There is no available information at this time **The Judgment** William J. Coughlin, 2025-10-16 The death of innocence In a rural area outside of Detroit bodies are being found in the snow One after another Neatly washed wrapped in plastic methodically laid out like sleeping angels And very very young The birth of evil Forty miles away and at the other end of the world an honest cop the deputy chief of police has been framed for a corruption charge In a world of big city politics he wants ace lawyer Charley Sloan to get him off The only hope Pulled into the two very different cases Charley faces the heat of a perplexing serial murder investigation and the heavy hitters of the Motor City's inner circle Interviewing witnesses putting together clues Charley Sloan a man who has been at the bottom and at the top is about to uncover the explosive difference between true innocence and the most dangerous guilt of all The Judgement **The Psychology of Sex (Vol.**

1-6) Havelock Ellis, 2020-12-17 This edition contains three studies which seem to me to be necessary prolegomena to that analysis of the sexual instinct which must form the chief part of an investigation into the psychology of sex The first sketches the main outlines of a complex emotional state which is of fundamental importance in sexual psychology the second by

bringing together evidence from widely different regions suggests a tentative explanation of facts that are still imperfectly known the third attempts to show that even in fields where we assume our knowledge to be adequate a broader view of the phenomena teaches us to suspend judgment and to adopt a more cautious attitude So far as they go these studies are complete in themselves their special use as an introduction to a more comprehensive analysis of sexual phenomena is that they bring before us under varying aspects a characteristic which though often ignored is of the first importance in obtaining a clear understanding of the facts the tendency of the sexual impulse to appear in a spontaneous and to some extent periodic manner affecting women differently from men This is a tendency which later I hope to make still more apparent for it has practical and social as well as psychological implications Here and more especially in the study of those spontaneous solitary manifestations which I call auto erotic I have attempted to clear the ground and to indicate the main lines along which the progress of our knowledge in these fields may best be attained

can't go to class and pretend like everything is normal That I'm normal I'm not I've lost everything that matters to me But I made a promise And if I'm going to keep that promise I have to focus I have to pretend that I belong on this southern campus that drips with old money And I have to pass stats That's where Beth comes in I'm terrified she'll see through me That the careful lies and easy smile won't be enough to convince her that everything is fine That she'll see how broken I really am But there's something about her that draws me closer A sadness in her eyes that I'm powerless to resist I should walk away Protect her from the broken darkness in me Before we both fall into something neither of us can control Stay focused Get a job Save her father's life Beth Lamont knows far too much about the harsh realities of life her gilded classmates have only read about in class She'll do whatever it takes to take care of her father even if that means tutoring a guy like Noah a guy who represents everything she hates about the war soldiers and what the Army has done to her family Noah Warren doesn't know how to be a student All he knows is war But he's going to college now to fulfill a promise and he doesn't break his promises Except he doesn't count on his tutor being drop dead gorgeous and distracting as hell One look at Beth threatens to unravel the careful lies Noah has constructed around him A simple arrangement turns into something neither of them can deny And a war that neither of them can forget could destroy them both
