Long Range Desert Group 1940-45 Providence Their Guide:

Providence Their Guide David L. Lloyd Owen, 1980 Here at last is the full story of perhaps the most renowned and effective of those sometimes odd but always inspired formations born out of the desert during the Second World War The author was in the Long Range Desert Group for most of its existence and commanded the unit from 1943 till its disbandment in 1945 He covers not only the justly famed activities of the group in the deserts of North Africa but also for the first time its later operations in the Aegean Italy and different parts of the Balkans Yugoslavia and Albania particularly where its adventures were appropriately colourful and often bizarre Throughout his account he describes and illustrates with hitherto unpublished photographs many of the personalities British New Zealanders and Rhodesians who contributed so much to the LRDG's character and success Inside front cover

Vehicles of the Long Range Desert Group 1940-45 Gavin Mortimer, 2021-02-18 A fascinating study of the specialized vehicles kit and techniques of the Long Range Desert Group who pioneered long range desert warfare in World War II and worked closely with the embryonic SAS The Long Range Desert Group was one of the most famous special units of World War II operating heavily modified vehicles deep behind enemy lines to gather intelligence and support the raids of David Stirling's new Special Air Service When war broke out a pre war explorer and army officer Ralph Bagnold convinced Middle East Command of the need for a reconnaissance force to penetrate into Italian held desert Bagnold tested four types of vehicles over rocks and through soft sand to find the best one for his new unit He selected the Chevrolet WB 30 CWT as the signature vehicle of the Long Range Desert Group because it is fast simple and easy to handle With left hand steering horizontal grill and round fenders on the rear wheels these trucks proved themselves popular and effective The durability of the Chevrolets was demonstrated in January 1941 with an audacious raid on the Italian fort air strip at Murzuk hundreds of miles behind enemy lines This book explains the detail of all the vehicles of the LRDG as well as their modifications driving techniques and special kit for surviving behind enemy lines in one of the most hostile environments on earth

The Long Range Desert Group 1940-1945 David Lloyd-Owen, 2009-05-29 This splendid record takes the reader behind enemy lines not only in North Africa but in Italy the Aegean and the Balkans The Author who commanded the LRDG paints a vivid picture of the unit's colourful characters for example Ralph Bagnold who put to good use the knowledge he gained from his pre war desert travels The LRDG was truly international with New Zealanders and Rhodesians playing key roles This classic book won acclaim from the critics on its first publication by virtue of the author's unique knowledge experience and narrative skills

Reader's Guide to Military History Charles Messenger, 2013-10-31 This book contains some 600 entries on a range of topics from ancient Chinese warfare to late 20th century intervention operations Designed for a wide variety of users it encompasses general reviews of aspects of military organization and science as well as specific wars and conflicts The book examines naval and air warfare as well as significant individuals including commanders theorists and war leaders Each entry includes a listing of additional

publications on the topic accompanied by an article discussing these publications with reference to their particular emphases strengths and limitations *From Churchill's SAS to Hitler's Waffen-SS* Michael Scott, 2023-01-05 Thoroughly researched and well written this book astounds the reader as to how its subject managed to get away with all the things he did The author tells a good story about a bad man and his wartime escapades WWII History Magazine Captain Douglas Berneville Claye was serving with the fledgling SAS with fellow officers such as David Stirling and Blair Paddy Mayne when he was captured in the Western Desert He was turned and became a member of the Nazi Waffen SS Collaboration with the enemy was confirmed when dressed as an SS captain he approached remnants of the British Free Corps the Waffen SS unit composed of renegade British nationals He exhorted them to serve under his command against Russian forces Post war Berneville Claye was investigated by MI5 for treachery Following an Army court martial he was dishonorably dismissed and sentenced to six months imprisonment Upon release his escapades and private life were no less contentious A philanderer and bigamist he married four times sired ten children and rubbed shoulders with the criminal underworld in and out of prison Eventually he succeeded in emigrating to Australia Thanks to the author's painstaking research this is a compelling yet shocking biography of one of the most intriguing colorful and disreputable characters of his era How he escaped with his life is a question readers will ponder The A to Z of Middle Eastern Intelligence Ephraim Kahana, Muhammad

