Long Row Of Candles Memoirs Diaries:

A Long Row of Candles; Memoirs and Diaries, 1934-1969 [by] C.L. Sulzberger Cyrus Leo Sulzberger, 1969 A *Long Row of Candles Memoirs & Diaries 1934-1954* C.L.Sulzberger ,1969 **Russia and the United States** Nikolai V. Sivachev, Nikolai N. Yakovlev, 1980-05-15 Russia and the United States an account of American Russian relations written for an American audience by Soviet historians represents a novel venture for both scholarship and publishing Its often startling perspective on American foreign policy is required reading for anyone wishing to understand the increasingly troubled relations between the two nations Sivachev and Yakovlev trace the course of the U S Russian relations from the years preceding the American Revolution to the 1970s when human rights issues began to cause friction Those relations the authors believe were characterized by America s repeated failure to take advantage of opportunities to improve them Recognizing the controversial nature of the book Sivachev said in an interview with the New York Times We did not set out to please the American reader nor did the University of Chicago Press ask us to On the contrary they recommended that we should feel free to present our own views Scholars and students of American foreign policy are likely to be alternatively interested intrigued angered and sometimes illuminated by some of the interpretations found in this work Perspective An American reader should not prejudge this book as simply another dreary contribution to the rhetoric of Soviet propaganda It is more than this The book is an expression of a view of the world that is truly and strikingly different from an American one and it is important to understand that it is a theory of reality that is shared by most if not all Soviet intellectuals who study America and its foreign policy It is not enough simply to establish the inaccuracies and misrepresentations contained in such a view One must go further and understand that such a view of reality is sincerely deeply held and that it is a part of a larger belief system that gives the authors scholarly work coherence and meaning Boston Sunday Globe Russia's Cold War Jonathan Haslam, 2011-01-01 moved decisively beyond his control and instead of managed dTtente he faced imminent collapse Book Jacket Tempting All the Gods Jane Karoline Vieth, 2021-09-01 Tempting All the Gods is a detailed study of Joseph P Kennedy s diplomatic career in London It examines Kennedy s role as ambassador to the Court of St James s from 1938 1940 a crucial time in world history It describes his attitudes toward American foreign policy before the outbreak of war and after the war began explains why he held those views and assesses their impact on Anglo American relations It also looks at the diplomatic background against which he worked at the political philosophies and personalities of the statesmen with whom he dealt and at his relations with them particularly President Franklin Roosevelt and British Prime Ministers Neville Chamberlain and Winston Churchill Here the reader will find a meticulously researched account of Kennedy s career based on the latest evidence available providing a current and balanced historical reassessment Scholars will be able to study Kennedy s diplomatic career within the broader context of international relations and also to gain a fuller understanding of his view of his own motives and policies including an understanding of why the ambassadorship was the

greatest achievement with the poorest outcome in the varied life of an intensely ambitious man who was dedicated foremost to family friends and fortune This book will prove significant to students of Anglo American relations and of World War II and to the general public with its enduring fascination with the Kennedy family Two Minutes to Midnight Roger

Hermiston,2022-02-22 A SPECTATOR BOOK OF THE YEAR a dark remembrance of 1953 when nuclear annihilation was only the press of a button away January 1953 Eight years on from the most destructive conflict in human history the Cold War enters its deadliest phase An Iron Curtain has descended across Europe and hostilities have turned hot on the Korean peninsula as the United States and Soviet Union clash in an intractable and bloody proxy war Former wartime allies have grown far apart An ageing Winston Churchill back in Downing Street yearns for peace with the Kremlin but new American President Dwight Eisenhower cautions the West not to drop its guard Joseph Stalin implacable as ever conducts vicious campaigns against imaginary internal enemies Meanwhile the pace of the nuclear arms race has become frenetic The Soviet Union has finally tested its own atom bomb as has Britain But in the middle of the Pacific Ocean the United States has detonated its first thermonuclear device dwarfing the destruction unleashed on Hiroshima and Nagasaki For the first time the Doomsday Clock is set at two minutes to midnight with the risk of a man made global apocalypse increasingly likely As the Cold War powers square up every city has become a potential battleground and every citizen a target 1953 is set to be a year of living dangerously

