Seamus Heaney Poet And Critic Irish Studies Vol 3:

Seamus Heaney Arthur E. McGuinness,1994 Seamus Heaney has had a distinguished career as a poet and a critic His eighth volume of poetry *Seeing Things* appeared in 1991 Other major volumes of poetry have included *Death of a Naturalist* *North Field Work* and *Station Island* His critical writings have been collected in *Preoccupations* *The Government of the Tongue* and *The Place of Writing* Heaney seems to be a poet in mid career moving away from an earth centered poetry confident of its connections to a more problematic region where the poet becomes an uncertain pilgrim As a critic Heaney has high expectations for his own poetry and for that of other poets he admires such as Lowell Auden Plath Kavanagh and Larkin For Heaney the most significant poets are those who have constantly challenged themselves to write ethical lyrics His own poetry responds to a similar challenge Seamus Heaney J. Hall,A. Crowder,2007-04-25 This volume of twelve essays aims to comprehensively represent the abundance and variety of both Heaney s writing and scholarship on Heaney s writing Attention is given not only to his poetry but also to his translations and his prose The essays foreground his internationalism and the complementary international interest in his writing *Seamus Heaney* M. Parker,1994-10-12 Provides an account of Seamus Heaney s early life and the experiences influences and relationships personal literary and political that shaped his poetic development The book includes photographs interviews and commentary on unpublished poems and drafts

Murphy,2022-07-18 *Austerity and Irish Women s Writing and Culture 1980 2020* focuses on the under represented relationship between austerity and Irish women s writing across the last four decades Taking a wide focus across cultural mediums this collection of essays from leading scholars in Irish studies considers how economic policies impacted on and are represented in Irish women s writing during critical junctures in recent Irish history Through an investigation of cultural production north and south of the border this collection analyses women s writing using a multimedial approach through four distinct lenses austerity feminism and conflict arts and austerity race and austerity and spaces of austerity This collection asks two questions what sort of cultural output does austerity produce And if the effects of austerity are gendered then what are the gender specific responses to financial insecurity both national and domestic By investigating how austerity is treated in women s writing and culture from 1980 to 2020 this collection provides a much needed analysis of the gendered experience of economic crisis and specifically of Ireland s consistent relationship with cycles of boom and bust Thirteen chapters which focus on fiction drama poetry women s life writing and women s

cultural contributions examine these questions This volume takes the reader on a journey across decades and forms as a means of interrogating the growth of the economic divide between the rich and the poor since the 1980s through the voices of Irish women

Seamus Heaney's Mythmaking Ian Hickey, Ellen Howley, 2023-04-28 Seamus Heaney's *Mythmaking* examines Seamus Heaney's poetic engagement with myth from his earliest work to the posthumous publication of *Aeneid* Book VI The essays explore the ways in which Heaney creates his own mythic outlook through multiple mythic lenses They reveal how Heaney adopts a demiurgic role throughout his career creating a poetic universe that draws on diverse mythic cycles from Greco Roman to Irish and Norse to Native American In doing so this collection is in dialogue with recent work on Heaney's engagement with myth However it is unique in its wide ranging perspective extending beyond Ancient and Classical influences In its focus on Heaney's personal metamorphosis of several mythic cycles this collection reveals more fully the poet's unique approach to mythmaking from his engagement with the act of translation to transnational influences on his work and from his poetic transformations to the poetry's boundary crossing transitions Combining the work of established Heaney scholars with the perspectives of early career researchers this collection contains a wealth of original scholarship that reveals Heaney's expansive mythic mind *Mythmaking* an act for which Heaney has faced severe criticism is reconsidered by all contributors prompting multifaceted and nuanced readings of the poet's work

Haunted Heaney Ian Hickey, 2021-07-29 *Haunted Heaney Spectres and the Poetry* looks at the ghosts and spectres present within the poetry of the Nobel Prize winning poet Seamus Heaney Covering Heaney's work from his first collection *Death of a Naturalist* to his final collection *Human Chain* this volume analyses Heaney's poetry through the lens of hauntology as presented by Jacques Derrida in *Specters of Marx* This book presents spectres and ghosts not in the conventional sense as purely supernatural physical manifestations haunting a place but instead as having a non physical presence In this sense past cultures societies texts poets and memories are examined as having a spectral influence on Heaney's writing His work is indebted to hauntedness as the past in all its forms sutures itself within the present of his thinking and writing and our reading of the poetry Topics for discussion include the Norse spectres in the early poetry British colonialism and its haunting influence on the poet a renewed look at the bog poems as being influenced by the spectral the classical influence of Virgil and Dante and a reading of *Route 110* that incorporates the major instances of Heaney's career into a singular poem The book also incorporates Heaney's prose work and interviews into the discussion and uses these works as a metacommentary to the poetry offering a deeper insight into the mind of one of Ireland's greatest writers

