Our Days Dwindle Memories Of My Childhood Days In Asante:

Our Days Dwindle Thomas E. Kyei, 2001 T E Kyei's memoirs trace his life from his early childhood in the opening decade of the twentieth century through Ghana's independence in 1957. The autobiography demonstrates this consummate cultural translator's ability to both intuit the questions raised by those unfamiliar with Asante culture and also seamlessly weave answers to such questions into his narrative. The detail on social and material life contained in Kyei's memoirs is unparalleled in the scholarly literature on Asante. His writings open up fundamental questions about the production and producers of historical knowledge about African societies and they will surely inspire a major reassessment of the categories and concepts Africanist scholars have used in their studies of African societies. T E Kyei served as the principal research assistant in the data collection for noted anthropologist Meyer Fortes's Ashanti Social Survey which was published in the mid 1940s. As Jean Allman explains in her introduction, however, Kyei played a vital role not only in the collection of data Fortes used but also in its interpretation. In this vivid autobiography the author presents not only his personal and professional recollections but also contributes significantly to our understanding of a crucial time period in Ghanaian history. **History of Ashanti by**

Otumfuo, Nana Osei Agyeman Prempeh II Tom C McCaskie, 2022-10-31 A history of Asante from the late 17th century to the 1930s, authorized and produced by the 12th Asantehene Osei Agyeman Prempeh II. Perhaps the single longest historical work produced by a ruler of any sub-Saharan African society, this is an indigenous account of the three hundred year history of a still vigorous African polity. **Culture and Customs of Ghana** Steven J. Salm, Toyin Falola, 2002-03-30 The decades of independence in Ghana have strengthened the idea of a national Ghanaian culture. The culture and customs of Ghana today are a product of diversity in traditional forms influenced by a long history of Islamic and European contact. **Culture and Customs of Ghana** is the first book to concisely provide an up to date narrative on the most significant elements of the established cultural life and institutions as well as the most recent changes in the cultural landscape. Written expressly for students and the general reader, it belongs in every library supporting multicultural and African studies curricula. Ghana seeks to cultivate the philosophy of the African personality to revive, maintain and promote Ghanaian ways of life and integrate them into political and social institutions. Ghanaians also recognize their relationship to the rest of the world and continue to develop with the forces of globalization. **Culture and Customs of Ghana** authoritatively discusses the vibrant and adaptable people from their religions to music and dance. A chronology, glossary and numerous photos complement the text.

Divine Rulers in a Secular State Timo Kallinen, 2016-03-25 The divine kingship and chiefship of the Asante people of central Ghana have been undergoing a shift towards secularization since the start of the colonial era. Timo Kallinen maintains that a close examination of this transformation provides us with a better understanding of secularization processes in Ghana, more broadly and in other post-colonial societies whose historical development likewise differs from that of the modern West and which have largely confronted secular modernity through encounters with European colonialism. Throughout the volume

secularization is understood as a process in modern society whereby divinity is separated from the ways in which both human society is regulated and physical nature is understood to function Divine Rulers in a Secular State has been divided into three thematic parts each with a short theoretical introduction In the first two analysis is primarily inspired by the work of Louis Dumont while in the third the theoretical ideas of Webb Keane and Bruno Latour are of central importance The undifferentiated order of the pre colonial Asante kingdom in which the chiefly and priestly functions of the rulers were not separated comprises the initial focus Sacrifices and marriage exchanges both of which were directed at establishing and perpetuating relations between the living and the spirits of the dead ancestors are posited as the most important responsibilities of the chief Also explored are perceptions that the founding of the kingdom and its authority structure are the results of sacrifices offered to various gods by the Asante king and his chiefs The second part examines the dissolution of the traditional order since the onset of British colonial occupation The secularization process was initiated by the aspirations of colonial administrators and missionary bodies who aimed to maintain Christian converts under the political authority of their non Christian chiefs who were still important ritual leaders Consequently it was necessary to start dividing society along political and religious lines so that only the former was a mandatory concern for all The kernel of modern citizenship was planted at the same time as the religious conscience of individuals started to shape their rights and duties towards their political rulers Furthermore theories about Asante as a state based on contract and representation were proposed and developed In the post colonial era chiefship has been put into the service of the independent nation state both as an instrument of administration and a nationalistic symbol while most recently chiefs have been depicted as leaders in civil society even receiving support from global developmental organizations Yet traditional chieftaincy is strongly criticized by certain Christian groups belonging to the Pentecostal Charismatic movement which still see it as integrally linked to traditional cosmologies The third part of the book takes the discussion beyond the separation of the categories of religion and politics Secularization has also has also entailed the dematerialization of religion establishing it as something that ought to be understood primarily as mental or spiritual in a secular society things like deities witchcraft or sacrifices should not be recognized as proper agents and actions at the level of immanent relations In Ghana such views are effectively contradicted by religious groups which see spiritual forces as the most powerful agents in social relations The cases discussed deal with attempted state control of anti witchcraft activities the efficiency of protective magic during political upheavals and Pentecostal notions of demonic influences in secular politics The Conclusions section brings the themes of the book together by discussing the large scale effects of the secular project in contemporary Ghanaian society Research is based on anthropological fieldwork conducted in Ghana in 2000 2001 and 2005 2006 data drawn from several archival sources located in Ghana and the United Kingdom and the anthropological and historical literature on Ghana and the Asante In My Time of Dying John Parker, 2025-03-25 Why do people die and where do they go when they are dead How should the dead be

buried and mourned in order to ensure that they continue to work for the benefit of the living How have perceptions and experiences of death and the ends of life changed over the centuries In *My Time of Dying* considers these questions from the perspective of African history In what is the first history of death in Africa John Parker examines mortuary culture and the ongoing relationship between the living and the dead over a four hundred year period Focusing anecdotally on West Africa but with a comparative awareness of comparable practices throughout the continent Parker highlights how Africans developed the world s most vibrant and recognizable cultures of death

Our Own Way in This Part of the World Kwasi Konadu,2019-04-15 Kofi D nk was a blacksmith and farmer as well as an important healer intellectual spiritual leader settler of disputes and custodian of shared values for his Ghanaian community In *Our Own Way in This Part of the World* Kwasi Konadu centers D nk s life story and experiences in a communography of D nk s community and nation from the late nineteenth century through the end of the twentieth which were shaped by historical forces from colonial Ghana s cocoa boom to decolonization and political and religious parochialism Although D nk touched the lives of thousands of citizens and patients neither he nor they appear in national or international archives covering the region Yet his memory persists in his intellectual and healing legacy and the story of his community offers a non national decolonized example of social organization structured around spiritual forces that serves as a powerful reminder of the importance for scholars to take their cues from the lived experiences and ideas of the people they study

Development and Women's Reproductive Health in Ghana, 1920-1982 Holly Ashford, 2022-12-09 This book investigates the history of women's reproductive health in Ghana arguing that between the 1920s and 1980s it was largely driven by discourses of development and population control rather than a concern for women's health or rights Between the 1920s and 1980s the choices that Ghanaian women made regarding their reproductive health were defined by development policy and practice Spanning the colonial and immediate postcolonial periods this book demonstrates that whilst the substance of development discourse shifted over time principles of development continued to be used to impact and legitimise reproductive health policy and practices well after independence The book explores Ghana's pluralist health system the introduction of maternal and child welfare the dominance of the Red Cross in Ghana's maternal and child health landscape nationalist pronatalism and global population activism In order to
