Children as an allegory of history as a Bildungsroman and psychological study of a burgeoning national consciousness and as a representation of the nation He shows that the hybridity of Rushdie s fictional India is not created by different elements forming a whole but by the relationship among them Self Nation Text in Salman Rushdie s Midnight s Children also makes an original argument about how nation states are imagined and how national consciousness is formed in the citizen The protagonist Saleem Sinai heroically identifies himself with the state but this identification is beaten out of him until in the end he sees himself as the Common Man at the mercy of the state Ten Kortenaar reveals Rushdie s India to be more self conscious than many communal identities based on language it is an India haunted by a dark twin called Pakistan a nation in the way England is a nation but imagined against England Mistrusting the openness of Tagore s Hindu India it is both cosmopolitan and a specific subjective location
