Professional Competition And Professional Power:

Professional Competition and Professional Power Yves Dezalay, David Sugarman, 2005-06-22 Examines the ongoing efforts of lawyers and allied professionals to construct police and redefine their boundaries Focusing on the newly emerging large multinationals it explores the relationship between professions the economy and the state **Entrepreneurial Strategies of Professional Service Firms** Andreas B. Günther, 2019-02-19 Over the past years knowledge intensive industries have gained significant importance as economic factor giving rise to professional service firms PSFs such as law firms accounting firms or consultancies Following this development the research interest especially in the strategies pursued by PSFs has grown substantially However past research focused mainly on strategies of established mature PSFs leaving academics as well as potential entrepreneurs without guidance on what newly founded entrepreneurial PSFs should pay attention to in order to ensure lasting competitive advantages Based on an explorative grounded theory analysis of two outstanding commercial law firm spin offs in Germany this work advances the research in this field In addition to a detailed case study report it offers a comprehensive theoretical framework and argues that PSFs have to employ a set of seven specific entrepreneurial strategies including for example servicedelivery people development and client acquisition strategies in order to successfully manage the entrepreneurial phase In providing examples for the growing PSF industry the findings on commercial law firm spin offs also inform entrepreneurship research in other professions **English Lawyers Between Market and State** Richard L. Abel, 2003 During the 1990s reforms in the English legal profession transformed traditions over the vigorous objections of the judiciary Bar and Law Society This book mines that tumultuous period for insights into the prospects of professionalism in the 21st century **Professions and Professional Service Firms** Mike Saks, Daniel Muzio, 2018-03-05 Professions are increasingly linked with enterprise at a number of interrelated levels By considering the relationship of professions to the enterprise contexts in which they work this book reveals the dilemmas posed to professional groups and the opportunities and constraints that can arise in their organisational frameworks Addressing both private and public sectors this collection explores questions including what are the implications for the culture practices and identities of professions of working in enterprise contexts including with increased globalisation Are professions becoming more entrepreneurial in a knowledge economy What are the tensions between professionalism and enterprise and how are these resolved These are themes that are extremely important to professionals and their managers especially with the rise of large scale professional service firms serving corporate clients with truly global reach This cutting edge collection will be of interest to researchers educators and advanced students studying professional behaviour in fields such as business studies management organisational analysis public administration political science social policy and sociology as well as students on focused programmes of professional study in fields such as health law and social care **Lawyering Europe** Antoine Vauchez, Bruno de Witte, 2013-03-13 While scholarly writing has dealt with the role of law in the process of European

integration so far it has shed little light on the lawyers and communities of lawyers involved in that process Law has been one of the most thoroughly investigated aspects of the European integration process and EU law has become a well established academic discipline with the emergence more recently of an impressive body of legal and political science literature on European law in context Yet this field has been dominated by an essentially judicial narrative focused on the role of the European courts underestimating in the process the multifaceted roles lawyers and law play in the EU polity notably the roles they play beyond the litigation arena This volume seeks to promote a deeper understanding of European law as a social and political phenomenon presenting a more complete view of the European legal field by looking beyond the courts and at the same time broadening the scholarly horizon by exploring the ways in which European law is actually made To do this it describes the roles of the great variety of actors who stand behind legal norms and decisions bringing together perspectives from various disciplines law political science political sociology and history to offer a global multi disciplinary reassessment of the role of law and lawyers in the European integration process

Rules and Networks Richard Appelbaum, William Felstiner, Volkmar Gessner, 2001-12-31 This book explores how business people and their legal advisers try to minimise the effect of the difficulties imposed by different cultures

Law and Society in East Asia Christoph Antons, 2017-07-05 The massive and complex process of change in East Asia over recent decades has brought about a transformation in the nature of law and legal institutions in the region Whilst the process of change has to some degree mimicked western models of law and legal change there have been significant differences in approach due to the different social foundations of East Asian societies The more obvious of these has been the variety of ways in which rule of law ideas have been adopted in many East Asian countries where the role of the state is more dominant when compared with Western models This volume brings together a selection of the most important writings on East Asia of researchers in recent years and shows the broad range of questions which researchers have been addressing about the effect of law reform and legal change in societies dominated by traditional values and political forces and at a time of massive economic change