The Art of the Caveman

John Mc Donagh, 2016-09-23 The first monograph on the poetry of Paul Durcan this book deals thematically with the dominant concerns evident from his first solo collection O Westport in the Light of Asia Minor published in 1975 up to and including The Days of Surprise published in 2015 His work is marked by an unnerving emotional honesty and a recurring desire to undermine the pomposity of an Ireland struggling under the weight of inherited inconsistencies One of the central arguments here is that Durcan has captured more than any other poet of his generation the complexities and contradictions inherent in Ireland's emergence from the early difficult decades of independence The complex relationship between the public and private in his poetry is also explored as well as the poet's unflinching examination of his deepest personal relationships

The Revelation of Ireland

Diarmaid Ferriter, 2024-09-05 THE NUMBER 1 IRISH TIMES BESTSELLER SHORTLISTED FOR THE IRISH BOOK AWARDS HISTORY BOOK OF THE YEAR 2024 An Irish Times Book of the Year 2024 Ireland is a strikingly different country now to the one it was in the mid 1990s Dramatic economic social and cultural changes including the Celtic Tiger boom and increasingly secular debate about abortion the status of women and same sex marriage underlined the scale of the transformation The new diversity of the population and

literary and musical prowess also revealed a country experiencing rapid alteration The road to peace that saw an end to war in Northern Ireland and culminated in the first visit to southern Ireland of a reigning British monarch in 100 years illuminated the new Anglo Irish dynamic Explosive revelations about deep betrayals from the past destroyed the credibility of the traditionally powerful Catholic Church And in the wake of the 2008 financial crash Ireland rebounded and rebuilt to great success but remained plagued by health and housing failures Economic recovery the end of civil war politics ever closer European involvement and Anglo Irish highs were followed by Brexit lows and increasing talk of Irish unity There is much to open people s eyes in this riveting account of contemporary Ireland As the Republic enters its second century of independence and the North continues to grapple with the legacy of the Troubles Diarmaid Ferriter makes historical sense of post 1990s Ireland and what lies in the darkest corners of its archives **This Strange Loneliness** Peter Mackay,2021-04-15 This Strange Loneliness is the first comprehensive account of the poetic relationship between Seamus Heaney and William Wordsworth Peter Mackay explores how Heaney repeatedly turns to the Romantic poet s work for inspiration corroboration and amplification and as a model for the fortifying power of poetry itself which offers the fundamental lesson that it is on this earth we find our happiness or not at all Through an in depth look at archival materials and at uncollected poems and prose by Heaney Mackay traces the evolution of Heaney s readings of Wordsworth throughout his career revealing their shared interest in the connections between poetry and education the possibility of a beneficial understanding of poetic influence the complexities of place and displacement ideas of transcendence and ultimately the importance of late style later poems by Wordsworth might prove a cautionary tale as well as example for any poet Placing Heaney s readings within their political historical and poetic contexts the book also explores how he negotiated the complex relationship between Irish and British culture and identity to claim a persistent form of kinship and forge a strange community with the Romantic poet With illuminating readings that reveal new contexts to and currents in Heaney s work This Strange Loneliness is a powerful evocation of the Irish poet s sense of the uplift that poetry can provide **Affecting Irishness** Padraig Kirwan,Michael O'Sullivan,2009 The writers in this text seek to reconcile the established critical perspectives of Irish studies with a forward looking critical momentum that incorporates the realities of globalisation and economic migration **The Poetry of Bloody Sunday** Kübra Özermiş,2025-09-29 As a turning point that changed the course of the Troubles the Bloody Sunday massacre continues to define ongoing debates about the legacy of the Troubles and the impact of state violence Bloody Sunday has been at the centre of numerous cultural and literary expressions which deal with the grief and trauma of the massacre such as murals songs plays and poetry This volume is the first comprehensive study of the poetry of Bloody Sunday written by critically acclaimed Irish poets including Seamus Heaney Paul Muldoon Thomas Kinsella Seamus Deane and Medbh McGuckian By focusing on poems written between 1972 and 2015 this book examines each poet s attempt to find an apt way of articulating the anger trauma and grief over the massacre with most of the poets continuously returning to the shooting in

their poetry throughout their careers The monograph outlines how in the face of adversity the poets draw on old Irish literary traditions such as Gaelic laments and Aisling poetry which offer an indigenous anti colonial and counter hegemonic response to a massacre that was experienced as a colonial aggression It also discusses the complex relationship between poetry and politics and the negotiation between aesthetic freedom and the moral obligation to write about Bloody Sunday
