Risk, Stigma, Agency Sunny Sinha,2025-02-28 This book centers the life histories of three women engaged in sex work in Kolkata India to show how they

make sense of their lived experiences and reveals deep insights into the risks women face in the current social environment of India. Much of the risk discourse surrounding sex work in India comes from academics, social and health workers, epidemiologists and policymakers. Departing from this approach, the author foregrounds the lives and voices of the women themselves to provide a richly nuanced picture of the diverse and complex realities that shape many women's lives in India. It provides a deeper understanding of the different but interrelated vulnerabilities to which many sex workers are subject, including poverty, familial violence, child marriage, marital rape, public ridicule, stigma, and health risks such as HIV/AIDS, along with their reasons for entry, exit, and reentry into sex work. This book will be of interest to researchers and students from a variety of academic disciplines such as social work, anthropology, and sociology, women's studies, public health, and criminal justice. It has also been written in an accessible and engaging style that should appeal to a diverse global audience of non-academic professionals as well as scholars. It will resonate with professionals in health or social welfare fields, e.g., nurses, social workers, lawyers, psychologists, who address issues of violence against women, human trafficking, or health risks in sex work.

another German child that I was merely tolerated later reviled and finally cast out How strange it seems now that it took so long for me to comprehend that what was happening to me and my fellow Jews was extraordinary Finally in November 1938 all the accumulated hatred reached critical mass And the dry tinder was ignited by an assassin s bullet The son of Polish Jews enraged by his parents deportation shot an attach at the German Embassy in Paris and this provided a sufficient pretext for what came to be known as Crystal Night Kristallnacht the opening salvo of the Holocaust The official story was that the assassination so outraged the German people that they could not be restrained from seeking revenge The truth is that in a clearly coordinated effort across the entire country synagogues were set afire Jewish shops looted and destroyed and Jewish homes invaded and destroyed A mob mentality nurtured for years had at long last found its focus in action In the late 40s hitchhiking was still a viable option I was now in civilian attire and I knew that drivers even those open to hitchhikers had to decide on a dime whether to stop Most of those who picked me up whizzed past screeched to a halt twenty yards further on and watched me run to catch up Once I got into the car they checked me out and asked a few questions before deciding whether I was a keeper Over the succeeding months I learned a lot about people Because I was a stranger whom they would never see again many shared with me confidences that they could not share with family friends or people in their communities They told me of their addictions their adulteries their sexual proclivities It wasn t because of who I was Out of a deep need they would have shared these confidences with almost anyone And at times it was uncomfortable for me to listen I wanted them to stop talking but I needed the ride and kept my mouth shut Aware that I would have to work part time I answered an ad and landed a job with the Whelan s chain of drugstores as a soda jerker I worked two eight hour shifts one on Wednesdays from four to midnight the other on Saturdays Since I was low man on the totem pole my employers felt free to shift me around from store to store as vacancies occurred Most of my colleagues were unskilled drifters who worked only long enough to save a few bucks few were college students like me But I was soon disabused of any idea that this gave me special status The best I could hope for was the occasional gig at an upscale location but I was just as likely to be sent to a hellhole like the notorious hangout for pimps and drug dealers at the corner of Eighth Avenue and 42nd Street The pay was lousy the tips few and far between but what I learned about people was a valuable adjunct to what I learned in my college classes Until about 30 years later He was by now a gr
