The Case Against Women Raising Children Kathleen A. Ryan Carlsson, 2002-03-08 For information about the book go to www.GroenendaelPress.com

Evolution and culture produce a body and mind to suit a creature's role in the world. Whether care of the young is provided by males, females, or both, each species has evolved caregiver traits suited to that task. The result is caring women and provider men. In other words, you are what you do. However, with the honing of each trait, a creature pays a price. In the case of a woman who specialized her body and mind to childcare, the price was a failure to develop skill at financial self-sufficiency and individual direction, which in turn made it more likely that such a woman will live in a subordinate relationship. Women as primary parents perpetuated gender roles. Women internalized this definition of themselves and they became somewhat comfortable with it. Even when they wanted more power over their lives, they found themselves trapped from within. But human beings have also evolved the trait of educability. We can learn. We can choose the direction in which we develop our abilities and traits. The case against women raising children is the case for parents raising children.

Raising Kids to Follow Christ Lee Ann Mancini, 2024-02-20. How can we raise the next generation to have an unshakable faith in God as they navigate the challenging terrain of modern culture? Offering years of experience and countless success stories, author and parenting expert Lee Ann Mancini says what our children need is a heart change, not just a behavioral change, so that they become effective disciples. In *Raising Kids to Follow Christ: Instilling a Lifelong Trust in God*, she inspires parents, grandparents, teachers, and others to teach their children essential Christian principles to enable them to navigate the world with grace, integrity, and an unbreakable bond with their heavenly Father. This book goes beyond surface-level advice, delving into the intricate matters of children's hearts and minds and offering a blueprint for nurturing a deep and unwavering faith in Christ. *Raising Kids to Follow Christ* offers decades of personal experience and training based on key essential principles in Scripture. Practical strategies for addressing doubts, fears, and questions that arise in today's culture. Ways to help children control their emotions and actions in various situations. Suggestions from some of today's brightest Christian minds in children's spirituality. Empowerment for parents to become their child's spiritual champion. Easy to understand apologetics for children and adults. Fun ways to connect your child's heart to Christ. *Raising Kids to Follow Christ* is a collaborative journey, inviting parents to learn, grow, and flourish alongside their children as they become bold in their witness and committed to their faith rather than secular culture.

Having and Raising Children Uma Narayan, 2010-11-01. As the term family values achieves prominence in the rhetoric of political debate, the social issues at the heart of today's political controversies deserve to be studied in depth. This volume brings together a group of philosophers, political scientists, and legal scholars to explore a wide range of specific topics dealing with the legal, ethical, and political dimensions of familial relationships. Topics addressed include the rights of unwed fathers, the nature of children's autonomy, children's rights to divorce their parents, parental rights with respect to medical treatment and religious education of children, surrogate parenting, same-sex parenting, and single-parent families. Collectively, the essays point out that many contemporary issues pertaining to the having and raising of children pose genuinely hard choices for public policy makers for those who make and

enforce the laws and for citizens who would like to engage in informed and critical democratic debate on these issues

Miss Manners' Guide to Rearing Perfect Children Judith Martin, 2002-05-17 Provides advice on etiquette from prekindergarten to post graduate status for parents and children *Free-Range Kids, How to Raise Safe, Self-Reliant Children (Without Going Nuts with Worry)* Lenore Skenazy, 2010-04-19 FREE RANGE KIDS has become a national movement sparked by the incredible response to Lenore Skenazy's piece about allowing her 9 year old ride the subway alone in NYC Parent groups argued about it bloggers blogged spouses became uncivil with each other and the media jumped all over it A lot of parents today Skenazy says see no difference between letting their kids walk to school and letting them walk through a firing range Any risk is seen as too much risk But if you try to prevent every possible danger or difficulty in your child's everyday life that child never gets a chance to grow up We parents have to realize that the greatest risk of all just might be trying to raise a child who never encounters choice or independence **Babies Raising Babies** Rycj, 2020-12-15
