Neither This Nor That But Aum One Hundre:

Neither this Nor that But ... Aum Nityacaitanya Yati,1982 Narayana Guru Nancy Yeilding,2019-01-21 Here is a biography of Narayana Guru which introduces him faithful to his true form as an embodiment of Wisdom Indeed it has been written by someone who has dedicated her life to the learning and teaching of this very Wisdom especially as we humans may actualize it in our lives of the here and now Although most extant biographies of the Guru were written by persons belonging to his own geographical and cultural background this one stands an exception in this respect The author of this work Nancy Yeilding belongs to and lives in a region and culture at the opposite side of the globe Yet this can be no obstacle because the Wisdom taught by the Guru is one in essence which is life s highest aim guide and joy irrespective of all geographical and cultural differences **Guru Muni Narayana Prasad** *Religions in Christian Theology* Kalarikkal Poulose Aleaz,2001 Here Is Presented A Collection Of Papers With The Contention That Christians Will Have To Evolve A More Comprehensive Role For Religions In Christian Theology Than What Has Been Envisaged In The Past **Vedanta** S. Omana,2025-03-22 Sree Narayana Guru 1856 1928 an enlightened seer represents Ved nta as a Science of Consciousness or pure Epistemology This book deals with Guru s epistemology and shows how it can eliminate many of the problems in philosophy and life The Guru conceives Consciousness or Arivu as the one all underlying Reality that assumes the form of everything in the world both mind and matter Epistemologists are usually either idealists or realists but the Guru is neither To him there is no need to place one above the other since they are two manifest forms of one Consciousness Many eminent persons have tried to solve the problem of consciousness but could not succeed because they were not ready to consider man as a pure being and the essence of the world as Consciousness To the Guru in every event of knowing there is the coming together of subject object and also the function of knowing These three are Consciousness in essence What we really need is awareness of it All kinds of divisiveness conflicts and crises can be solved through an awakening of the inner consciousness of man which is non different from the one all underlying Reality titled Brahman tman or Consciousness **The Philosophy of Sri Narayana Guru** P. McKillip,1999-03-01 For over twenty years World Fantasy Award winner Patricia A McKillip has captured the hearts and imaginations of thousands of readers Now at last her renowned Riddle Master trilogy The Riddle Master of Hed Heir of Sea and Fire and Harpist in the Wind long out of print is collected in one volume It is considered her most enduring and beloved work Now it is collected in one volume for the first time the epic journeys of a young prince in a strange land where wizards have long since vanished but where magic is waiting to be reborn **The Nuclear Terrorism Threat** Brecht Volders,2021-07-08 This book examines the threat of a terrorist organisation constructing and detonating a nuclear bomb It explores the role and impact of the organisational design of a terrorist organisation in implementing a nuclear terrorism plot In order to do so the work builds on the organisational analogy between an assumed nuclear terrorism scenario and four case studies as follows the construction of the first atomic bombs at Los Alamos South Africa s Peaceful Nuclear Explosives PNE program Aum Shinrikyo s chemical biological armament activities and Al Qaeda s implementation of the 9 11 attacks Extrapolating insights from these case studies this book introduces the idea of an effectiveness efficiency trade off On the one hand it will be argued that a more organic organisational design is likely to benefit the effective implementation of a nuclear terrorism project On the other hand this type of organic organisational design is also likely to simultaneously constitute an inefficient way for a terrorist organisation to guarantee its operational and organisational security It follows then that the implementation of a nuclear terrorism plot via an organic organisational design is also likely to be an inefficient strategy for a terrorist organisation to achieve its strategic and political goals This idea of an

effectiveness efficiency trade off provides us with a tool to strengthen the comprehensive nature of future nuclear terrorism threat assessments and sheds new light on the ongoing debates within the nuclear terrorism literature This book will be of particular interest to students of nuclear proliferation terrorism studies international organisations and security studies in general
