Gangs, Fraud, and Sexual Predators United States. Congress. House. Committee on Government Reform. Subcommittee on Criminal Justice, Drug Policy, and Human Resources,2006 Madder Red Robert Chenciner,2003-09-02 Madder red is an ancient dyestuff extracted from the root of the madder plant growing in many countries around the world The secret and devilishly complex Oriental dyeing process to obtain the lustrous colour known as Turkey Red was avidly sought by Europeans from the time before the fall of Ancient Rome It was finally cracked by the French about 1760 who were able to dye wool silk and cotton bright red After the lowlands of the Caspian Caucasus had been subdued by the Russians in the early 1800s madder was cultivated there and rapidly became the main crop The quest for Turkey Red went hand in hand with an avalanche of scientific research which not only improved the yield of dyestuff from the roots but led to its chemical synthesis and in 1870 the collapse of the world wide madder industry Many of the nascent dye companies grew into chemical giants of our time Further regional and cultural background may be found in Chenciner s *Daghestan Tradition and Survival* also published in the *Caucasus World series* **Agriculture and Human Values** ,1999 Bulletin National Association of Wool Manufacturers,1903 A bibliography of wool and the woolen manufacture v 21 1891 p 118 134 *Future Perfect* Steven Johnson,2012-09-18 From the New York Times bestselling author of *How We Got To Now* Farsighted and *Extra Life* Combining the deft social analysis of *Where Good Ideas Come From* with the optimistic arguments of *Everything Bad Is Good For You* New York Times bestselling author Steven Johnson s *Future Perfect* makes the case that a new model of political change is on the rise transforming everything from local governments to classrooms from protest movements to health care Johnson paints a compelling portrait of this new political worldview influenced by the success and interconnectedness of the Internet by peer networks but not dependent on high tech solutions that breaks with the conventional categories of liberal or conservative public vs private thinking With his acclaimed gift for multi disciplinary storytelling and big idea books Johnson explores this new vision of progress through a series of fascinating narratives from the miracle on the Hudson to the planning of the French railway system from the battle against malnutrition in Vietnam to a mysterious outbreak of strange smells in downtown Manhattan from underground music video artists to the invention of the Internet itself At a time when the conventional wisdom holds that the political system is hopelessly gridlocked with old ideas *Future Perfect* makes the timely and inspiring case that progress is still possible and that innovative strategies are on the rise This is a hopeful affirmative outlook for the future from one of the most brilliant and inspiring visionaries of contemporary culture

Authoritarianism Steven Levitsky, Lucan A. Way, 2010-08-16 Based on a detailed study of 35 cases in Africa Asia Latin America and post communist Eurasia this book explores the fate of competitive authoritarian regimes between 1990 and 2008 It finds that where social economic and technocratic ties to the West were extensive as in Eastern Europe and the Americas the external cost of abuse led incumbents to cede power rather than crack down which led to democratization Where ties to the West were limited external democratizing pressure was weaker and countries rarely democratized In these cases regime outcomes hinged on the character of state and ruling party organizations Where incumbents possessed developed and cohesive coercive party structures they could thwart opposition challenges and competitive authoritarian regimes survived where incumbents lacked such organizational tools regimes were unstable but rarely democratized