Suwaed, 2009-09-08 Given the rivalries and suspicions prevailing in the Middle East it is not surprising that most of these states are very concerned about espionage and infiltration With the additional threat of terrorism nuclear weapons a large U S military presence and the Arab Israeli conflict the result is an impressively busy intelligence industry proportionately larger and more extensive than in most other regions The A to Z of Middle East Intelligence addresses intelligence issues in the region from ancient history and the Middle Ages through modern times covering the decline of the Ottoman Empire intelligence activity in the Middle East during and between the two world wars and the interplay between colonial and local intelligence and counterintelligence agencies of the period It also presents the relatively new fundamentalist terrorist organizations that have had a significant impact on international relations and on the structure and deployment of intelligence counterintelligence and other security organs in the Middle East today With a chronology an introductory essay and over 300 cross referenced dictionary entries on important events and key organizations involved in all aspects of intelligence gathering and analysis as well as the biographies of key players this is an important reference on the current situation in the Middle East **Historical Dictionary of Middle Eastern Intelligence** Ephraim Kahana, Muhammad

Suwaed, 2009-04-13 Given the rivalries and suspicions prevailing in the Middle East it is not surprising that most of these states are very concerned about espionage and infiltration With the additional threat of terrorism nuclear weapons a large U S military presence and the Arab Israeli conflict the result is an impressively busy intelligence industry proportionately larger and more extensive than in most other regions The Historical Dictionary of Middle East Intelligence addresses intelligence

issues in the region from ancient history and the Middle Ages through modern times covering the decline of the Ottoman Empire intelligence activity in the Middle East during and between the two world wars and the interplay between colonial and local intelligence and counterintelligence agencies of the period It also presents the relatively new fundamentalist terrorist organizations that have had a significant impact on international relations and on the structure and deployment of intelligence counterintelligence and other security organs in the Middle East today With a chronology an introductory essay and over 300 cross referenced dictionary entries on important events and key organizations involved in all aspects of intelligence gathering and analysis as well as the biographies of key players this is an important reference on the current situation in the Middle East

SAS Ghost Patrol Damien Lewis, 2018-11-20 An amazing account of Britain's most audacious act of subterfuge in WWII an undercover raid of Rommel's stronghold in Tobruk The Daily Mirror On a scorching September day in 1942 the Special Air Service SAS a special forces unit of the British Army pulled off one of the most daring top secret ruses of the Second World War The plan sanctioned by Churchill cover a grueling two thousand miles of the Sahara desert to attack German general Erwin Rommel's seemingly impregnable port fortress in North Africa from the rear to break free and arm more than thirty thousand Allied POWs Led by Capt Herbert Buck and posing as Afrika Korps soldiers complete with German uniforms and weaponry the crew broke into the enemy stronghold Trojan Horse style as part of the coordinated attack on Tobruk Intensively researched powerfully written and culled from the private diaries of the do or die maverick heroes this extraordinary story of the sneak attack on the notorious Desert Fox is more thrilling than any fiction A bold outrageous and rule shattering mission impossible SAS Ghost Patrol is one of the great untold stories of WWII Bear Grylls

The Eyes of the Desert Rats David Syrett, 2014-08-19 Made up of members of the Coldstream and Scots Guards British Yeomanry cavalry regiments New Zealanders South Africans and Indian Army men the Long Range Desert Group was perhaps the most effective of all the special forces established by the Allies during the Second World War It was able to go thousands of miles into enemy territory well armed and carrying its own supplies of petrol food and even water to last for weeks at a time something quite new in military history Using experience acquired in WWI and inter war exploration travels the LRDG thus developed the ability to appear almost anywhere in the desert to carry out almost every type of ground reconnaissance mission possible in desert warfare exploring and mapping the terrain transporting agents behind enemy lines or determining the strength and location of enemy forces with an extraordinary degree of accuracy and detail and thus able to verify or hide Ultra intelligence Equally important were their skills in the art of desert navigation demonstrated in the outflanking of the enemy during the Allied advance from El Alamein westward to Tunisia as led by the LRDG Once it had teamed up with the Special Air Service SAS made up of British Free French Commonwealth and Jewish Palestinian soldiers the LRDG perfected the art of irregular mechanized warfare conducted in the rear of the enemy's forces in the desert attacking enemy installations of all kinds mining roads raiding airfields destroying enemy aircraft on the ground and

