This is the first full biography of George Washington Littlefield, the Texas and New Mexico rancher, Austin banker, and businessman, University of Texas regent, and philanthropist. In just two decades, Littlefield's business acumen vaulted him from debt to inclusion in 1892 on the first list of American millionaires. *A Man Absolutely Sure of Himself* is a grand retelling of the life of a highly successful entrepreneur and Austin civic leader whose work affected spheres from ranching and banking to civic development and academia. Littlefield's cattle operations during the open range and early ranching periods spanned a domain in New Mexico and Texas larger than the states of Delaware and Connecticut combined. In a unique contribution to ranching art, Littlefield commissioned murals and bronze doors depicting scenes from his ranches to decorate Austin's American National Bank, which he led for its first twenty-eight years. Gracy provides new information about Littlefield's term as University of Texas regent and the necessity of choosing between friendship and duty during the university's confrontation with Gov. James E. Ferguson. Proud of his Civil War service in Terry's Texas Rangers, Littlefield funded one of the nation's first centers for Southern history. He also underwrote the school's purchase of its first rare book library and its training programs preparing troops for World War I's new combat roles. Littlefield played a central role in advancing Austin from a cattleman's town into the business center it wanted to become. His Littlefield Building, the tallest office building between New Orleans and San Francisco when it was built, served for a generation as the prime location of the town's business community. Author David B. Gracy II, a relative of Littlefield, grounds his vivid prose in a lifetime of research into archival and family sources. His comprehensive biography illuminates an exceptional figure whose life singularly illustrates the evolution of Texas from Southern to Western to American.

Horsemanship of Ulysses S. Grant Denise M. Dowdall, 2012-11-14 Ulysses Grant the highest ranking general of the American Civil War and 18th president of the United States was a surprisingly reluctant soldier and an even more reluctant president But he was always an enthusiastic horseman Rich with anecdote humour and humanity From Cincinnati to the Colorado Ranger tells of the extraordinary collection of horses that inhabited Grant's world From the placid plough horses of his youth to the brave war chargers that carried the destiny of the nation on their backs From the pampered trotters of the Gilded Age to the exotic stallions whose blood enriched a new breed of American horse The story of these horses more than illuminates the life and culture of a great American
