Rite Of The Damned:

The Legend of Miaoshan Glen Dudbridge, 2004-02-19 In Chinese legend the princess Miaoshan defied her father by refusing to marry and pursued her austere religious vocation to the death but returned to life to be his saviour and the saviour of all mankind The story is inseparable from the female bodhisattva Guanyin whose cult dominated religious life at all levels in traditional China and is still powerful in rural China today Miaoshan herself became a lasting symbol of the tension in women's lives between individual spiritual fulfilment and the imperatives of family duty The previous edition of this book was the first full monograph on the subject It deals with the story's background early history and more developed later versions bringing much of this material to the attention of modern readers for the first time It analyses the basic sources many of them in Buddhist scripture and the overall pattern of development It finally offers a range of interpretations which discover here myths of religious celibacy of filial piety and of ritual salvation of the dead The legend of Miaoshan spans the uncertain boundaries between Chinese popular literature theatre and religion and this book directly addresses students of those fields But it holds a larger significance for those interested in the position of women in traditional society and students of comparative literature and folklore will find here a version of the King Lear story This new edition takes account of epigraphical evidence discovered and accessed since the time of first publication which enriches and refines the discussion This and other additional evidence introduced for the sake of a more complete picture leave the argument and conclusions of the original study still essentially intact

William J. Courtenay,2018-12-30 In his fascinating new book based on the Conway Lectures he delivered at Notre Dame in 2016 William Courtenay examines aspects of the religious life of one medieval institution the University of Paris in the thirteenth and fourteenth centuries In place of the traditional account of teaching programs and curriculum however the focus here is on religious observances and the important role that prayers for the dead played in the daily life of masters and students Courtenay examines the university as a consortium of sub units in which the academic and religious life of its members took place and in which prayers for the dead were a major element Throughout the book Courtenay highlights reverence for the dead which preserved their memory and was believed to reduce the time in purgatory for deceased colleagues and for founders of and donors to colleges The book also explores the advantages for poor scholars of belonging to a confraternal institution that provided benefits to all members regardless of social background the areas in which women contributed to the university community including the founding of colleges and the growth of Marian piety seeking her blessing as patron of scholarship and as protector of scholars Courtenay looks at attempts to offset the inequality between the status of masters and students rich and poor and college founders and fellows in observances concerned with death as well as rewards and punishments in the afterlife Rituals for the Dead is the first book length study of religious life and remembrances for the dead at the medieval University of Paris Scholars of medieval history will be an eager audience for this title

Pygmalion's Power Thomas E. A. Dale, 2020-01-29 Pushed to the height of its illusionistic powers during the first centuries of the Roman Empire sculpture was largely abandoned with the ascendancy of Christianity as the apparent animation of the material image and practices associated with sculpture were considered both superstitious and idolatrous In *Pygmalion's Power* Thomas E A Dale argues that the reintroduction of architectural sculpture after a hiatus of some seven hundred years arose with the particular goal of engaging the senses in a Christian religious experience Since the term Romanesque was coined in the nineteenth century the reintroduction of stone sculpture around the mid eleventh century has been explained as a revivalist phenomenon one predicated on the desire to claim the authority of ancient Rome In this study Dale proposes an alternative theory Covering a broad range of sculpture types including autonomous cult statuary in wood and metal funerary sculpture architectural sculpture and portraiture Dale shows how the revitalized art form was part of a broader shift in emphasis toward spiritual embodiment and affective piety during the late eleventh and twelfth centuries Adding fresh insight to scholarship on the Romanesque *Pygmalion's Power* borrows from trends in cultural anthropology to demonstrate the power and potential of these sculptures to produce emotional effects that made them an important sensory part of the religious culture of the era