inflicting losses upon the enemy in inverse proportion to their own remarkably low rate of casualties Through meticulous research in original archival material this book thus tells the extraordinary story of how a relatively small number of dedicated men developed the methods and techniques for crossing by motor vehicle the depths of the then unmapped and seemingly impassable great deserts of Egypt and Libya the Western Desert during the British Army's North African Campaign of 1940-43 The Long Range Desert Group and the Special Air Service as a matter of course did extraordinary things the heroic was the commonplace Their tactics techniques and remarkable success in desert warfare continue to make them of great interest to the student of military affairs Likewise as it seeks to answer how the deep desert can best be used for military purposes this study is pertinent to today's military operations perhaps more so than at any time since World War II this study provides fresh insights into the nature of desert warfare past present and future and reveals the peculiarities of this warfare often lost to modern armies a virtual primer useful to commanders and soldiers alike At long last this book can find its rightful place in the classroom of military courses and colleges and in the hands of those interested in the intricacies complexities and problems of military operations in desert regions From the Foreword to the book by Colonel Retired David M Glantz **The Bloody Road to Tunis** David Rolf, 2015-02-03 As the Afrika Korps withdrew after a bruising defeat at El Alamein it became apparent that Axis forces would not be able to maintain their hold over Libya Rommel pulled his troops back to Tunisia digging in along the Mareth Line and turned westwards to Special Forces Hero Thomas Harder, 2021-03-23 Until the German occupation of his native Denmark in April 1940 Anders Lassen had no interest in the War Yet over the next five years he became a highly decorated Special Forces legend and the only non Commonwealth recipient of the Victoria Cross After taking part in a mutiny on board a Danish ship he made his way to Scotland He first joined the Special Operations Executive before serving with the Small Scale Raiding Force Special Air Service and Special Boat Service He took part in the daring Operation Postmaster off West Africa and raided the Channel Islands and the Normandy coast He saw most action in Eastern Mediterranean fighting in Crete the Dodecanese Yugoslavia mainland Greece and finally Italy In April 1945 now a major aged 24 he was killed at Lake Comacchio where his gallantry earned him his posthumous VC This superb biography is not just a worthy tribute to an outstanding soldier but a superb account of the numerous special force operations Anders was involved in *The Special Operations Executive in Malaya* Rebecca Kenneison, 2019-05-30 During World War II agents of the Special Operations Executive SOE infiltrated Japanese occupied Malaya There they worked with Malayan guerrilla groups including the communist sponsored Malayan Peoples Anti Japanese Army MPAJA regarded as the precursor of the communist insurgent army of the Malayan Emergency This book traces the development of SOE's Malayan operations and analyses the interactions between SOE and the various guerrilla groups It explores the reasons for and the extent of Malay disillusionment with Japanese rule and demonstrates how guerrilla service acted as a training ground for some later Malay leaders of the independent nation However the reports written about the

MPAJA by SOE operatives just after the war failed to draw out the likely future threat posed by the communists to the returning colonial administration Rebecca Kenneison shows that the British possessed a wealth of local information but failed to convert it into active intelligence in the period prior to the Malayan Emergency In doing so she provides new insights into the impact of SOE on Malayan politics the nature of Malayan communism s challenge to colonial rule and British post war intelligence in Malaya **Ghost Patrol** John Sadler,2015-11-19 From the author of D Day an amazing tale of how the world s very first special force was created specifically for North Africa during WWII Books Monthly The origins of most of the West s Special Forces can be traced back to the Long Range Desert Group which operated across the limitless expanses of the Libyan Desert an area the size of India during the whole of the Desert War from 1940 to 1943 After the defeat of the Axis in North Africa they adapted to serve in the Mediterranean the Greek islands Albania Yugoslavia and Greece In the process they became the stuff of legend The brainchild of Ralph Bagnold a prewar desert explorer featured in fictional terms in The English Patient the LRDG used specially adapted vehicles and recruited only men of the right temperament and high levels of fitness and endurance Their work was often dangerous always taxing exhausting and uncomfortable They were a new breed of soldier and the Axis never managed to field a similar unit Once the desert war was won they transferred their skills to the Mediterranean sector retraining as mountain guerrillas serving in the ill fated Dodecanese campaign then in strife torn Albania Yugoslavia and Greece fighting alongside the mercurial partisans In addition the LRDG worked alongside the fledgling SAS and established beyond all doubt the value of highly trained Special Forces a legacy which resonates today Genuinely gripping a tale of eccentrics and their high adventures during very dangerous times Classic Military Vehicle

The British Empire and the Second World War Ashley Jackson,2006-03-09 In 1939 Hitler went to war not just with Great Britain he also went to war with the whole of the British Empire the greatest empire that there had ever been In the years since 1945 that empire has disappeared and the crucial fact that the British Empire fought together as a whole during the war has been forgotten All the parts of the empire joined the struggle and were involved in it from the beginning undergoing huge changes and sometimes suffering great losses as a result The war in the desert the defence of Malta and the Malayan campaign and the contribution of the empire as a whole in terms of supplies communications and troops all reflect the strategic importance of Britain s imperial status Men and women not only from Australia New Zealand and India but from many parts of Africa and the Middle East all played their part Winston Churchill saw the war throughout in imperial terms The British Empire and the Second World War emphasises a central fact about the Second World War that is often forgotten

