Paying For Services Promises And Pitfalls Of Capitation:

Managed Care Technical Assistance Series ,1997 *Paying for Services* David Mechanic,1989 **Mental Health, United States** ,1998 *Designing Substance Abuse and Mental Health Capitation Projects* Cindy Brach,1998 **Core Readings in Psychiatry** Michael H. Sacks,William H. Sledge,1995

Core Readings in Psychiatry Second Edition stands as an essential text for the academic The contributors are distinguished experts who have a firm grasp of the relevant and classical citations in specific areas of psychiatry In the intervening 8 years since the first edition the profession s knowledge base has changed immensely Included in this second edition are numerous citations and new topics such as AIDS neuropsychiatry models of psychoanalytic thought child development and medical economics The book will open bibliographic doors for the academicians as well as for the provider manager and consumer of psychiatric services and knowledge It is designed to be an introduction and guide to the entire psychiatric literature *Concise Guide to Managing Behavioral Health Care Within a Managed Care Environment* Michael Isaiah Bennett,2008-08-13

How can behavioral health clinicians provide managed care in an ethical professionally satisfying way while also dealing with managed care organizations MCOs This concise yet powerful volume will jump start clinicians in their search for effective answers Unlike other managed care guides which tend to view the clinician managed care relationship as inherently adversarial this groundbreaking pocket guide another in American Psychiatric Publishing s Concise Guides series views resource management as a basic function indeed an ally of ethical clinical practice True managed care both improves the quality of clinical care and protects community resources It even stimulates patients to become more active managers of their own care The author speaking from extensive first hand experience as both network provider and MCO administrator asserts that clinicians must know how to manage care themselves to effectively persuade insurance companies to pay for treatment Toward that end the author details the practical tools clinicians need in just five chapters Chapter 1 Managing Care Ethically discusses basic principles and methods for making clinical decisions about behavioral health care when resources are limited and methods for communicating these decisions to patients and MCOs Chapter 2 Managing Nonacute Care applies the principles and methods from Chapter 1 to providing non acute usually outpatient services Chapter 3 Managing Acute Care applies the principles and methods from Chapter 1 to providing acute crisis or inpatient services Chapter 4 Marketing to Managed Care Organizations details strategies for negotiating contracts to often unreceptive MCOs who consider their networks full showing how clinicians can enhance their market value by filling MCO needs Chapter 5 Managing Utilization Review offers insights on overseeing the clinical work of colleagues and shaping the health care system assuming that care managers are professionally obligated to help patients receive the care they need and deserve without intruding on the clinician s role and that the best management manages least taking responsibility for efficient resource utilization and ongoing system improvement This practical guide is more than just a handbook for successfully navigating MCO procedures and market dynamics it also shows that the outcome

of truly managed care can be just as satisfying and effective as care provided with infinite resources Invaluable to clinicians in everyday practice this remarkable guide with its unique insights collaborative approach and case examples will also find a wide audience among clinical administrators in private and public MCOs who train network clinicians and utilization managers

Administration and Policy in Mental Health, 1992 Case Management for Mentally Ill Patients Harris, 1993-04-01 Case Management what is it and how does it fit in the system of mental health care for severely mentally ill patients Four popular case management systems each emerging from a distinct theory of human growth and development answer these long debated questions Case Management for Mentally Ill Patients will prove highly useful to mental health students and practitioners university educators and professionals providing hands on help in obtaining a wide range of services including insurance housing rehabilitation general medical psychiatric care legal services and entitlements and employment Maxine Harris and Helen Bergman are co founders and co directors of Community Connections Inc in Washington DC

Inescapable Decisions David Mechanic, *Inescapable Decisions* examines the disarray in the American health care system and proposes major corrective strategies Mechanic shows that the high technology interventionist type of medicine commonly practiced in the United States has lost its sense of priorities and balance Expensive and sometimes dangerous procedures of unknown efficacy are used excessively and often inappropriately while many basic preventive and primary care services remain unavailable to those who need them the most This incredibly complex system of care operates in an environment of heavy landed rules and regulations and enormous waste of resources

The Unnoticed Majority in Psychiatric Inpatient Care Charles A. Kiesler, Celeste G. Simpkins, 2013-06-29 This book is a research monograph reporting empirical results but we have tried to place the data in a very broad national perspective Our intent is a volume on mental health policy in the United States most notably our de facto policies as indicated by empirical data The book gives a broad perspective of mental disorders and mental disorder treatment in general hospitals in the United States The audience that we hope to reach is those interested in mental health policy planning and treatment alternatives The issues raised in this book are germane to anyone who is concerned with the problems that beset those seeking treatment for mental or substance abuse disorders We address the following types of issues 1 the history of health policy in the United States 2 the history of our mental health policy as a component of our health policy 3 the effects of changes in payment policies 4 mental disorders among special populations children the elderly the disabled 5 the cost of treatment 6 changes in labeling of diagnosis 7 the effectiveness of treatment and 8 evolving public policy issues

Blueprints for Managed Care Frank D. McGuirk, Andrew B. Keller, Colette Croze, 1996-12 Considers three models consumer flow dollar flow and full model in generic system without at risk contracting generic system with full capitation and full transfer of utilization risk and generic system with partial case rate funding shared utilization risk and centralized utilization management The blueprints of state systems covers consumer flow dollar flow and full model in Arizona pre and post reform systems Oregon pre and post reform systems and Washington

State pre and post reform systems and a comparison of the three state systems *Mental Health, United States, 1996*