The Making of a Savior Bodhisattva Shi Zhiru, 2007-08-14 In modern Chinese Buddhism Dizang is especially popular as the sovereign of the underworld Often represented as a monk wearing a royal crown Dizang helps the deceased faithful navigate the complex underworld bureaucracy avert the punitive terrors of hell and arrive at the happy realm of rebirth The author is concerned with the formative period of this important Buddhist deity before his underworldly aspect eclipses his connections to other religious expressions and at a time when the art mythology practices and texts of his cult were still replete with possibilities She begins by problematizing the reigning model of Dizang one that proposes an evolution of gradual sinicization and increasing vulgarization of a relatively unknown Indian bodhisattva Ksitigarbha into a Chinese deity of the underworld Such a model the author argues obscures the many faceted personality and iconography of Dizang Rejecting it she deploys a broad array of materials art epigraphy ritual texts scripture and narrative literature to recomplexify Dizang and restore as much as possible from the fragmented historical sources what this figure meant to Chinese Buddhists from the sixth to tenth centuries Rather than privilege any one genre of evidence the author treats both material artifacts and literary works canonical and noncanonical sources Adopting an

archaeological approach she excavates motifs from and finds resonances across disparate genres to paint a vibrant detailed picture of the medieval Dizang cult Through her analysis the cult far from being an isolated phenomenon is revealed as integrally woven into the entire fabric of Chinese Buddhism functioning as a kaleidoscopic lens encompassing a multivalent religio cultural assimilation that resists the usual bifurcation of doctrine and practice or elite and popular religion The Making of a Savior Bodhisattva presents a fascinating wealth of material on the personality iconography and lore associated with the medieval Dizang It elucidates the complex cultural religious and social forces shaping the florescence of this savior cult in Tang China while simultaneously addressing several broader theoretical issues that have preoccupied the field Zhiru not only questions the use of sinicization as a lens through which to view Chinese Buddhist history she also brings both canonical and noncanonical literature into dialogue with a body of archaeological remains that has been ignored in the study of East Asian Buddhism

Ritual in Early Modern Europe Edward Muir, 2005-08-18 The comprehensive 2005 study of rituals in early modern Europe argues that between about 1400 and 1700 a revolution in ritual theory took place that utterly transformed concepts about time the body and the presence of spiritual forces in the world Edward Muir draws on extensive historical research to emphasize the persistence of traditional Christian ritual practices even as educated elites attempted to privilege reason over passion textual interpretation over ritual action and moral rectitude over gaining access to supernatural powers Edward Muir discusses wide ranging themes such as rites of passage carnivalesque festivity the rise of manners Protestant and Catholic Reformations the alleged anti Christian rituals of Jews and witches This edition examines the impact on the European understanding of ritual from the discoveries of new civilizations in the Americas and missionary efforts in China and adds more material about rituals peculiar to women

The Daēva Cult in the Gāthās Amir Ahmadi, 2015-04-10 Addressing the question of the origins of the Zoroastrian religion this book argues that the intransigent opposition to the cult of the da vās the ancient Indo Iranian gods is the root of the development of the two central doctrines of Zoroastrianism cosmic dualism and eschatology fate of the soul after death and its passage to the other world The da va cult as it appears in the G th s the oldest part of the Zoroastrian sacred text the

