Forsaken Warriors Robert L. Tonsetic, 2009-12-10 An insider's account of the South Vietnamese elites who strove to carry on the war against the Communists during the U S Army's withdrawal The book is a personal memoir of the author's service as a U S Army advisor during the end stages of America's involvement in Vietnam During the period 1970-71 the U S was beginning to draw down its combat forces and the new watchword was Vietnamization It was the period when the will of the U S to prosecute the war had slipped and transferring responsibility to the South Vietnamese was the only remaining hope for victory The author served as a U S Army advisor to South Vietnamese Ranger and Airborne units during this critical period The units that the author advised spearheaded several campaigns in South Vietnam Cambodia and Laos as the U S combat units withdrew Often outnumbered and outgunned the elite ranger and airborne units fought Viet Cong and North Vietnamese units in some of the most difficult terrain in Southeast Asia ranging from the legendary U Minh forest and Mo So mountains in the Mekong Delta to the rugged hills of southern Laos The role of the small U S advisory teams is fully explained in the narrative With little support from higher headquarters these teams accompanied the Vietnamese units on highly dangerous combat operations over which they had no command or control authority When U S advisors were restricted from accompanying South Vietnamese forces on cross border operations in Cambodia and especially Laos the South Vietnamese forces were badly mauled raising concerns about their readiness and training and their ability to operate without their U S advisors As a result a major effort was placed on training these forces while the clock continued to run on the U S withdrawal Having served with a U S infantry battalion during the peak years of the U S involvement in Vietnam Robert Tonsetic the acclaimed author of *Days of Valor* is able to view the war through two different prisms and offer criticisms and an awareness of why the South Vietnamese armed forces were ultimately defeated An exciting account of Robert Tonsetic's combat tours during the final stages of our long involvement in the Vietnam War Soldiers Marines training for advisory duty in Iraq or Afghanistan would do well to read this excellent work

Proceedings Of special interest is the way Tonsetic recounts the dynamics of personalities their effect on

Posey,2009-06-23 Finalist Army Historical Foundation Distinguished Book Award An account of this elite unit serving in the last days of a segregated military Riveting The Journal of African American History The 2nd Ranger Infantry Company Airborne was the first and only all black Ranger unit in the history of the United States Army The company s life span covered ten months from selection and training through a seven month combat deployment in Korea after which the unit was deactivated The 2nd and

4th Rangers were among the units initially assigned to the Eighth Army and were considered to be combat ready. The 2nd Ranger Company battled North Korean and Communist Chinese forces near Tangyang Majori ri and Chechon conducted the first airborne assault in Ranger history near the town of Munsan ni and executed the heroic attack and defense of Hill 581. In their short time together these men demonstrated courage served with honor and achieved a magnificent combat record. This is the first complete history of this elite all volunteer unit whose members were drawn from the 3rd Battalion of the 505th Airborne Infantry Regiment and the 80th Airborne Anti Aircraft Battalion. As a member of the unit Edward L. Posey bases his account on firsthand experience, official records, interviews with survivors and other material to produce a rich and worthy addition to the growing literature on the Korean War. Posey's study explains the obstacles these patriotic men faced, their sacrifices and their courageous actions on the far side of the world. Outstanding, a shining example of what Americans are capable of accomplishing. John Conyers Jr.

A Ranger Born Robert W. Black, 2007-12-18. Even as a boy growing up amid the green hills of rural Pennsylvania, Robert W. Black knew he was destined to become a Ranger. With their three hundred year history of peerless courage and independence of spirit, Rangers are a uniquely American brand of soldier, one foot in the military, one in the wilderness, and that is what fired Black's imagination. In this searing, inspiring memoir, Black recounts how he devoted his body and soul to his proud service as an elite U.S. Army Ranger in Korea and Vietnam, and what those years have taught him about himself, his country, and our future. Born at the start of the Great Depression, Black grew up on a farm at a time of great hardship but also tremendous national determination. He was a kid who toughened up fast, who learned the hard way to rely on his strength and his wits, who saw the country go to war with Germany and Japan and wept because he was too young to serve. As soon as the army would take him, Black enlisted. And as soon as he could muscle his way in, he became a Ranger. As a private first class in the 82d Airborne Division headquarters, Black withstood the humiliations of enlisted service in the peacetime brown shoe army. When the Korean War began, he volunteered and trained to be an Airborne Ranger. In Korea, this young warrior, his mind and body bursting with the lusts of adolescence, grew up fast, literally in the line of fire. In clean, vivid prose, Black describes the hell of giving his all for a country that lacked the political resolve to give its all to a war against the North Koreans and the Chinese. If Korea was frustrating, Vietnam was maddening. The heart of this book is devoted to the years of action that Black saw in Long An Province, starting in 1967. Black writes of the perplexity of collaborating with South Vietnamese officers whose culture and motives he never fully understood; he conjures up the sudden shock of the Tet Offensive and the daily horror of seeing fellow soldiers and innocent civilians slaughtered, sometimes by stray bullets, often by carelessness or treachery. Vietnam challenged everything Black had come to believe in and left him totally unprepared for the hostility he would face when he returned to a war-weary America. Written with extraordinary candor and passion, *A Ranger Born* is the memoir of a man who dedicated the best of his life to everything that is great and enduring about America. At once intimate in its revelations and universal in its themes, it is a book with

