Reaction Angel Smith,2007 The period from 1898 to 1923 was a particularly dramatic one in Spanish history it culminated in the violent Barcelona labor wars and was only brought to a close with the coup d tat launched by the Barcelona Captain General Miguel Primo de Rivera in September 1923 In his detailed examination of the rise of the Catalan anarchist syndicalist led labor movement the author blends social cultural and political history in a novel way He analyses the working class from below and the policies of the Spanish State towards labor from above Based on an in depth usage of primary sources the authors provides an unrivalled account of Catalan labor and the Catalan anarchist syndicalist movement and thus makes an important contribution to our understanding of early twentieth century Spanish history *Egypt's Long*

Revolution Maha Abdelrahman,2014-08-07 The millions of Egyptians who returned to the heart of Cairo and Egypt s other major cities for 18 days until the eventual toppling of the Mubarak regime were orderly without an organisation inspired without a leader and single minded without one guiding political ideology This book examines the decade long of protest movements which created the context for the January 2011 mass uprising It tells the story of Egypt s long revolutionary

process by exploring its genealogy in the decade before 25 January 2011 and tracing its development in the three years that have followed. The book analyses new forms of political mobilisation that arose in response to ever increasing grievances against authoritarian politics deteriorating living conditions for the majority of Egyptians as a consequence of neo liberal policies and the machinery of crony capitalism and an almost total abandoning by the state of its responsibilities to society at large. It argues that the increasing societal pressures from different quarters such as labour groups pro democracy movements and ordinary citizens during this period culminated in an intensifying culture of protest and activism that was vital in the lead up to the dramatic overthrow of Mubarak. It also argues that the features of these new forms of activism and political mobilisation have contributed to shaping the political process since the downfall of Mubarak. Based on research undertaken since 2002, *Egypt's Long Revolution* is an essential resource for scholars and researchers with an interest in social movements, comparative politics and Middle East Politics in general. Word across the Water Tom Smith, 2024-10-15. In *Word Across the Water*, Tom Smith brings the histories of Hawai'i and the Philippines together to argue that US imperial ambitions towards these Pacific archipelagos were deeply intertwined with the work of American Protestant missionaries. As self-styled interpreters of history, missionaries produced narratives to stoke interest in their cause, locating US imperial interventions and their own evangelistic projects within divinely ordained historical trajectories. As missionaries worked in the shadow of their nation's empire, however, their religiously inflected historical narratives came to serve an alternative purpose. They emerged as a way for missionaries to negotiate their own status between the imperial and the local and to come to terms with the diverse spaces, peoples and traditions of historical narration that they encountered across different island groups. *Word Across the Water* encourages scholars of empire and religion alike to acknowledge both the pernicious nature of imperial claims over oceanic space underpinned by religious and historical arguments and the fragility of those claims on the ground. *The Cuban Revolution* G. Lievesley, 2003-12-19. *The Cuban Revolution* offers a reflective account of what the Revolution has meant to various actors such as the dominant powers, the Third World fellow revolutionaries, intellectuals and Cuban citizens at different periods in its history. Rather than offer a simple narrative of events, Geraldine Lievesley addresses significant themes with which the Revolution has engaged and the problems that it has encountered.