Avesta had eschatological pretensions The poet of the G th s condemns these as deception The book critically examines various theories put forward since the 19th century to account for the condemnation of the da vas It then turns to the relevant G thic passages and analyzes them in detail in order to give a picture of the cult and the reasons for its repudiation Finally it examines materials from other sources especially the Greek accounts of Iranian ritual lore mainly in the context of the mystery cults Classical Greek writers consistently associate the nocturnal ceremony of the magi with the mysteries as belonging to the same religious cultural category This shows that Iranian religious lore included a nocturnal rite that aimed at ensuring the soul s journey to the beyond and a desirable afterlife Challenging the prevalent scholarship of the Greek interpretation of Iranian religious lore and proposing a new analysis of the formation of the Hellenistic concept of magic this book is an important resource for students and scholars of History Religion and Iranian Studies *Rite of the Damned* Louise Osborne,1977 Gothic HR: The Severance Rites Handbook Monday Rain,The Yes of Silence,2025-05-19 Gothic HR The Severance Rites Handbook This isn t just quitting It s a ritual Gothic HR The Severance Rites Handbook is a ceremonial field guide for the emotionally overqualified and the professionally undone Written in velvet and vengeance it offers a poetic rebellion against burnout corporate absurdity and the quiet grief of staying too long Inside this handbook you ll find resignation rituals unholy HR decrees glamour infused grievance spells and sacred instructions for exiting the workplace with the dignity of a cursed monarch It s part manual part myth entirely too elegant for LinkedIn and just honest enough to be dangerous Whether you ve been spiritually laid off for years or are preparing to ghost your boss with grace this book hands you the quill and says Make it hurt Make it art For anyone who s ever Drafted a resignation email like a love letter written in flame Stared into the copier and whispered This is not my fate Wanted to leave not quietly but mythically Gothic HR is your mirror your ritual your exorcism It doesn t offer advice It offers closure Because severance isn t just about compensation it s about transformation You re not lazy You re just cursed And this handbook gets it **The Art of Death. last 40 years our vision of Chinese culture and history has been transformed by the discovery of the role of religion in Chinese state making and in local society The Daoist religion in particular long despised as superstitious has recovered its place as the native higher religion But while the Chinese state tried from the fifth century on to construct an orthodoxy based on Confucianism Daoism and Buddhism local society everywhere carved out for itself its own geomantically defined space and organized itself around local festivals in honor of gods of its own choosing gods who were often invented and then represented by illiterate mediums Looking at China from the point of view of elite or popular culture therefore produces very different results John Lagerwey has done extensive fieldwork on local society and its festivals This book represents a first attempt to use this new research to integrate top down and bottom up views of Chinese society culture and history It should be of interest to a wide range of China specialists students of religion and popular culture as well as participants in the ongoing interdisciplinary dialogue between historians and anthropologists John Lagerwey is professor of Daoist history at the cole Pratique des Hautes tudes and of Chinese studies at the Chinese University of Hong Kong He is author of Taoist Ritual in Chinese Society and History and editor of the 30 volume Traditional Hakka Society Series as well as the recently published four volume set Early Chinese Religion [Doxology Volume 32.2](#) Shelby Olive, Daniel Benedict, Mary Heinrich, Evelyn Underhill, Diane Owen Jordan, Nancy Smith, Carl Peterson, Heather Josselyn-Cranson, Doxology a journal of worship and the sacramental life Volume 32 2 Pentecost 2021 Founded in 1984 Doxology a journal of worship and the sacramental life is a quarterly peer reviewed journal published by the Order of Saint Luke OSL Publications It focuses on emerging and historical theologies and practices of Christian worship Print distribution is to the members of the Order globally as well as to a number of theology departments and seminary libraries in the United States Doxology also continues the tradition of the journal Sacramental Life which merged with Doxology in 2020 **The Tradition of Household Spirits** Claude Lecouteux, 2013-07-21 Examines how the ancient customs of constructing and keeping a house formed a sacred bond between homes and their inhabitants Shares many tales of house spirits from cajoling the local land spirit into becoming one s house spirit to the good and bad luck bestowed by mischievous house elves Explains the meaning behind door and window placement house orientation horsehead gables the fireplace or hearth and the threshold Reveals the charms chants prayers and building practices used by our ancestors to bestow happiness and prosperity upon their homes and their occupants Why do we hang horseshoes for good luck or place wreaths on our doors Why does the groom carry his new bride over the threshold These customs represent the last vestiges from a long rich history of honoring the spirits of our homes They show that a house is more than a building it is a living being with a body and soul Examining the extensive traditions surrounding houses from medieval times to the present Claude Lecouteux reveals that before we entered the current era of frequent moves and modular housing moving largely from the countryside into cities humanity had an extremely sacred relationship with their homes and all the spirits who lived there alongside them from the spirit of the house itself to the mischievous elves

fairies and imps who visited invited or not He shows how every aspect of constructing and keeping a house involved rites ceremony customs and taboos to appease the spirits including the choice of a building lot and the very materials with which it was built Uncovering the lost meaning behind door and window placement the hearth and the threshold Lecouteux shares many tales of house spirits from the offerings used to cajole the local land spirit into becoming the domestic house spirit to the good and bad luck bestowed upon those who seek the help of the Little Money Man He draws on studies and classic literature from old Europe from Celtic lands and Scandinavia to France and Germany to the far eastern borders of Europe and into Russia to explain the pagan roots behind many of these traditions Revealing our ancestors charms prayers and practices to bestow happiness and prosperity upon their homes Lecouteux shows that we can invite the spirits back into our houses old or new and restore the sacred bond between home and inhabitant
