Looking for Dr. Condom William E. Kruck, 1978 *Looking for Dr. Condom* William E. Kruck, 1981 **The Doctor Looks at Marriage and Medicine**, 1928 The Fate of the Forest Susanna B. Hecht, Alexander Cockburn, 2011-01-15 The Amazon rain forest covers more than five million square kilometers amid the territories of nine different nations It represents over half of the planet's remaining rain forest Is it truly in peril What steps are necessary to save it To understand the future of Amazonia one must know how its history was forged in the eras of large pre Columbian populations in the gold rush of conquistadors in centuries of slavery in the schemes of Brazil's military dictators in the 1960s and 1970s and in new globalized economies where Brazilian soy and beef now dominate while the market in carbon credits raises the value of standing forest Susanna Hecht and Alexander Cockburn show in compelling detail the panorama of destruction as it unfolded and also reveal the extraordinary turnaround that is now taking place thanks to both the social movements and the emergence of new environmental markets Exploring the role of human hands in destroying and saving this vast forested region *The Fate of the Forest* pivots on the murder of Chico Mendes the legendary labor and environmental organizer assassinated after successful confrontations with big ranchers A multifaceted portrait of Eden under siege complete with a new preface and afterword by the authors this book demonstrates that those who would hold a mirror up to nature must first learn the lessons offered by some of their own people **Whore Biographies, 1700-1825, Part I Vol 4** Julie Peakman, 2024-12-11 Focuses on autobiographies and biographies of courtesans directories of whores erotic poems dedicated to harlots jocular descriptions of prostitutes and jest books on strumpets These provide sources for the study of sexuality gender women's studies and the literature and history of the eighteenth century Eighteenth-Century British Erotica, Part I vol 3 Patrick Spedding, 2024-10-28 This set reprints many of the 18th century's most notorious works including eight from *The Fifteen Plagues of a Maiden Head* 1707 that resulted in highly publicized court battles and in some cases helped shape laws on censorship that survived into modernity *Casanova's Guide to Medicine* Lisetta Lovett, 2021-06-09 Forget the stereotype Giacomo Casanova's 1725-1798 reputation as libertine has sadly eclipsed his talents as scholar linguist prolific writer and manqué doctor Fortunately for us he wrote his memoirs at the end of his life on the advice of his doctor to control his propensity to depression Although these often have been harvested for information on political cultural and social aspects of his time the insights they give about medical practice and the lived experiences of illness have been largely neglected This book addresses this deficiency through exploring in detail what Casanova wrote on a variety of conditions that include venereal disease and female complaints duelling injuries suicide skin complaints and stroke and even piles These descriptions provide alternately grim and amusing insights about public health measures the doctor patient relationship medical etiquette and the dominant medical theories of the era To help the reader understand the historical significance of the medical subjects covered the author integrates throughout the book an extensive historical context drawn from