Diplomacy Between the Wars George W. Liebmann,2019-07-25 Diplomacy Between the Wars is a detailed inside story of diplomacy seen through the careers of five remarkable career diplomatists Here is a unique and authentic picture of practical diplomacy and its effect during periods of international crisis which shaped the twentieth century These were not the statesmen and politicians who dominated the international stage but practical diplomats with long experience linguistic competence deep knowledge of the local conditions history culture and of the people of the countries where they served George Liebmann also brings acute political awareness to the subject The achievements of these diplomats often unsung during their careers and gleaned largely from history books were considerable and a monument to practical professional diplomacy Lewis Einstein was influential in demonstrating the central role and its control of finance and credit in modern wars and urging massive US economic assistance to Europe and after World War II providing the intellectual underpinnings of the Marshall Plan Sir Horace Rumbold s work was vital in avoiding war between Great Britain and Turkey and in warnings of the dangers of Hitler Johann von Bernstorff opposed Germany s naval militarism supported a negotiated end to the First World War and peaceful revision of the Treaty of Versailles Count Carlo Sforza urged restraint on Italy s territorial ambitions and tolerance for former Fascists and Communists and Ismet Inonu kept Turkey out of war preserved her national interest at the Treaty of Lausanne and maintained friendship with the great powers He worked for religious toleration and the limitation of dictatorship in Ataturk s secular Turkish Republic *I Like Ike* John Robert

Greene,2017-04-17 When the 1952 presidential election campaign began many assumed it would be a race between Harry

Truman seeking his second full term and Robert A Taft son of a former president and to many of his fellow partisans Mr Republican No one imagined the party standard bearers would be Illinois governor Adlai E Stevenson II and Supreme Allied Commander in World War II Dwight D Eisenhower I Like Ike tells the story of a critical election fought between two avowedly reluctant warriors including Truman s efforts to recruit Eisenhower as the candidate of the Democrat Party to a finish that for all the partisan wrangling had more to do with the extraordinary popularity of the former general who along with Stevenson was seen to be somehow above politics In the first book to analyze the 1952 election in its entirety political historian John Robert Greene looks in detail at how Stevenson and Eisenhower faced demands that they run for an office neither originally wanted He examines the campaigns of their opponents Harry Truman and Robert Taft but also Estes Kefauver Richard B Russell Averell Harriman and Earl Warren Richard Nixon s famous Checkers Speech Joseph McCarthy s anti Communist campaign and television as a new medium for news and political commercials each figured in the election in its own way and drawing in depth on the Eisenhower Stevenson Taft and Nixon papers Greene traces how I Like Ike is a compelling account of how an America fearful of a Communist threat elected a war hero and brought an end to twenty years of Democrat control of the White House In an era of political ferment it also makes a timely and persuasive case for the importance of the election of 1952 not only to the Eisenhower Administration but also to the development of presidential politics well into the future

Cold War in the Balkans Michael M. Boll, 2014-07-15 As World War II drew to a close the United States and the Soviet Union began to maneuver for position in postwar Europe in the first exploratory moves of what would soon become a worldwide contest for power and prestige In Bulgaria Michael Boll finds a unique vantage point for study of the processes of international politics during these years of the emergence of the Cold War Bulgaria he writes was to assume a significance for both the United States and the Soviet Union greater than that small nation s intrinsic importance to either Great Power Bulgaria had joined the Axis under pressure during the war though it alone among the Axis satellites had refused to declare war on the Soviet Union Willing in 1943 to lend support to an American plan devised to bring about Bulgaria s surrender and its participation in the war against Germany the Soviet by the fall of 1944 was to invade Bulgaria and form an alliance with the Bulgarian Communists who offered dependable support in the Red Army s continuing war effort When military objectives were replaced by the Soviet s political drive for consolidation of its newly won empire the Bulgarian Communists remained indispensable allies and continued the determined campaign that culminated in 1947 in declaration of the People s Republic of Bulgaria Boll refutes the frequent charge of American nonpolicy toward Eastern Europe in this period concluding that the loss of Bulgaria was the result not of the lack of determined policy but of a realistic assessment of American capabilities and strategic priorities Cold War in the Balkans drawing on important new Eastern European sources and newly declassified British and American archives relates international diplomatic history to local political developments in a way that gives new depth to the study of Cold War origins

Oliver Franks and the Truman

Administration Michael F. Hopkins, 2004-11-23 Sir Oliver Franks served as British Ambassador to the US between 1948 and 1952 This analysis reveals a great deal about the condition of relations between Britain and America the mechanics of co operation and the impact of a singular individual on international relations

Long Row Of Candles Memoirs Diaries Book Review: Unveiling the Power of Words

In a world driven by information and connectivity, the energy of words has been evident than ever. They have the ability to inspire, provoke, and ignite change.
