important of twentieth century Irish women's fiction having undergone a significant reclamation and reappraisal in the 30 years since her death. Single and childfree for most of her life, Brennan eschewed the securities of family and home, experiencing an otherness that she shared with her fellow New Yorkers; many of them left, she wrote, hanging on to a city half capsized, most of them still able to laugh as they cling to the island that is their life's predicament. It is a suitably ambiguous expression for a writer who cultivated an interstitial existence whose stories inhere within a dream cycle of reiterative pasts and whose works augment and elevate the canon of radical Irish fiction.

A Companion Guide to Architecture in Ireland, 1837-1921 Jeremy Williams, 1994 Drawing together the history of Victorian architecture in Ireland, this book is a gazetteer in the traditional sense: a list of entries for individual buildings on a country-by-country basis, heavily illustrated and prefaced by useful maps. The index at the back contains a valuable list of Irish Victorian architects and their works. The entries cover all types of buildings, large and small, and reveal an encyclopaedic knowledge of Ireland.

Dublin's Bourgeois Homes Susan Galavan, 2017-04-28 In 1859, Dubliners strolling along country roads witnessed something new emerging from the green fields. The Victorian house had arrived: wide red brick structures stood back behind manicured front lawns. Over the next forty years, an estimated 35,000 of these homes were constructed in the fields surrounding the city. The most elaborate were built for Dublin's upper middle classes, distinguished by their granite staircases and decorative entrances. Today they are some of the Irish capital's most highly valued structures and are protected under strict conservation laws. Dublin's Bourgeois Homes is the first in-depth analysis of the city's upper middle class houses. Focusing on the work of three entrepreneurial developers, Susan Galavan follows in their footsteps as they speculated in house building, signing leases, acquiring plots, and sourcing bricks and mortar. She analyses a select range of homes in three different districts: Ballsbridge, Rathgar, and Kingstown (now Dun Laoghaire), exploring their architectural characteristics from external form to plan type and detailing of materials. Using measured surveys, photographs, and contemporary drawings and maps, she shows how house design evolved over time as bay windows pushed through facades and new lines of coloured brick were introduced. Taking the reader behind the facade into the interiors, she shows how domestic space reflected the lifestyle and aspirations of the Victorian middle classes. This analysis of the planning, design, and execution of Dublin's bourgeois homes is an original contribution to the history of an important city in the British Empire.

Rathmines Style Book Rice, **Screen Style** Marnie Fogg, 2023-09-14 *Screen Style* celebrates the beautiful, stylish, and often covetable outfits and costumes featured in 50 iconic and diverse series of the small screen, from *Mad Men* to *Call My Agent*, *Bridgerton* to *Empire*. By organising the series into genres—Comedy, Coming of Age, Crime, Historical, Retro, Contemporary—the author shows how designers take different approaches when manipulating the latent power of dress to create convincing characters and enhance the experience of the viewer. She reveals how the characters themselves can become role models for what to wear, transforming actors into fashion influencers. The book is beautifully illustrated with over 250 screen stills, each accompanied by an extended caption, further
