## Ralphs Universe:

*The Vibrational Universe* Kenneth James Michael MacLean, 2005-02-01 In a wide ranging metaphysical discussion from consciousness incarnation and death to politics economics and science the author describes a cooperative universe which responds to an individual s thoughts and provides a user friendly interface

*The Book of Ralph* Christopher Steinsvold, 2016-07-18 A message appears on the moon It is legible from Earth and almost no one knows how it was created Markus West leads the government s investigation to find the creator The message is simple and familiar But those three words written in blazing crimson letters on the lunar surface will foster the strangest revolution humankind has ever endured and make Markus West wish he was never involved The message is Drink Diet Coke When Coca Cola denies responsibility global annoyance with the beverage industrial complex becomes indignation And when his investigation confirms Coca Cola s innocence Markus West becomes one of the most hated men on Earth Later five miles above the White House a cylinder is discovered floating in the night It is 400 feet tall 250 feet in diameter and exactly resembles a can of Campbell s Chicken Noodle Soup Nearly everyone thinks the cylinder is a promotional stunt gone wrong just like the lunar advertisement And this is exactly what the alien in the cylinder wants people to think Ralph an eccentric extraterrestrial who s been hiding on the moon needs Markus s help to personally deliver a dark warning to the White House Ralph has a big heart a fetish for Andy Warhol and a dangerous plan to save the world Looking upon the cylinder Markus realizes we are not the ones in control The unexpected guest becomes the host and somehow humans never belonged We are the homeless orphans peeking through the banquet window We are the frills of the universe gazing upon something unspeakably more central than ourselves

*The Spiritual Teachings of Ralph* Waldo Emerson Richard Geldard, 2001-05 No one who has felt the life changing pull of Emerson s enormous planetary mind has ever doubted his power or his greatness though we are often puzzled to know whether he is primarily a poet an essayist or a philosopher Richard Geldard is not puzzled at all by this he has written a book that plainly shows Emerson to be essentially a teacher the Socrates of Concord a man with a message that we need to hear today Previous generations beheld God and nature face to face Emerson says and adds provocatively that we moderns seem able only to see those things through the eyes of the earlier generations Why he asks and the question is intended to shatter our complacency Why should not we also enjoy an original relation to the universe Why should not we have a poetry and philosophy of insight and not of tradition and a religion by revelation to us and not the history of theirs Emerson s life was devoted to showing how one may still attain an original that is to say an authentic relation to the universe and Geldard s book aims to focus and distill the famously dispersed Emerson and put his central teachings into the modern reader s hand Previous edition titled *The Esoteric Emerson the Spiritual Teachings of Ralph Waldo Emerson* Click here to read an interview with the author Richard Geldard

*Ralph Waldo Emerson* Alfred Hudson Guernsey, 1881 **The Philosophy of Ralph Waldo Emerson** Joseph Urbas, 2020-09-07 This study offers the first comprehensive account of Emerson's philosophy since his philosophical rehabilitation began in the late 1970s It builds on the historical reconstruction proposed in the author's previous book *Emerson's Metaphysics* and like that study draws on the entire Emerson corpus the poetry and sermons included The aim here is expository The overall though not exclusive emphasis is on identity as the first term of Emerson's metaphysics of identity and flowing or metamorphosis This metaphysics or general conception of the nature of reality is what grounds his

epistemology and ethics as well as his esthetic religious and political thought Acknowledging its primacy enables a general account like this to avoid the anti realist overemphasis on epistemology and language that has often characterized rehabilitation readings of his philosophy After an initial chapter on Emerson s metaphysics the subsequent chapters devoted to the other branches of his thought also begin with their necessary foundation in identity which is the law of things and the law of mind alike Perception of identity in metamorphosis is what characterizes the philosopher the poet the scientist the reformer and the man of faith and virtue Identity of mind and world is felt in what Emerson calls the moral sentiment Identity is Emerson s answer to the Sphinx riddle of life experienced as a puzzling succession of facts and events **Ralph Waldo**

**Emerson** Prentiss Clark,2023-01-05 In his 1837 speech The American Scholar Ralph Waldo Emerson noted life is our dictionary encapsulating a body of work that reached well beyond the American 19th century This comprehensive study explores Emerson as a preacher poet philosopher lecturer essayist and editor There are nearly 100 entries on individual texts and their personal historical and literary contexts Emerson s work is placed within his relationships with family members fellow Transcendentalists and transatlantic friends and his commitment to ethics self culture and social change This book provides the fullest possible exploration of Emerson s writing and philosophy Far ahead of his own time the man enthusiastically questioned institutions communities friendships history individuality and contemporaneous approaches to environmental stewardship **The works of Ralph Cudworth** Ralph Cudworth,Thomas Birch,1829 *Leo and Ralph*

Peter Carnavas,2024-02-27 From award winning storyteller Peter Carnavas comes this stellar novel about space starting over and the best friend you could ever imagine Ralph sat up His voice was croaky If a shooting star zoomed past right now what would you wish for To find another friend like you Leo and Ralph have been best friends ever since Ralph flew down from one of Jupiter s moons But now Leo s older and Mum and Dad think it s time to say goodbye to Ralph When the family moves to a small country town they hope Leo might finally make a real friend But someone like Ralph is hard to leave behind Perfect for kids who enjoy gentle thoughtful stories like The Wild Robot by Peter Brown and the Polly and Buster series by Sally Rippin

*Ralph Waldo Emerson* Harold Bloom,2006 Ralph Waldo Emerson was one of America s most influential thinkers His essay Nature is considered to be the founding document for the Transcendentalism movement and his influence can be seen in the writings of Whitman Thoreau Melville and countless others This is a guide on the 19th century essayist and philosopher
