Rakes Progress:

The Danger of Music and Other Anti-Utopian Essays Richard Taruskin, 2008-12-02 The Danger of Music gathers some two decades of Richard Taruskin's writing on the arts and politics ranging in approach from occasional pieces for major newspapers such as the New York Times to full scale critical essays for leading intellectual journals. Hard hitting provocative and incisive these essays consider contemporary composition and performance the role of critics and historians in the life of the arts and the fraught terrain where ethics and aesthetics interact and at times conflict. Many of the works collected here have themselves excited wide debate including the title essay which considers the rights and obligations of artists in the aftermath of the 9/11 terrorist attacks. In a series of lively postscripts written especially for this volume Taruskin America's public musicologist addresses the debates he has stirred up by insisting that art is not a utopian escape and that artists inhabit the same world as the rest of society. Among the book's forty two essays are two public addresses one about the prospects for classical music at the end of the second millennium C.E. the other a revisiting of the performance issues previously discussed in the author's *Text and Act* 1995 that appear in print for the first time.

Stravinsky, the Composer and His Works

Eric Walter White, 1979 In the second edition of the definitive account of Stravinsky's life and work arranged in two separate sections the author revised the whole book completing the biographical section by taking it up to Stravinsky's death in 1971. To the list of works the author added some early pieces that have recently come to light as well as the late compositions including the Requiem Canticles and *The Owl* and the *Pussycat*. Four more of Stravinsky's own writings appear in the Appendices and there are several important additions to the bibliography.

The New Grove Stravinsky Stanley Sadie, John Tyrrell, 2003-03-15 Of Russian French and later American nationality Stravinsky's musical styles are startlingly diverse reflecting his life and era from Tsarist Russia to 1920s France and post war USA. His early years in Russia saw him launch his international career with Diaghilev's *Ballets Russes* in Paris and the premieres of *The Firebird*, *Petrushka* and *The Rite of Spring*. Between 1920-1939 Stravinsky lived and worked in France producing his great neo classical compositions reactivating the modes and manners of the eighteenth century. This stylistic inclination eventually gave way to a highly individual use of serial techniques in his last years when he took up residence in the United States. This biography of Igor Stravinsky is one in a new series of composer biographies derived and adapted from the second edition of *The New Grove Dictionary of Music and Musicians*. These newly written biographies bring the best of the book length pieces in *The New Grove* to a wider audience. Each title provides fresh new insights into the life and works of a major composer derived from the most recent scholarship. In addition to a detailed and informative view of the subject's life and works written by an expert in the field each book includes comprehensive tabular work lists and a fully revised and updated bibliography.

Turner** John Timbs,1860 **James Merrill** Langdon Hammer,2015-04-14 Langdon Hammer has given us the first biography of the poet James Merrill 1926 95 whose life is surely one of the most fascinating in American literature Merrill was born to high privilege and high expectations as the son of Charles Merrill the charismatic cofounder of the brokerage firm Merrill Lynch and Hellen Ingram a muse ally and antagonist throughout her son s life Wounded by his parents bitter divorce he was the child of a broken home looking for repair in poetry and love This is the story of a young man escaping yet also reenacting the energies and obsessions of those powerful parents It is the story of a gay man inventing his

identity against the grain of American society during the eras of the closet gay liberation and AIDS. Above all it is the story of a brilliantly gifted fiercely dedicated poet working every day to turn his life into art. After college at Amherst and a period of adventure in Europe, Merrill returned to the New York art world of the 1950s; he was friendly with W. H. Auden, Maya Deren, Truman Capote, Larry Rivers, Elizabeth Bishop, and other midcentury luminaries and began publishing poems, plays, and novels. In 1953 he fell in love with an aspiring writer, David Jackson. They explored boys and bars as they made their life together in Connecticut and later in Greece and Key West. At the same time, improbably, they carried on a forty-year conversation with spirits of the Other World by means of a Ouija board. The board became a source of poetic inspiration for Merrill, culminating in his prizewinning, uncanny one-of-a-kind work *The Changing Light at Sandover*. In his virtuosic poetry and in the candid letters and diaries that enrich every page of this deliciously readable life, Merrill created a prismatic art of multiple perspectives and comic self-knowledge, expressing hope for a world threatened by nuclear war and environmental catastrophe. Holding this life and art together in a complex, evolving whole, Hammer illuminates Merrill's chronicles of love, loss, and the poignant personal journey they record.

Hogarth and his Place in European Art Frederick Antal, 2022-11-30
First published in 1962, *Hogarth and his Place in European Art* attempts to convey the historical relevance both in its native and European context of perhaps the most outstanding English painter of the eighteenth century. Dr. Antal applies his method of establishing the close relationship between the political and social history and the arts and letters of the period. Thus the book goes far beyond the limits of art historical appreciation. It gives a panoramic picture of the first half of the eighteenth century in England with all its social, literary, and artistic connotations. He shows how England, which during those years became both politically and economically the most advanced country in Europe, could provide in Hogarth, in spite of the slender native tradition, the most progressive artistic personality of his time, whose work revealed the views and tastes of a broad cross-section of society. He traces Hogarth's stylistic origins back to their European sources and analyses his impact on contemporary European and English art as well as the influence he exerted on generations to come. This book will be of interest to students of art, art history, literature, and European history.

Constant Lambert Stephen Lloyd, 2014
To the economist and ballet enthusiast John Maynard Keynes, he was potentially the most brilliant man he'd ever met; to Dame Ninette de Valois, he was the greatest ballet conductor and advisor this country has ever had; to the composer Denis Ap'Ivor, he was the greatest most-loved and most entertaining personality of the musical world; whilst to the dance critic Clement Crisp, he was quite simply a musician of genius. Yet sixty years after his death, Constant Lambert is little known today. As a composer, he is remembered for his jazz-inspired *The Rio Grande*, but little more; and for a man who devoted the greater part of his life to the establishment of English ballet, his work is largely unrecognized today. This book looks not only at his music but at his journalism, his talks for the BBC, his championing of jazz in particular, Duke Ellington, and more privately his longstanding affair with Margot Fonteyn.