Lawyers' Empire W. Wesley Pue, 2016-07-28 Approaching the legal profession through the lens of cultural history Wes Pue explores the social roles lawyers imagined for themselves in England and its expanding empire from the late eighteenth to the mid twentieth century Each chapter focuses on a critical moment when lawyers whether leaders or rebels sought to reshape their profession In the process they often fancied they were also shaping the culture and politics of both nation and empire as they struggled to develop or adapt professional structures represent clients or engage in advocacy As an exploration of the relationship between legal professionals and liberalism at home or in the Empire this work draws attention to recurrent disagreements as to how lawyers have best assured their own economic well being while simultaneously advancing the causes of liberty cultural authority stability and continuity

Offshore Finance Centres and Tax Havens Jason P Abbottd, 2016-07-27 Offshore finance has transformed many small jurisdictions into high income economies and has facilitated the growth of

global financial markets deregulation and the convergence of economic policies worldwide However the volatility and fickle nature of global capital has also become apparent This major new multi disciplinary and international collection explores the development of offshore finance and is an extremely valuable resource for all those considering the issues involved in this important area *The Internationalization of the Practice of Law* Jens Ivar Drolshammer, Michael Pfeifer, 2001-08-08

Dealing in Uncertainty Arjen van der Heide, 2023-04-28 This book conducts an in depth investigation of one of the largest and longest established insurance industries in Europe British life insurance Death of the Guilds Elliott A. Krause, 1999-02-08 An analysis of the autonomy and leverage of modern professional groups medicine law university teaching engineering in the US and Europe Finding that each group has experienced a decline in its power it considers the implications for professionals and those they serve *The Oxford Handbook of the Sociology of Finance* Karin Knorr Cetina, Alex Preda, 2012-11-29 Recent years have seen a surge of interest in the workings of financial institutions and financial markets beyond the discipline of economics which has been accelerated by the financial crisis of the early twenty first century The Oxford Handbook of the Sociology of Finance brings together twenty nine chapters written by scholars of international repute from Europe North America and Asia to provide comprehensive coverage on a variety of topics related to the role of finance in a globalized world and its historical development Topics include global institutions of modern finance types of actors involved in financial transactions and supporting technologies mortgage markets rating agencies and the role of financial economics Particular attention is given to financial crises which are discussed in a special section as well as to alternative forms of finance including Islamic finance and the rise of China The Handbook will be an indispensable tool for academics researchers and students of contemporary finance and economic sociology and will serve as a reference point for the expanding international community of scholars researching these areas from a broadly defined sociological perspective

Handbook of Research on Entrepreneurship in Professional Services Markus Reihlen, Andreas Werr, 2012-01-01 Professional service firms are critical agents of contemporary economies and understanding them has become a central focus of recent scholarship This very timely and well organized Handbook brings together several leading scholars who explore how we might think and theorize about professional service firms and their entrepreneurial behaviours The Handbook will become a key source for the growing community of researchers in this area Royston Greenwood University of Alberta Canada For too long both researchers and practitioners have presumed that professional service firms follow the status quo when they should better understand how these professionals set the rules for globalization This Handbook reminds us that professionals are as much the shock troops of capitalism as the multinational corporations that they serve As this Handbook shows the leading firms successfully compete with each other by fostering entrepreneurship and innovation in order to service an institutional system that undergirds the international economy Christopher McKenna University of Oxford UK Professional services are increasingly seen as an important foundation for future economic growth and prosperity Yet

research on innovative and entrepreneurial processes in professional services has been surprisingly scarce This Handbook provides a collection of original contributions from leading scholars outlining the current stock of knowledge in the area as well as providing directions for further research The expert contributors discuss entrepreneurship and innovation from a number of different perspectives including the entrepreneurial professional team the entrepreneurial firm and the institutional environment The first part of the book looks at the challenges of entrepreneurship specific to the professional service firm while the second explores the creation and exploitation of entrepreneurial opportunities in the professional service team Part III turns to the organization and Part IV to the management and growth of the entrepreneurial professional service firm The final part discusses the interplay between professions firms and the institutional environment Researchers scholars and PhD students in the areas of entrepreneurship and professional service firms along with advanced students of management will find this volume of great value

Special Issue: Law Firms, Legal Culture and Legal Practice Austin Sarat, 2010-09-24 Large law firms have become a dominant feature of the legal landscape in the United States and elsewhere This volume of *Studies in Law Politics and Society* examines the situation of large law firms

Toward Permeable Boundaries of Organizations?