profound relevance to our own troubled time in history The Rangers, The Bruins, And The End of an Era Jay Moran, 2009
This book is a tribute to the rivalry the New York Rangers had with the Boston Bruins during the decade that Emile Francis ran the club Growing up these two teams are what defined hockey for me and the team was not simply a city or a sweater or a jersey it was the players As Mr Francis himself told me Every time we played it was a war That was the greatest rivalry I've ever seen I wrote this book for the fans of both teams hoping that it would bring back some great memories from a time when the game was a lot different than it is today *Wounded Rangers* Dominic Hagans, 2013-06-25 On September 11 2008

Operation Dark Heart Anthony Shaffer,2024-05-01 The fascinating New York Times bestseller by a black ops team leader about what really went on and went wrong in Afghanistan Booklist Lt Col Anthony Shaffer led a black ops team on the

forefront of the military efforts to block the Taliban's resurgence. For a moment he saw us winning the war. Then the military brass got involved. He witnessed firsthand the tipping point when what seemed like certain victory turned into failure. This wasn't the first time he had seen bureaucracy stand in the way of national security. He had participated in Able Danger, the aborted intelligence operation that identified many of the future 9/11 terrorists but failed to pursue them. His attempt to reveal the truth to the 9/11 Commission would not go over well with the higher ups. Operation Dark Heart made headlines when the Department of Defense bought the entire unredacted first printing. The book's revised second printing includes redactions which, according to the New York Times, offer a rare glimpse behind the bureaucratic veil that cloaks information the government considers too important for public airing. But Operation Dark Heart remains a stirring indictment against military bureaucracy and a culture of cover-ups. Takes you inside the espionage world, a labyrinth of secret agencies that do not like to share secrets. Army Times: Frequently reads like an adventure novel. Booklist: A gripping account filled with amazing detail of an otherwise secret world. Shaffer has the instincts of a thriller writer and the knowledge and perspective of the professional insider. Operation Dark Heart is a fascinating page-turner. Doug Stanton, New York Times bestselling author of *Horse Soldiers*.

The Life of an Airborne Ranger Michael B. Kitz-Miller, 2018-09-21. Book Two: Take Care of Your Men. Part of the trilogy continues with Jack and Mary Clarke's careers flourishing. Jack's training continues at the infantry school, air assault school, and in reestablishing his jump status. His mentor, Lt Gen Frank Stafford, is now commander of Eighth Airborne Corps and invites Jack for a special assignment to research small unit tactics in the two airborne divisions at Fort Bragg. Jack uncovers an old boy network that has led to substandard basic military skills. With one unit scheduled for deployment to Vietnam, there is great concern making their readiness a priority. First Lieutenant Donovan leaves for his third tour in Vietnam as a company commander where he commands two successful operations against VC rocket launcher sites, receiving numerous commendations for valor. He is now the most highly decorated soldier in the military but he again clashes with Orin Jensen's incompetence. Returning from Vietnam as acting battalion commander, Mary Clarke surprises Jack with a planned trip to Austria. Their love of opera and classical music fills their evenings in Salzburg and Vienna. Jack has also discovered his wife's independent wealth, having inherited a substantial sum from an aunt and uncle unable to have their own children. Money will never be a problem for the Donovans, whose family has been enlarged with a Welsh terrier named Patton. Jack, now a battalion commander with the Seventy-Fifth Airborne Rangers, plans and commands a major field training exercise at Fort Benning. Using high altitude qualified parachutists, which includes himself, he outsmarts a larger force to win the exercise. Daring maneuvers against the Tenth Mountain Division allow Jack's rangers to win yet another FTX at Fort Drum and new promotions. Mary Clarke, with a new PhD from the University of Maryland, fills large lecture halls at NC State University. She is one of few professors on campus that give failing grades to students that are not up to the mark, even while students line up for her classes, which includes graduate level courses on the romantic novels and their many moral
