Hip-hop Revolution Jeffrey Ogbonna Green Ogbar, 2007 As hip hop artists constantly struggle to keep it real this fascinating study examines the debates over the core codes of hip hop authenticity as it reflects and reacts to problematic black images in popular culture placing hip hop in its proper cultural political and social contexts Ebony, 1990-06 EBONY is the flagship magazine of Johnson Publishing Founded in 1945 by John H Johnson it still maintains the highest global circulation of any African American focused magazine The History of Rap and Hip-Hop Soren Baker, 2012-06-22 Hip hop culture has grown from its humble beginnings in the South Bronx section of New York City into a significant and influential cultural movement This volume examines the rich history and promising future of this musical genre Created in the mid 1970s by poor Bronx residents with few resources hip hop has become a billion dollar industry whose reach now stretches around the world Hip hop has influenced the way people make music the way they dance and the way they wear their clothes It has also shaped people's political views and turned many people into entrepreneurs Media, Revolution and Politics in Egypt Abdalla F. Hassan, 2015-10-01 For too long Egypt's system of government was beholden to the interests of the elite in power aided by the massive apparatus of the security state Breaking point came on 25 January 2011 But several years after popular revolt enthralled a global audience the struggle for democracy and basic freedoms are far from being won Media Revolution and Politics in Egypt The Story of an Uprising examines the political and media dynamic in pre and post revolution Egypt and what it could mean for the country's democratic transition We follow events through the period leading up to the 2011 revolution eighteen days of uprising military rule an elected president's year in office and his ouster by the military Activism has expanded freedoms of expression only to see those spaces contract with the resurrection of the police state And with sharpening political divisions the facts have become amorphous as ideological trends cling to their own narratives of truth Making of the Tunisian Revolution Nouri Gana, 2013-09-07 From late 2010 to the present day the Arab world has been shot through with insurrection and revolt As a result Tunisia is now seen as the unlikely birth place and exemplar of the process of democratisation long overdue in the Arab world Mixing political historical economic social and cultural analyses and approaches these essays reflect on the local regional and transnational dynamics together with the long and short term factors that when combined set in motion the Tunisian revolution and the Arab uprisings Above all the book maps the intertwined genealogies of cultural dissent that have contributed to the mobilisation of protesters and to the sustenance of protests between 17 December 2010 and 14 January 2011 and beyond **Like We Care** Tom Matthews, 2004-09 Todd Noland and Joel Kasten two high school seniors fed up with adult hypocrisy launch a scheme to disrupt the political and social control of the recording cigarette and junk food industry Listen to Rap! commercially successful and important rappers rap crews bands rap albums and rap singles Rap began as an American phenomenon so the book's emphasis is on Americans although it also includes information on Canadian British Indian and African rappers and crews Its organization makes information easily accessible for readers and the emphasis on the sound of the music gives readers a new angle from which to appreciate the music Unlike other titles in the series this volume concentrates solely on rap music Included in the book are rappers who range from the earliest practitioners of the genre to rappers who are redefining the genre today A background section introduces the genre while a legacy section shows how rap has cemented its place in the world Additionally another section shows the tremendous impact rap has had on popular culture

Arab Revolutions and World Transformations Anna Agathangelou, Nevzat Soguk, 2013-09-13 Stories about institutions and regimes that have failed us are echoing worldwide This book critically engages the multiple uprisings in the Middle East and North Africa MENA following the self immolation of Tunisian street vendor Mohamed Bouazizi in December 2010 It brings together authors who critically analyse the unstoppable force unleashed in the streets of Tunisia Egypt Bahrain Syria Libya and Yemen This book analyses the roots and trajectory of the recent revolts in the context of the global transformations that have redefined the politics of movement and revolution For example some authors engage extensively with the strategies embraced by the younger generation of activists Others argue that the power of these revolutions lies in the people's creative orientations including their collaborations While much of the mobilization efforts in these different parts of the world happen through word of mouth radio cartoons placards and SMS services sites such as Facebook helped people meet each other with a click carrying their claims through stories songs poetry and art of protest across international borders quickly enabling them to rapidly bring authoritarian regimes to the brink of collapse and make a qualitatively different expression of uprisings All authors in this volume address the question of the stakes in these revolts as through them spectacular and everyday violence can be challenged and alternative social projects can emerge Neither a footnote to the West's history nor an appendix to neoliberal capitalist global projects people are actively drawing on their power to disrupt domination and oppression creatively responding to global problems and calling for democratic institutions with viable ecologies This book was published as a special issue of *Globalizations*

Hip Hop World Dalton Higgins, 2009-10-01 A fascinating look at hip hop the world's most popular music and what it means to young people all over the globe written by an acclaimed pop culture critic An excellent introduction to hip hop for young adults Hip hop is arguably the predominant global youth subculture of this generation In this book Dalton Higgins takes vivid snapshots of the hip hop scenes in Europe North America Asia Africa and more American hip hop has gone through growing pains and is questioned for being too commercialized to articulate the hopes concerns and dreams of marginal youth and community members Outside the US hip hop culture is often a political

tool to mobilize disenfranchised communities around hard issues with little support from mainstream corporations or sponsors Higgins taps into his own powers of pop culture prognostication to predict the future of the genre and the youth culture that spawned it as hip hop spreads its tentacles to the furthest reaches of humanity The Groundwork Guides are excellent books mandatory for school libraries and the increasing body of young people prepared to take ownership of the situations and problems previous generations have left them

Metal, Rap, and Electro in Post-Revolutionary Tunisia Stefano Barone, 2019-04-23 Metal Rap and Electro in Tunisia is a trip into the music scenes of Tunisia after the Arab Springs Based on extensive field research the book explores the social life of heavy metal rap and electronic music in a North African country whose mass revolution of 2010 2011 led the way to a troubled and yet unique democracy What is it like to be part of a music scene in a place affected by poverty and inequality How do the many conflicted souls of Tunisian Islam shape local metal rap and electro What are the social and cultural stakes for music in a nation constantly represented as a bridge between Europe and the Middle East How do music scenes articulate the complex political scenario that followed the Tunisian revolution of 2011 Barone answers these questions by offering new theoretical reflections on youth cultures and popular music in a global perspective and thus pushing the debate on post subcultures and scenes forward At the same time the book offers a dense sociological analysis of youth and music in reality the Tunisian one whose society culture religion and politics are at stake in a historical transformation