The Second World War (4) Paul Collier,2014-06-06 This book explores the idea that the Mediterranean theater of the Second World War was the first truly modern war It was a highly mobile conflict in which logistics were a critical and often deciding factor and from the very beginning a close relationship between the land sea and air elements was vital Victory could not be achieved by either side unless the three services worked in intimate cooperation Each side advanced and

withdrew across 1 000 miles of desert until the Axis forces were decisively defeated at El Alamein in 1942 **The Regiment** Michael Asher, 2008-05-29 From the bestselling author of *The Real Bravo Two Zero* comes the definitive history of the world's most elite fighting force the SAS Breathtaking bravery astonishing feats of endurance raids and battles described with terrific immediacy and pace Compelling and definitive will surely not be bettered Sunday Telegraph On 4 May 1980 seven terrorists holding twenty one people captive in the Iranian Embassy in London's Prince's Gate executed their first hostage They threatened to kill another hostage every thirty minutes until their demands were met Minutes later armed men in black overalls and balaclavas shimmied down the roof on ropes and burst in through windows and doors In seconds all but one of the terrorists had been shot dead the other captured For most people this was their first acquaintance with a unit that was soon to become the ideal of modern military excellence the Special Air Service regiment Few realized that the SAS had been in existence for almost forty years playing a discreet if not secret role almost everywhere Britain had fought since World War II and had been the prototype of all modern special forces units throughout the world In *The Regiment* Michael Asher a former soldier in 23 SAS Regiment examines the evolution of the special forces idea and investigates the real story behind the greatest military legend of the late twentieth century Detailed scathingly honest Asher has brought the critical eye of the knowledgeable insider to his in depth study of SAS operations and personalities Herald Praise for Michael Asher This is the most complete picture of the Sudanese campaigns that has yet been published a vigorous and engrossing narrative Philip Ziegler Daily Telegraph A staggering achievement Asher has delivered a scintillating tale of a period of history that deserves to be remembered Guardian **Special Forces Commander** Michael Scott, 2012-02-29 Early in the Second World War Peter Wand Tetley volunteered for special service He saw action first with the newly formed Commandos raiding the North African coast and then in the fierce fighting on Crete Operations with the LRDG in the Western Desert were followed by SAS actions as Rommel retreated to Tunis Remarkably he then transferred to the Special Operations Executive and was parachuted blind into enemy occupied Greece in 1943 His role was to train and equip Andartes guerillas and his contribution and courage were recognized by the award of an immediate MC Following victory in Europe he sailed with the Parachute Regiment to Java where he fought in the counter insurgency war As well as describing his exemplary war record *Special Forces Commander* covers Wand Tetley's early life he was a superb marksman and his career post war in the turbulent days of the end of Empire **Armor**, 2001 Hitler's Island War Julie Peakman, 2017-12-05 Highly Commended by the British Records Association for the 2019 Janette Harley Prize In September 1943 at the height of World War II the Aegean island of Leros became the site of the most pivotal battle of the Dodecanese campaign as the British tried in vain to retain control of the island Over the course of two short months from 15 September 1943 to 17 November 1943 almost 1500 men lost their lives and hundreds more ended up in Prisoner of War camps In this book Julie Peakman a modern day resident of Leros brings to life the story of the men caught up in the battle based on first hand interviews and written accounts including

diaries letters and journals She tells of the preparations of the soldiers leading up to the battle the desperate hand to hand fighting and the suffering endured from continual bombings She also shows the extent of the men s despair at the allied surrender the many subsequent daring escapes as well as the terrible years of incarceration for those who were captured and imprisoned Many of the heart rending accounts of the battle are told here for the first time providing a unique eyewitness take on this forgotten corner of World War II

Desert Raiders Andrea Molinari, 2013-02-20 Although harsh and inhospitable the North African theatre of World War II proved to be a perfect environment for irregular warfare and the deployment of Special Forces Following Italy s entry into the war in June 1940 the Western Desert became the background for a long conflict dominated by motorized units The major combatants Great Britain Free France Italy and Germany all developed irregular units to exploit the unique conditions of the region with varying degrees of success This book details the genesis organization and tactics of these forces including such famous units as the Long Range Desert Group and the Special Air Service
