical forms of revolutionary change the regime collapses on its own or the regime is overthrown He concludes that the chances for overthrowing the present regime are moderate Politics of the Dispossessed Hafizullah Emadi,2001-08-30 This study provides a comprehensive analysis of state society development in the most volatile region of the world In the Middle East various anti systemic movement and radical Islam often clashed and resisted the political cultural economic and military domination of the region by the world's major imperial powers Emadi investigates state revolution and development in the Middle Eastern states of Afghanistan Iran Iraq and Syria in the immediate post World War II period Maintaining that the state is an instrument of class domination exhibiting a certain degree of autonomy in the creation and design of domestic development programs he details the role of class in an attempt to provide a better understanding of the diverse factors at work *Politics of the Dispossessed* provides an alternative analysis of development in regional politics and its context in world politics aspects that are generally neglected by most mainstream studies It examines state formation internal development strategies and how class conflict and ideology led to class alliance on an international basis as well as the external interference in the internal affairs of these societies It also explores the process of political and ethnic integration of the Middle East into the global economic system and the resulting counter strategies of the nationalist and Islamic resistance to the increasing superpower domination of the international system

Liberal Nationalism In Iran Sussan Siavoshi,2019-04-08 This book examines the rise and fall of the liberal nationalist movement in Iran It provides an analysis of the National Front's successes and failures focusing on their interactions with both the other contenders including the government and international factors **Durkheimian Sociology** Jeffrey C. Alexander,1990-09-13 The classic works of Emile Durkheim are characterized by a structural approach to the understanding of collective behaviour and it is this element of his writings that has been most taken up by modern social science This volume however rejects the dominant structural approach and draws instead on Durkheim's later work in which he shifted to a symbolic theory of modern industrial societies that emphasized the importance of ritual and placed the tension between the sacred and the profane at the center of society In so doing the contributors offer both a radically different approach to Durkheimian sociology and a new way of linking the interpretation of culture and the interpretation of society In his introduction to the volume Jeffrey Alexander elaborates the new interpretation of Durkheim that informs the contributions His arguments form a background for the lively and provocative chapters that follow which provide broadly cultural

interpretations of such topics as popular upheavals and social movements ranging from the French Revolution to the massive rebellions in Poland and Nicaragua in the 1980s political crisis from Watergate to the crisis of legitimation in contemporary capitalism and the creative and contingent element in symbolic behaviour including the symbolics of intimate friendship and the ritual and rhetoric of media events In addition to re examining Durkheimian sociology the essays also demolish the myth that attention to cultural values implies conservatism or the inability to analyze social change and challenge the common antithesis between normative theory and microsociology Its exploration of the links between Durkheimian sociology and the most important developments in contemporary sociology history anthropology and semiotics will ensure it a broad appeal across the social sciences

Intellectual Discourse and the Politics of Modernization Ali Mirsepassi, 2000-10-12 In this thought provoking study Ali Mirsepassi explores the concept of modernity exposing the Eurocentric prejudices and hostility to non Western culture that have characterized its development Focusing on the Iranian experience of modernity he charts its political and intellectual history and develops a new interpretation of Islamic Fundamentalism through the detailed analysis of the ideas of key Islamic intellectuals The author argues that the Iranian Revolution was not a simple clash between modernity and tradition but an attempt to accommodate modernity within a sense of authentic Islamic identity culture and historical experience He concludes by assessing the future of secularism and democracy in the Middle East in general and in Iran in particular A significant contribution to the literature on modernity social change and Islamic Studies this book will be essential reading for scholars and students of social theory and change Middle Eastern Studies Cultural Studies and many related areas

State and Religion in the Arab World Khair El-Din Haseeb, 2017-12-22 This collection focuses on the controversial relationship between religion and the state within the Arab Spring context and the evolving debates on democratic transition In this book democracy is not questionable it is hailed by all those vocal on the political scene The array of opinions presented here varies from a call for a secular state based on Islamic philosophy to a call for setting democratic institutions before working on solving this religion state dichotomy Meanwhile some prefer to have an ambiguous stand on which side to back up the liberals or the Islamists despite a detailed criticism of the ossified ways of those calling for a religious state Al Majd The book starts with an analysis and a detailed account of how the sensitive issue of the relationship between state and religion developed in Arab thought and society and it goes on to employ less the religious discourse in presenting their positions thus focusing on actual cases of this struggle for power in different Arab countries such as Tunisia and Egypt The collection also provides insights and analysis of the ongoing debates and views on the role of religion in Libya and provides an analysis of the case of Morocco In addition to this there is a special chapter that deals with how Muslim communities living in the West adapt to secular state politics The collection ends with a thorough discussion by a number of Arab intellectuals and activists Muslims and Christians alike whereby core issues related to the debate on state and religion are presented This discussion in addition to reflecting the Islamist secular dichotomy demonstrates the richness

