**Rastafari and the Arts** Darren J. N. Middleton, 2015-02-11

Drawing on literary musical and visual representations of and by Rastafari Darren J N Middleton provides an introduction to Rasta through the arts broadly conceived The religious underpinnings of the Rasta movement are often overshadowed by Rasta s association with reggae music dub and performance poetry Rastafari and the Arts An Introduction takes a fresh view of Rasta considering the relationship between the artistic and religious dimensions of the movement in depth Middleton s analysis complements current introductions to Afro Caribbean religions and offers an engaging example of the role of popular culture in illuminating the beliefs and practices of emerging religions Recognizing that outsiders as well as insiders have shaped the Rasta movement since its modest beginnings in Jamaica Middleton includes interviews with members of both groups including Ejay Khan Barbara Makeda Blake Hannah Geoffrey Philp Asante Amen Reggae Rajahs Benjamin Zephaniah Monica Haim Blakk Rasta Rocky Dawuni and Marvin D Sterling *Rastafaris* Darío Bermúdez, 2005-04 *Us / Them* , 2021-11-22 *You're History!* Michelle P. Brown, Richard J. Kelly, 2005-11-20 This book arose out of a challenge The challenge was made by Bob Geldof to the British academic and historian Michelle Brown Pop singers raise huge sums of money for Band Aid and touch the hearts of people from all walks of life But to give money can be an easy way out How does the so called intelligentsia respond with their minds not just their hearts and pockets to the appalling disparities in the conditions of members of the human race This a challenge that a number of notable and gifted people have responded to enthusiastically They range from John Simpson and Martin Bell to Former President Mary Robinson and the noted US feminist intellectual Charlotte Bunch Other noted authors include Sir David Ramsbothom Ricardo Navarro Founder of the Friends of the Earth and Simon Counsell Director of The Rainforest Foundation Ultimately the purpose of this book is to make people think and connect wires to encourage them to question their own place within the world to acknowledge personal and collective responsibility and to discuss a range of situations and issues that have been changed by individuals The book is also published to coincide with Britain s Presidency of the G8 and EU and their associated drive to focus on issues of global social justice through the newly established Commission for Africa The Oxford Encyclopedia of British Literature David Scott Kastan, 2006-03-03 From folk ballads to film scripts this new five volume encyclopedia covers the entire history of British literature from the seventh century to the present focusing on the writers and the major texts of what are now the United Kingdom and the Republic of Ireland In five hundred substantial essays written by major scholars the Encyclopedia of British Literature includes biographies of nearly four hundred individual authors and a hundred topical essays with detailed analyses of particular themes movements genres and institutions whose impact upon the writing or the reading of literature was significant An ideal companion to The Oxford Encyclopedia of American Literature this set will prove invaluable for students scholars and general readers For more information including a complete table of contents and

DAVID OLUSOGA I am delighted to see the relaunch of 100 Great Black Britons For too long the contribution of Britons of African and Caribbean heritage have been underestimated undervalued and overlooked SADIQ KHAN Mayor of London Patrick Vernon's landmark 100 Great Black Britons campaign of 2003 was one of the most successful movements to focus on the role of people of African and Caribbean descent in British history Frustrated by the widespread and continuing exclusion of the Black British community from the mainstream popular conception of Britishness despite Black people having lived in Britain for over a thousand years Vernon set up a public poll in which anyone could vote for the Black Briton they most admired The response to this campaign was incredible As a result a number of Black historical figures were included on the national school curriculum and had statues and memorials erected and blue plaques put up in their honour Mary Seacole was adopted by the Royal College of Nursing and was given the same status as Florence Nightingale Children and young people were finally being encouraged to feel pride in their history and a sense of belonging in Britain Now with this book Vernon and Osborne have relaunched the campaign with an updated list of names and accompanying portraits including new role models and previously little known historical figures Each entry explores in depth the individual's contribution to British history a contribution that too often has been either overlooked or dismissed In the wake of the 2018 Windrush scandal and against the backdrop of Brexit the rise of right wing populism and the continuing inequality faced by Black communities across the UK the need for this campaign is greater than ever