of the ongoing debates that extend well beyond the discourse on this dichotomy This book is a compilation of articles published in Contemporary Arab Affairs Routledge Library Editions: Development Mini-Set J: Politics and International Relations Various,2022-01-18 Routledge Library Editions Development will re issue works which address economic political and social aspects of development Published over more than four decades these books trace the emergence of development as one of the most important contemporary issues and one of the key areas of study for modern social science The books cover the most important themes within development and include studies of Latin America Africa and Asia Authors include Sir Alexander Cairncross W Arthur Lewis Lord Peter Bauer and Cristobal Kay An extensive collection of previously hard to access or out of print books this set presents an unrivalled opportunity to build up a wealth of material in the field of development studies with a particular focus upon economic and political concerns The volumes in the collection offer both a global overview of the history of development in the twentieth century and a huge variety of case studies on the development of individual nations For institutional purchases for e book sets please contact online sales tandf co uk customers in the UK Europe and Rest of World Judicial Reform and Reorganization in 20th Century Iran Majid Mohammadi,2013-05-13 Iran is now at the center of political and social developments in the Middle East This book examines the reform of the judicial system in 20th century Iran and is the first to relate state building process with rule of law promotion and judicial reform in the region This subject occupies the critical juncture of three developments in the contemporary study of Iranian society as an important and early case of social revolution and reform in the Middle East the state building process in a non Western country throughout the 20th century the incorporation of a non Western Muslim country into the Western legal framework through codification and transplantation 1911 1979 and the Islamicization process after this critical social development and the Islamic Revolution of 1979 This exceptional study furthers our understanding of Iranian modern history as well as the democratization process human rights and rule of law issues in the Middle East **Nonviolent Action** Ronald M. McCarthy,Gene Sharp,Brad Bennett,2013-07-04 This comprehensive guide to research sources and theories about nonviolent action as a technique of struggle in social and political conflicts discusses the methods and techniques used by groups in various encounters Although violence and its causes have received a great deal of attention nonviolent action has not received its due as an international phenomenon with a long history An introduction that explains the theories and research used in the study provides a practical guide to this essential bibliography of English language sources The first part of the book covers case study materials divided by region and subdivided by country Within each country materials are arranged chronologically and topically The second major part examines the methods and theory of nonviolent action principled nonviolence and several closely related areas in social science such as conflict analysis and social movements The book is indexed by author and subject **For Durkheim** Edward A. Tiryakian,2016-12-05 For Durkheim is a timely and original contribution to the debate about Durkheim at a time when his concerns on ethics morality and civil religion have much

relevance for our own troubled and divided society It includes two new essays from Edward A Tiryakian s collection on the Danish Muhammad cartoons and September 11th providing contemporary relevance to the debate and an analytical and interpretive introduction indicating the ongoing importance of Durkheim within sociology This indispensable volume for all serious Durkheim scholars includes English translations of papers previously published in French for the first time and will be of interest to sociologists anthropologists social historians and those interested in critical questions of modernity

Grodsky,2016-08-25 The most recent wave of democratic revolutions has convinced many in the West of the triumph of political rights But in this provocative book Brian Grodsky argues forcefully that nothing could be further from the truth Today s revolutionaries both democratic and non democratic are much like those who preceded them throughout history They ve all come into power promising enhanced political but especially economic rights higher wages better living standards more security The difference between today s pro democracy leaders and yesterday s non democratic ones the author demonstrates rests on the perceived international legitimacy of the democratic template Now when even the most abusive regimes feel the need to label themselves democracies opponents delegitimize rulers by calling them undemocratic This sets the stage for what Grodsky calls the democratization disconnect Leaders and followers fight for political change not as an end but as the most acceptable means to attain economic rights But by selling democracy as a panacea for the ills of the preceding regime new elites simultaneously cheapen the notion of democracy and by creating unrealistic popular expectations set it up for failure Putting a fresh new spin on hotly debated current events this clear eyed and informed book will be essential reading for all politically engaged readers From Revolution to War Patrick J. Conge,2010-05-25 In the history of international relations few events command as much attention as revolution and war Over the centuries revolutionary transformations have produced some of the most ruinous and bloody wars Nevertheless the breakdown of peace in time of revolution is poorly understood Patrick Conge offers a groundbreaking study of the relationship between war and revolution How can we best understand the effect of revolutionary transformations on the politics of war and peace Conge argues that it is only by bringing in first the organizational capacity of revolutionary regimes to extract resources and convert them into military strength and second the power of transformative ideas to transcend national boundaries and undermine the ability of opposing regimes to compromise that we are best able to understand the effect of revolution on the origins and persistence of war By incorporating such key elements this book provides a new more comprehensive explanation of the relationship between revolution war and peace Conditions that lead to and sustain wars in general are identified and placed in the light of

revolutionary transformations Once the argument is presented historical case studies are used to test its plausibility Conge demonstrates the importance of the effect of revolutionary organization and ideas on the outcome of conflicts Political scientists historians sociologists and the general reader interested in the politics of war and peace in revolutionary times are given new perspectives on the relationship between revolution and war as well as on the implications of political organization for military power and the process of consolidation of new regimes Patrick J Conge is Assistant Professor of Political Science University of Arkansas

Revolution and Economic Transition Hooshang Amirahmadi, 1990-01-01 Amirahmadi focuses on the Iranian economy under the Islamic Republic a subject that remains largely neglected in post revolutionary Iranian research and analysis Drawing from a wealth of primary sources he uses an empirical logical framework of analysis within a modified world system perspective to offer a detailed and balanced picture of the macroeconomic trends problems and policies since 1976
